Night of the Living Dead Joe Kane, 2010 Presents a behind the scenes look at George A Romero s classic horror movie with never before seen photographs special effects secrets and interviews with the cast and crew Night of the Living Dead Ben Hervey, 2020-10-01 George A Romero s Night of the Living Dead is a cult classic that has resonated with audiences and independent filmmakers ever since its release in 1968 It redefined horror cinema and launched the modern zombie genre that continues with films and series like 28 Days Later Shaun of the Dead and The Walking Dead Ben Hervey s illuminating study of the movie traces Night s influences from Powell and Pressburger to fifties horror comics and provides the first history of its reception Hervey argues that the film broke cultural barriers f ted at New York s Museum of Modern Art while it was still packing 42nd Street grindhouses Scene by scene analysis meshes with detailed historical contexts showing why Night was a new kind of horror film the expression of a generation who didn t want their world to return to normal Night of the Living Dead Lori Allen Ohm, 2003 Gospel of the Living Dead Kim Paffenroth, 2006 This volume connects American social and religious views with the classic American movie genre of the zombie horror film This study proves that George Romero s films go beyond the surface experience of repulsion to probe deeper questions of human nature and purpose often giving a chilling and darkly humorous critique of modern secular America The Zombie Movie Encyclopedia Peter Dendle, 2011-01-12 Zombies are cautionary forms of humankind s most universally cherished ideal life after death Ragged ill spoken rotting zombies or the post dead seem socially awkward beside the more popular and aristocratic undead like Count Dracula The humble zombie remains for the most part unappreciated and unacknowledged until now The first exhaustive historical overview of zombie films this book s lengthy entries evaluate more than 200 movies from 16 countries over a 65 year period from the early 1930s to the late 1990s It covers everything from large studio films to backyard videography and touches on memorable television episodes and miscellaneous shorts An introduction traces the evolution of the genre and interprets the broader significance of the zombie in contemporary Western mythology *Night of the Living Dead Christian* Matt Mikalatos, 2011-09-16 What does a transformed life actually look like In his follow up to the critically acclaimed Imaginary Jesus Matt Mikalatos tackles this question in an entertaining and thought provoking way with MONSTERS While Christians claim to experience Christ s resurrection power we sometimes act like werewolves who can t control our base desires Or zombies experiencing a resurrection that is 90 percent shambling death and 10 percent life Or vampires satiating ourselves at the expense of others But through it all we long to stop being monsters and become truly human the way Christ intended We just can t seem to figure out how Night of the Living Dead Christian is the story of Luther a werewolf on the run whose inner beast has driven him dangerously close to losing everything that matters Desperate to conquer his dark side Luther joins forces with Matt to find someone who can help Yet their time is running out A powerful and mysterious man is on their trail determined to kill the wolf at all costs By turns hilarious and heartbreaking Night of the

**Sixties Shockers** Mark Clark, Bryan Senn, 2025-03-06 This comprehensive filmography provides critical analyses and behind the scenes stories for 600 horror science fiction and fantasy films from the 1960s During those tumultuous years horror cinema flourished proving as innovative and unpredictable as the decade itself Representative titles include Night of the Living Dead The Haunting Carnival of Souls Repulsion The Masque of the Red Death Targets and The Conqueror Worm An historical overview chronicles the explosive growth of horror films during this era as well as the emergence of such dynamic directorial talents as Roman Polanski George Romero Francis Ford Coppola and Peter Bogdanovich *The Complete Misfits Discography* Robert Michael "Bobb" Cotter, 2019-09-06 A pioneering horror punk band the Misfits are legends in their own time This discography tells the story of the band in all of its incarnations through all of their recorded output both official and unauthorized releases Discographies are provided for both present and former members solo projects and bands along with a wealth of rare record sleeves photos and vintage posters documenting the evolution of the band and the brand Living with the Living Dead Greg Garrett, 2017 In Living with the Living Dead Greg Garrett shows that the zombie apocalypse has become an archetypal narrative for the contemporary world in part because zombies can represent a variety of global threats from terrorism to Ebola from economic uncertainty to mental illness But paradoxically this narrative also offers human beings a chance to find emotional and spiritual comfort these apocalyptic stories about individuals facing the imminent prospect of grisly death also offer us wisdom about living in community present us with real world ethical problems and invite us into a conversation about what it means to survive *Raising the Dead* Adam Charles Hart, 2024 George A Romero never intended to become a master of horror but Night of the Living Dead made him a legend of the genre Raising the Dead dives into the expansive extraordinary body of work found in Romero's archive going beyond his iconic zombie movies into a deep and varied collection of writings that never made it to the big screen From the early 1960s until his death in 2017 Romero was a hugely prolific writer producing scripts in every conceivable genre from arty medieval

allegories to wacky comedies to grand scale science fiction epics Though he had difficulty funding non horror projects he continued to write in whatever mode his imagination dictated and he rarely abandoned his ideas Themes story ideas and even characters were re purposed for new scripts evolving and transforming with each new iteration and sometimes finding a home in a horror film But in order to accommodate ideas that began in such different contexts Romero would have to change the horror genre itself a zombie movie could become a savage satire of consumerism or an excoriating critique of militaristic or capitalist hierarchies The horror genre became what Romero made of it Based on years of archival research the book moves between unfilmed scripts and familiar classics showing the remarkable scope and range of Romero s interests and the full extent of his genius *Raising the Dead* is a testament to an extraordinarily productive and inventive artist who never let the restrictions of the film industry limit his imagination
