Vincent Van Gogh, the Complete Paintings Ingo F. Walther, 1993 *Van Gogh's Finale* Martin Bailey, 2024-10-17 A captivating and definitive account of the final days of Van Gogh's life and the incredible story of what followed. Divided into three parts, the book first examines the eventful days from the artist's departure from the asylum in Saint Remy and arrival in Auvers until the shooting which brought his life to an end. During this time, Van Gogh completed 70 paintings in 70 days. The second part delves deeper into the story of the artist's death, which has intrigued both experts and the public for years, revealing little-known stories and uncovering overlooked accounts. We then follow the story of how Van Gogh subsequently rose from relative obscurity to international renown and ultimately fame as one of the most recognisable and popular artists in the world. Leading Van Gogh specialist Martin Bailey writes with insight and intelligence, bringing these fateful days to life with colour and character, as well as historical expertise, capturing the real sense of a tragic but meaningful life truly lived.

Van Gogh's Gardens Derek Fell, 2001-04-12 Of the passions driving Vincent Van Gogh's extraordinary art, one of the greatest was his abiding preoccupation with flowers, gardens, and the natural landscape. Living in poverty, however, he was never able to translate the breathtaking visions on his canvas into an actual garden. Now, thanks to Derek Fell's marvellous images, insightful writing, and reverent adherence to Van Gogh's original botanical ideas, Van Gogh's gardens have finally come to brilliant life. Drawing inspiration from his dazzling paintings of sunflowers, irises, and Provencal landscapes, as well as from the eloquent letters he wrote to his brother and sister about colour harmonies and planting ideas, Fell has lovingly created and photographed the living embodiment of Van Gogh's singular reflections on colour and nature. More than 130 original colour photographs show the roots of his ideas in the French landscape today and reveal exactly how those ideas will look in our own backyards, including contemporary gardens that embrace such unconventional Van Gogh-inspired pairings as geraniums with poppies and heliotrope with roses. The book also showcases twenty of the master's most stunning paintings of landscapes and flowers.
