The Concept Of A Legal System An Introduction To The Theory Of Legal System

W.E. Conklin

The Concept Of A Legal System An Introduction To The Theory Of Legal System:

The Continuity of Legal Systems in Theory and Practice Benjamin Spagnolo, 2015-10-22 The Continuity of Legal Systems in Theory and Practice examines a persistent and fascinating question about the continuity of legal systems when is a legal system existing at one time the same legal system that exists at another time The book s distinctive approach to this question is to combine abstract critical analysis of two of the most developed theories of legal systems those of Hans Kelsen and Joseph Raz with an evaluation of their capacity in practice to explain the facts attitudes and normative standards for which they purport to account That evaluation is undertaken by reference to Australian constitutional law and history whose diverse and complex phenomena make it particularly apt for evaluating the theories explanatory power In testing whether the depiction of Australian law presented by each theory achieves an adequate fit with historical facts the book also contributes to the understanding of Australian law and legal systems between 1788 and 2001 By collating the relevant Australian materials systematically for the first time it presents the case for reconceptualising the role of Imperial laws and institutions during the late nineteenth and early twentieth centuries and clarifies the interrelationship between Colonial State Commonwealth and Imperial legal systems both before and after Federation **The concept of a legal system** ,1990

God and the Secular Legal System Rafael Domingo, 2016-09-29 This timely book offers a theistic approach to secular legal systems and demonstrates that these systems are neither agnostic nor atheist Critical but succinct in its approach this book focuses on an extensive range of liberal legal approaches to religious and moral issues and subjects them to critical scrutiny from a secular perspective Expertly written by a leading scholar the author offers a rare combination of profundity of ideas and simplicity of expression It is a ringing defense of the theistic conception of secular legal systems and an uncompromising attack on the agnostic and atheist conception *The Idea of a Pure Theory of Law* Christoph Kletzer, 2018-01-25 Most contemporary legal philosophers tend to take force to be an accessory to the law According to this prevalent view the law primarily consists of a series of demands made on us force conversely comes into play only when these demands fail to be satisfied This book claims that this model should be jettisoned in favour of a radically different one according to the proposed view force is not an accessory to the law but rather its attribute The law is not simply a set of rules incidentally guaranteed by force but it should be understood as essentially rules about force The book explores in detail the nature of this claim and develops its corollaries It then provides an overview of the contemporary jurisprudential debates relating to force and violence and defends its claims against well known counter arguments by Hart Raz and others This book offers an innovative insight into the concept of Pure Theory In contrast to what was claimed by Hans Kelsen the most eminent contributor to this theory the author argues that the core insight of the Pure Theory is not to be found in the concept of a basic norm or in the supposed absence of a conceptual relation between law and morality but rather in the fundamental and comprehensive reformulation of how to model the functioning of the law intended as an ordering of force and violence

The Concept of an International Organization in International Law Lorenzo Gasbarri, 2021 The aim of this series is to publish important and original pieces of research on all aspects of international law Topics that are given particular prominence are those which while of interest to the academic Lawyer also have important bearing on issues which touch the actual conduct of international relations Nonetheless the series is wide in scope and includes monographs on the history and philosophical foundations of international law Book jacket

A Three-Dimensional Theory of Law María José Falcon y Tella, 2010-04-27 What this book intends to do is to study three dimensionalism the distinction values norms facts not in what could be called its historical dimension but in its substantive aspect as a form that when applied to different legal themes would add a material content to the three dimensional theory We can point out as a study plan the distinction between three perspectives Those of the legal norm of the legal order and the legal relationship Three dimensionalism also appears in this work when one analyzes the three phases of the life of the law The formation the interpretation and the application and in the distinction between the three characteristics of the legal order Fullness coherence and unity the theory of legal validity intended as legitimacy as validity strictly speaking or as effectiveness

The Oxford Handbook of Global Legal Pluralism Paul Schiff Berman, 2020-06-01 Over the past two decades Global Legal Pluralism has become one of the leading analytical frameworks for understanding and conceptualizing law in the 21st century Wherever one looks there is conflict among multiple legal regimes Some of these regimes are state based some are built and maintained by non state actors some fall within the purview of local authorities and jurisdictional entities and some involve international courts tribunals and arbitral bodies and regulatory organizations Global Legal Pluralism has provided first and foremost a set of useful analytical tools for describing this conflict among legal and quasi legal systems At the same time some pluralists have also ventured in a more normative direction suggesting that legal systems might sometimes purposely create legal procedures institutions and practices that encourage interaction among multiple communities These scholars argue that pluralist approaches can help foster more shared participation in the practices of law more dialogue across difference and more respect for diversity without requiring assimilation and uniformity Despite the veritable explosion of scholarly work on legal pluralism conflicts of law soft law global constitutionalism the relationships among relative authorities transnational migration and the fragmentation and reinforcement of territorial boundaries no single work has sought to bring together these various scholarly strands place them into dialogue with each other or connect them with the foundational legal pluralism research produced by historians anthropologists and political theorists Paul Schiff Berman one of the world's leading theorists of Global Legal Pluralism has gathered over 40 diverse authors from multiple countries and multiple scholarly disciplines to touch on nearly every area of legal pluralism research offering defenses critiques and applications of legal pluralism to 21st century legal analysis Berman also provides introductions to every part of the book helping to frame the various approaches and perspectives The result is the first comprehensive review of Global Legal Pluralism scholarship ever produced This book

will be a must have for scholars and students seeking to understand the insights of legal pluralism to contemporary debates about law At the same time this volume will help energize and engage the field of Global Legal Pluralism and push this scholarly trajectory forward into another two decades of innovation

The Invisible Origins of Legal Positivism W.E. Conklin, 2012-12-06 Conklin's thesis is that the tradition of modern legal positivism beginning with Thomas Hobbes postulated different senses of the invisible as the authorising origin of humanly posited laws Conklin re-reads the tradition by privileging how the canons share a particular understanding of legal language as written Leading philosophers who have espoused the tenets of the tradition have assumed that legal language is written and that the authorising origin of humanly posited rules norms is inaccessible to the written legal language Conklin's re-reading of the tradition teases out how each of these leading philosophers has postulated that the authorising origin of humanly posited laws is an unanalysable externality to the written language of the legal structure As such the authorising origin of posited rules norms is inaccessible or invisible to their written language What is this authorising origin Different forms include an originary author an a priori concept and an immediacy of bonding between person and laws In each case the origin is unwritten in the sense of being inaccessible to the authoritative texts written by the officials of civil institutions of the sovereign state Conklin sets his thesis in the context of the legal theory of the polis and the pre polis of Greek tribes The author claims that the problem is that the tradition of legal positivism of a modern sovereign state excises the experiential or bodily meanings from the written language of the posited rules norms thereby forgetting the very pre legal authorising origin of the posited norms that each philosopher admits as offering the finality that legal reasoning demands if it is to be authoritative

[The Theory, Practice, and Interpretation of Customary International Law](#) Panos Merkouris, Jörg Kammerhofer, Noora Arajärvi, 2022-05-26 Although customary international law CIL has been central to international law from its inception it is often misunderstood This edited volume remedies that problem by tracing the history of CIL and provides an in depth study of its theory practice and interpretation Its chapters tackle the big questions which surround this source of international law such as what are the rules that regulate the functioning of CIL as a source of international law Can CIL be interpreted Where do lines between identification interpretation application and modification of a rule of CIL lie Using recent developments this volume revisits old debates and resolves them by proffering new and innovative solutions With detailed examples from international and national courts it places CIL in a range of settings to explain explore and reflect upon this developing and highly significant field This title is also available as Open Access on Cambridge Core

Deontic Logic and Legal Systems Pablo E. Navarro, Jorge L. Rodríguez, 2014-09-29 A considerable number of books and papers have analyzed normative concepts using new techniques developed by logicians however few have bridged the gap between the English legal culture and the Continental i.e. European and Latin American tradition in legal philosophy This book addresses this issue by offering an introductory study on the many possibilities that logical analysis offers the study of legal systems The volume is divided into

two sections the first covers the basic aspects of classical and deontic logic and its connections advancing an explanation of the most important topics of the discipline by comparing different systems of deontic logic and exploring some of the most important paradoxes in its domain The second section deals with the role of logic in the analysis of legal systems by discussing in what sense deontic logic and the logic of norm propositions are useful tools for a proper understanding of the systematic structure of law

New Constitutional Horizons Cormac Mac Amhlaigh,2022 This book examines the conceptual puzzles that multilevel pluralism poses for our constitutional theories It offers fresh perspectives by addressing the pluralism of norms and authorities from the viewpoint of legality and legitimacy proposing novel solutions for pluralizing constitutional theory in the light of multilevel governance

Canon Law John J. Coughlin,2011 Canon Law explores the canon law of the Roman Catholic Church from a comparative perspective The introduction to the book presents historical examples of antinomian and legalistic approaches to canon law

Japanese Legal System Dean,2002-02-14 Meryll Dean s superb new edition of Japanese Legal System provides a wide ranging and unique insight into the legal system of a country which is at the forefront of global development yet rarely examined by legal scholars It is a major contribution to the study of comparative law and through its multidisciplinary approach breaks new ground in providing a comprehensive text on the subject It draws on the author s first hand knowledge of Japan but is written for non Japanese speakers Through its approachable yet scholarly style the reader is introduced to the essentials of the legal system and guided through historical and cultural context from which they will be able to develop an informed critique The book covers the history structure and tradition of the Japanese legal system as well as providing an insight into areas of substantive law It contains extracts from diverse contemporary sources which together with the author s commentary guide the reader through the complexities of a different culture The use of multidisciplinary sources which are contextualised by the author make what would otherwise be inaccessible material available for comparative analysis This book may be used as a textbook for undergraduate and postgraduate courses It will be useful for those engaged in the study of history politics international relations and law as well as being of value to academics practitioners and those in business

Jurisprudence in the Mirror Luka Burazin,2024-08-30 There is something quite puzzling about the global conversation on jurisprudence On the one hand jurisprudence is supposed to deal with abstract questions concerning the nature structure and distinctive features of the law These questions are not tightly associated with or dependent on the particular legal practices in one jurisdiction or another But on the other hand it seems that jurisprudents are tacitly affected by their background institutional context there is an evident divide between theorizing about the law in the civil law world and in the common law world Jurisprudence in the Mirror The Common Law World Meets the Civil Law World systematically presents the major achievements of contemporary civil law jurisprudence to the common law world and bridges the gap in analytic jurisprudence as it is currently practiced in the two traditions The volume seeks to bring different voices to the table and overcome the cultural and linguistic divides

that have created barriers in philosophical exchanges The book's structure is dialogical it includes twelve essays written by prominent and influential jurists from the civil law world each followed by a response by a jurist from the common law world This approach highlights what the two worlds share where they part ways and why The varied contributions reveal how their respective legal traditions shape fundamental legal concepts and jurisprudential debates and will be invaluable to readers from both the civil and common law worlds

The Legal Philosophy and Influence of Jeremy Bentham Guillaume Tusseau, 2014-06-20 Gathering together an impressive array of legal scholars from around the world this book features essays on Jeremy Bentham's major legal theoretical treatise *Of the Limits of the Penal Branch of Jurisprudence* reassessing Bentham's theories of law as well as his impact on jurisprudence While offering a suggestive picture of contemporary Bentham studies the book provides a thorough examination of concepts such as legal discourse legal norms legal system and subjective legal positions The book compares Bentham's approach with other landmark theories and the works of major legal philosophers including Austin Hart and Kelsen and explores Bentham's treatise through major trends in contemporary legal thought such as the imperative theory of law deontic logic Scandinavian and American legal realisms the pure theory of law and critical legal thought Resisting any apologetic stance the book elucidates how consistent with Bentham's all encompassing project of utilitarian reform *Limits* turns out to be and how this sheds light on contemporary modes of governance The book will be of great use and interest to scholars and students of contemporary jurisprudence legal theory 19th century philosophy and public law

The American Legal System Albert P. Melone, Allan Karnes, 2008 Firmly anchored in social science concepts the second edition of *The American Legal System* demonstrates the relationships among private law the business legal environment and public law issues as well as related subjects of interest This fifteen chapter book is divided into three parts Part I places the legal system in a political perspective centering on the origins of the law schools of jurisprudence branches and functions of law legitimacy of law how the judiciary functions in the federal system of government and judicial interpretation and decision making Part II contrasts legal processes civil suits for money damages criminal processes equity justice administrative processes and alternative dispute resolution Part III centers on the legal norms or rules governing both civil and criminal conduct property law family law contract law and government regulation of business Throughout the text features edited court opinions many new to this edition illustrating lively and thought provoking controversies that are certain to spark student interest Among the many compelling issues addressed are the legal and constitutional controversies surrounding the Bush Administration's War on Terror and the socially explosive developments concerning same sex marriage In addition each chapter includes at least three comparative notes showing how other legal cultures in different nation states treat legal matters A wealth of pedagogical features chapter opening objectives key terms names and concepts a glossary discussion questions and appendices are included to aid student comprehension The authors have prepared an Instructor's Manual and Test Bank to facilitate the book's use in the classroom

Hans

Kelsen's Pure Theory of Law Lars Vinx, 2007-09-06 Hans Kelsen is commonly considered to be among the founding fathers of modern legal philosophy. Despite Kelsen's prominence as a legal theorist, his political theory has so far been mostly overlooked. This book argues that Kelsen's legal theory, the Pure Theory of Law, needs to be read in the context of Kelsen's political theory. It offers the first comprehensive interpretation of the Pure Theory that makes systematic use of Kelsen's conception of the rule of law, of his theory of democracy, his defense of constitutional review, and his views on international law. Once it is read in the context of Kelsen's political works, Kelsen's analysis of legal normativity provides us with a notion of political legitimacy that is distinct from any comprehensive and contestable theory of justice. It shows how members of pluralist societies can reasonably acknowledge the binding nature of law even where its content does not fully accord with their own substantive views of the requirements of justice, provided it is created in accordance with an ideal of fair arbitration amongst social groups. This result leads to a fundamental re-evaluation of the Pure Theory of Law. The theory is best understood as an attempt to find a middle ground between natural law and legal positivism. Later positivist legal theorists inspired by Kelsen's work failed to appreciate the political theoretical context of the Pure Theory and turned to a narrow instrumentalism about the functions of law. The perspective on Kelsen offered in this book aims to reconnect positivist legal thought with normative political theory.

China's Legal Awakening Carlos Wing-hung Lo, 1995-07-01 After decades of nihilistic rule under Mao Zedong, can legal order be restored in China? How successful is Deng Xiaoping's initiative in developing a socialist legal system? Where is China on its road to the rule of law? This book illustrates, through the analysis of more than two hundred criminal cases selected from *Minzhu yu fazhi* (Democracy and the Legal System) in the period 1979-89, that the establishment of a formal criminal justice system and the development of an embryonic socialist theory of law in China reflect a genuine and widespread legal awakening. A rudimentary legal culture has taken hold among Party leaders, cadres, judicial personnel, intellectuals, and the general public. Nevertheless, the contradiction between legal order and Party supremacy remains, as demonstrated by the June Fourth incident in Beijing and the ensuing trials of the 1989 dissidents.

The Concept of a Legal System Joseph Raz, 1978 *International Regulation of World Trade in Textiles* Niels M. Blokker, 2023-09-20

Thank you for reading **The Concept Of A Legal System An Introduction To The Theory Of Legal System**. The Concept Of A Legal System An Introduction To The Theory Of Legal System Introduction

The Concept Of A Legal System An Introduction To The Theory Of Legal System Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. The Concept Of A Legal System An Introduction To The Theory Of Legal System Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. The Concept Of A Legal System An Introduction To The Theory Of Legal System : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for The Concept Of A Legal System An Introduction To The Theory Of Legal System : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks The Concept Of A Legal System An Introduction To The Theory Of Legal System Offers a diverse range of free eBooks across various genres. The Concept Of A Legal System An Introduction To The Theory Of Legal System Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. The Concept Of A Legal System An Introduction To The Theory Of Legal System Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific The Concept Of A Legal System An Introduction To The Theory Of Legal System, especially related to The Concept Of A Legal System An Introduction To The Theory Of Legal System, might be challenging as theyre often artistic creations

rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to The Concept Of A Legal System An Introduction To The Theory Of Legal System, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some The Concept Of A Legal System An Introduction To The Theory Of Legal System books or magazines might include. Look for these in online stores or libraries. Remember that while The Concept Of A Legal System An Introduction To The Theory Of Legal System, sharing copyrighted material without permission is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow The Concept Of A Legal System An Introduction To The Theory Of Legal System eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the The Concept Of A Legal System An Introduction To The Theory Of Legal System full book, it can give you a taste of the author's writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of The Concept Of A Legal System An Introduction To The Theory Of Legal System eBooks, including some popular titles.

FAQs About The Concept Of A Legal System An Introduction To The Theory Of Legal System Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook's credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Concept Of A Legal System An Introduction To The Theory Of Legal System is one of the best book in our library for free trial. We provide copy of The Concept Of A Legal System An Introduction To The Theory Of Legal System in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Concept Of A Legal System An Introduction To The Theory Of

Legal System. Where to download The Concept Of A Legal System An Introduction To The Theory Of Legal System online for free? Are you looking for The Concept Of A Legal System An Introduction To The Theory Of Legal System PDF? This is definitely going to save you time and cash in something you should think about.
