A Dissertation, Etc** Mary Paul Goetz, 1935 **A List of American Doctoral Dissertations Printed in [1912-]1938** Library of Congress. Catalog Division, U.S. Library of Congress. Catalog division, 1986 Studies in German, 1926 A Genealogy of Manners Jorge Ardit, 1998-12 Remarkable for its scope and erudition Jorge Ardit's new study offers a fascinating history of mores from the High Middle Ages to the Enlightenment Drawing on the pioneering ideas of Norbert Elias Michel Foucault and Pierre Bourdieu Ardit examines the relationship between power and social practices and traces how power changes over time Analyzing courtesy manuals and etiquette books from the thirteenth to the eighteenth century Ardit shows how the

dominant classes of a society were able to create a system of social relations and put it into operation The result was an infrastructure in which these classes could successfully exert power He explores how the ecclesiastical authorities of the Middle Ages the monarchies from the fifteenth through the seventeenth century and the aristocracies during the early stages of modernity all forged their own codes of manners within the confines of another dominant order Arditi goes on to describe how each of these different groups through the sustained deployment of their own forms of relating with one another gradually moved into a position of dominance *Paul Tillich and Sino-Christian Theology* Keith Ka-fu Chan,2023-06-23 With contributors from different generations of the Chinese speaking world the book addresses the relevance of Paul Tillich s thought in the Chinese cultural political contexts Appropriating and transforming different themes of Tillich s thought in the Chinese context the contributors reframe the dialogue with Buddhism and Confucianism religion and science and religion and politics under the interpretation of Tillich s ideas The thought provoking essays examine the intellectual potentiality or further contribution of Paul Tillich s ideas in Sino Christian Theology The book will be of interest to scholars and postgraduate students studying Paul Tillich s thought Chinese theology and East West religious dialogues *Studies in German* ,1943 The Reception of the Gentleman Concept in Germany Daniel Catlin McCluney (Jr.),1949 **Catalog of Copyright Entries. New Series** Library of Congress. Copyright Office,1936 *The Origin of the Trust* Irina Gvelesiani,2024-09-19 This book offers an interdisciplinary approach that covers linguistics and jurisprudence shows the interconnectedness of law and language singles out major theories related to the emergence of the concept of trust and discusses them from the perspective of legal linguistics Contemporary globalizing processes change the contours of different spheres of life Against the backdrop of ongoing changes an overall tendency emerges of the unifying and harmonizing legal systems The dominance of American and English law firms fuels a broader worldwide circulation of Anglo American legal concepts and instruments Increasing contacts of non trust jurisdictions with trustees and trust assets promote the use of trusts and trust like devices in civil law jurisdictions As a result the interest towards the entrusting relationships increases The research in this book is based on the methods of descriptive and structural semantic analyses Emphasis is put on the interinfluence of the West Germanic languages and the laws of the Germanic tribes the Salian Franks and the Anglo Saxons The book consults selected Franconian manuscripts lex salica and lex ripuaria and dictionaries for the study and interpretation of the trust related lexical units The results of the research shed a new light on the origin of the common law trust and its predecessor use The book is intended for legal linguists lawyers legal practitioners legal historians and for researchers and students in the fields of trust law legal linguistics and legal history Gentry and Lesser Nobility in Late Medieval Europe Michael C. E. Jones,1986 **Conflicting Femininities in Medieval German Literature** Karina Marie Ash,2016-05-23 Drastic changes in lay religiosity during the High Middle Ages spurred anxiety about women forsaking their secular roles as wives and mothers for religious ones as nuns and beguines This anxiety and the subsequent need to model an

ideal of feminine behavior for the laity is particularly expressed in the German versions of Latin and French narratives Using thirteenth century penitentials monastic exempla and sermons Karina Marie Ash clarifies how secular wifehood was recast as a quasi religious role and in German epics and romances from the late twelfth and early thirteenth centuries how female characters are adapted to promote the salvific nature of worldly love in ways that echo the pastoral reevaluation of women at that time Then she argues that mid and late thirteenth century German literature not only reflects this impulse to idealize women s roles in lay society but also to promote an alternative model of femininity that deploys ways of privileging secular roles for women over religious ones These continuously evolving readaptations of female protagonists across cultures and across centuries reflect fictive solutions for real historical concerns about women that not only complement contemporary pastoral and legal reforms but are also unique to medieval German literature [Catalog of Copyright Entries](#) ,1936

German Literature of the High Middle Ages Will Hasty,2006 New essays on the first flowering of German literature in the High Middle Ages and especially during the period 1180 1230 The High Middle Ages and particularly the period from 1180 to 1230 saw the beginnings of a vibrant literary culture in the German vernacular While significant literary achievements in German had already been made in earlier centuries they were a somewhat precarious vernacular extension of Christian Latin culture But the vernacular literary culture of the High Middle Ages was an integral part of broader cultural developments in which the unquestioned validity of traditional authoritative models began to lose its hold A secular culture began to emerge in which positive value began to be attached to the however transitory allegiances pleasures and loves of life In new essays dealing with the most significant literary genres the heroic epics the romances the love lyrics and political poetry and with broader political social and cultural issues control of aggression territorialization this third volume of the Camden House History of German Literature demonstrates how the emergence of a vernacular literary culture in Germany was an important part of a broader cultural transformation in which medieval people began to redefine themselves their relationships to one another and the position of humanity in the scheme of things Contributors Albrecht Classen Nicola McLelland Rodney Fisher Neil Thomas Marion Gibbs and Sidney Johnson R diger Krohn Will Hasty Nigel Harris Susann Samples Sara Poor Michael Resler R diger Brandt Elizabeth A Andersen Ulrich M ller and Franz Viktor Spechtler Ruth Weichselbaumer W H Jackson Charles Bowlus Will Hasty is Professor of German Studies and co founder and co director of the Center for Medieval and Early Modern Studies at the University of Florida **Dictionary Catalogue of the Library of the Pontifical Institute of Mediaeval Studies, Toronto, Canada: Manu-Rob** Pontifical Institute of Mediaeval Studies. Library,1972 **A Catalog of Books Represented by Library of Congress Printed Cards Issued to July 31, 1942** ,1942 **Dictionary Catalogue of the Library of the Pontifical Institute of Mediaeval Studies, Toronto, Canada: Church G-Gou** Pontifical Institute of Mediaeval Studies. Library,1972
