Rouhana,1997-01-01 He discusses the consequences of Israel s ideology policy and practices toward the Arab minority the effect of major developments in the Arab world particularly in the Palestinian communities in exile and in the West Bank and Gaza and the impact of changes within the Palestinian community in Israel such as demography level of education socio economic structure and political culture *The Jewish State* Alan Dowty,2001-06 The one intelligent overview of Israeli politics that addresses the paradox at the heart of Israeli statehood How can Israel be both a Jewish state and a democratic state *Palestinians in Israel after the Arab Spring* Yusri Hazran Khaizran,Muhammad Khalaily,2025-05-01 The Arab Spring initially ignited excitement for Arab society in Israel But following the outbreak of the uprising in Syria Israeli Arab attitudes shifted This book demonstrates why the Arab Spring

and especially the war in Syria provoked such deep fragmentation for Palestinians in Israel Based on governmental and public surveys the book shows that many more Arab Palestinian citizens became supportive of instrumental integration with Israeli politics following the Arab Spring But the momentous events convinced other Arab citizens to abandon the connection between finding a solution for the Palestinian problem if it involved integration with the state At the same time this book reveals that the younger generations wanted to search for alternatives to replace the existing political frameworks completely and were inspired to form a new model of political activism This is the first study to explore how the Arab Spring affected Arab society in Israel in terms of identity political discourse and behaviour In doing so it covers the new policy adopted by the central government in Israel formed after 2011 to strengthen civic discourse amongst Arab citizens It has been neither Israelization nor Zionization but Instrumental integration which meets the conditional citizenship offered by the state

comprehensive knowledge of the social sciences **Armies of Sand** Kenneth M. Pollack, 2018-12-14 Since the Second World War Arab armed forces have consistently punched below their weight They have lost many wars that by all rights they should have won and in their best performances only ever achieved quite modest accomplishments Over time soldiers scholars and military experts have offered various explanations for this pattern Reliance on Soviet military methods the poor civil military relations of the Arab world the underdevelopment of the Arab states and patterns of behavior derived from the wider Arab culture have all been suggested as the ultimate source of Arab military difficulties In *Armies of Sand* Kenneth M Pollack assesses these differing explanations and isolates the most important causes Over the course of the book he examines the combat performance of fifteen Arab armies and air forces in virtually every Middle Eastern war from the Jordanians and Syrians in 1948 to Hizballah in 2006 and the Iraqis and ISIS in 2014 2017 The book ultimately concludes that reliance on Soviet doctrine was more of a help than a hindrance to the Arabs In contrast politicization and underdevelopment were both important factors limiting Arab military effectiveness but patterns of behavior derived from the dominant Arab culture was the most important factor of all Pollack closes with a discussion of the rapid changes occurring across the Arab world and suggests that because both Arab society and warfare are changing the problems that have bedeviled Arab armed forces in the past could dissipate or even vanish in the future with potentially dramatic consequences for the Middle East military balance Sweeping in its coverage this will be the go to reference for anyone interested in the history of warfare in the Middle East since 1945 Israeli Historical Revisionism Anita Shapira, Derek Jonathan Penslar, 2003 Demonstrating that history is always political Shapira Zionism Tel Aviv U Israel and Penslar history U of Toronto Canada present nine works of historiography examining the production of Zionist history in Israel and attacks upon its formulations of the past that came from both left and right perspective within the circle of Israeli historians An effort has been made to include contributors from all three of these perspectives The contributions are all based on papers first presented at conferences sharing the same name as the text held in January and February of 2001 in Tel Aviv and New York Distributed in the US by ISBS
