The Comparative Study Of Political Parties

Hans Daalder

The Comparative Study Of Political Parties:

The Comparative Study of Political Parties Kay Lawson, 1976 **Parties, Governments and Elites** Philipp Harfst, Ina Kubbe, Thomas Poguntke, 2017-04-26 Parties governments and elites are at the core of the study of democracy The traditional view is that parties as collective actors play a paramount role in the democratic process However this classical perspective has been challenged by political actors observers of modern democracy as well as political scientists Modern political parties assume different roles contemporary leaders can more heavily influence politics governments face new constraints and new collective bodies continue to form propose new ways of participation and policy making and attract citizens and activists In the light of these observations the comparative study of democracy faces a number of important and still largely unsolved questions that the present volume will address The Comparative Analysis of Politics Monte Palmer, William R. Thompson, 1978 Political Parties and Democracy Larry Diamond, Richard Gunther, 2001-12-21 Political parties are one of the core institutions of democracy But in democracies around the world rich and poor Western and non Western there is growing evidence of low or declining public confidence in parties In membership organization and popular involvement and commitment political parties are not what they used to be But are they in decline or are they simply changing their forms and functions In contrast to authors of most previous works on political parties which tend to focus exclusively on long established Western democracies the contributors to this volume cover many regions of the world Theoretically they consider the essential functions that political parties perform in democracy and the different types of parties Historically they trace the emergence of parties in Western democracies and the transformation of party cleavage in recent decades Empirically they analyze the changing character of parties and party systems in postcommunist Europe Latin America and five individual countries that have witnessed significant change Italy Japan Taiwan India and Turkey As the authors show political parties are now only one of many vehicles for the representation of interests but they remain essential for recruiting leaders structuring electoral choice and organizing government To the extent that parties are weak and discredited the health of democracy will be seriously impaired Contributors Larry Diamond and Richard Gunther Hans Daalder Philippe Schmitter Seymour Martin Lipset Giovanni Sartori Bradley Richardson Herbert Kitschelt Michael Coppedge Ergun Ozbudun Yun han Chu Leonardo Morlino Ashutosh Varshney and E Sridharan Stefano Bartolini and Peter Mair **The Comparative Study of Electoral Systems** Hans-Dieter Klingemann, 2009-02-05 The Comparative Study of Electoral Systems systematically deals with the question of the impact of institutions on political behaviour It provides comparative data on the micro and the macro level to study electoral behaviour empirically across a broad range of institutional contexts **Ostrogorski and the Analytical Approach to the Comparative Study of Political Parties** Seymour Martin Lipset, 1964 *A Comparative Study of Party Organization* William E. Wright, 1971 **Political Parties** Angelo Panebianco, 1988-07-21 **Political Party Research** Elmar Wiesendahl, 2024-04-18 The book by the well known German party researcher Elmar Wiesendahl presents

the development theoretical perspectives research approaches and fields of investigation in party research in light of the state of the art

Political Parties and Party Systems Moshe Maor, 2005-08-10 This comprehensive textbook outlines and illuminates the main theories of political parties and party systems Applying these theoretical approaches to British party politics Moshe Maor covers all the key subjects of study including classification of party definitions party systems change party institutionalization cohesion and dissent intraparty conflicts and legislative bargaining multiparty electoral competition Maor's study highlights the importance of the intraparty arena and actors in understanding the shape and behaviour of political parties providing essential reading to students of party systems and of British politics

How Political Parties Respond Kay Lawson, Thomas Poguntke, 2004-08-02 How Political Parties Respond focuses specifically on the question of interest aggregation Do parties today perform that function If so how If not in what different ways do they seek to show themselves responsive to the electorate This fascinating book studies these questions with reference to Great Britain France Germany Italy Spain Denmark Norway Sweden and Canada A chapter on Russia demonstrates how newly powerful private interest groups and modern techniques of persuasion can work together to prevent effective party response to popular interests in systems where the authoritarian tradition remains strong

Comparative Politics: Western Europe and the United States: foundations of comparative politics, 2005

A Conceptual Framework for the Comparative Analysis of Political Parties Kenneth Janda, 1970

Political Parties Richard Gunther, José Ramón Montero, Juan Linz, 2002-03-07 This book with contributions from leading scholars in the field presents a critical overview of much of the recent literature on political parties It systematically assesses the capacity of existing concepts typologies and methodological approaches to deal with contemporary parties It critically analyses the decline of parties literature both from a conceptual perspective and with regard to antiparty attitudes among citizens on the basis of empirical analyses of survey data It systematically re-examines the underpinnings of rational choice analyses of electoral competition as well as the misapplication of standard party models as the catch all party Several chapters reexamine existing models of parties and party typologies particularly with regard to the capacity of commonly used concepts to capture the wide variation among parties that exist in old and new democracies today and with regard to their ability to deal adequately with the new challenges that parties are facing in rapidly changing political social and technological environments In particular two detailed case studies demonstrate how party models are significant not only as frameworks for scholarly research but also insofar as they can affect party performance Other chapters also examine in detail how corruption and party patronage have contributed to party decline as well as the public attitudes towards parties in several countries In the aggregate the various contributions to this volume reject the notion that a decline of party has progressed to such an extent as to threaten the survival of parties as the crucial intermediary actors in modern democracies The contributing authors argue however that parties are facing a new set of sometimes demanding challenges Not only have parties differed significantly in their ability to successfully meet these challenges but the core

concepts typologies party models and methodological approaches that have guided research in this area over the past 40 years have met with only mixed success in adequately capturing these recent developments and serving as fruitful frameworks for analysis This book is intended to remedy some of these shortcomings *Political Parties and Political Systems* Andrea Rómmele, Piero Ignazi, David M. Farrell, 2005-04-30 Since its release in 1980 Kay Lawson's *Political Parties and Linkage A Comparative Perspective* has become a classic text in the field of political science In her groundbreaking work Lawson approaches linkage from an angle left unexplored by her predecessors Her thinking filled in the systematic and theoretical void by envisioning political parties as the link between citizens and policy makers This collection of essays by leading political scientists reflects on Lawson's concept of linkage its theory and its application over the last quarter century The work is divided into two sections the first covers linkage's impact on party research and the second focuses on its application in general political science The first looks at such topics as the evolution and intellectual development of Lawson's concept through social actors policy responsiveness and multi layer politics The second handles issues like globalization the relation of state and society the European Union and its proposed constitutional reform and the cross cultural significance of linkage in such countries as India The book concludes with an illuminating chapter by Lawson that responds to the featured themes and explains her current views on linkage and democracy *Political Sociology - The State of the Art* Subrata K. Mitra, Malte Pehl, Clemes Spiess, 2009-12-09 The World of Political Science New volumes The book traces the disciplinary development of political sociology and the transdisciplinary research into the overlapping issues involving politics and society The contributions cover overviews of the history methodological and theoretical development of this academic discipline Successes as well as failures in past unexplored areas and salient issues in ongoing research are also highlighted From the Contents Subrata K Mitra and Malte Pehl Taking Stock of Political Sociology Dirk Berg Schlosser Political Culture at a Crossroads Kay Lawson and Mildred Schwartz Parties Interest Groups and Social Movements Shall Change be Mid wife to Truth Eva Etzioni Halevy Socio Political Inequalities Elites Classes and Democracy Prakash Sarangi Contemporary Approaches to the Study of the State Jan van Deth Political Sociology Old Concerns and New Directions The Presidentialization of Political Parties Gianluca Passarelli, 2015-08-18 This book explains why the level of party presidentialization varies from one country to another It considers the effects of constitutional structures as well as the party's original features and argues that the degree of party presidentialization varies as a function of the party's genetics

State Formation, Parties and Democracy Hans Daalder, 2024-08-22 This volume re publishes classical studies by Hans Daalder on three major themes the different paths towards state formation in Europe their effect on parties and party systems and their alleged crises and the rise and merits of the consociational democracy model The book throws a unique light on the development of comparative studies after World War II as seen through the eyes of an active participant In a fascinating preface Peter Mair contrasts two scholarly generations in the field of comparative and cross national studies

Political Parties and Democratic Linkage Russell J. Dalton, David M. Farrell, Ian McAllister, 2011-09-29 Political Parties and Democratic Linkage examines how political parties ensure the functioning of the democratic process in contemporary societies Based on unprecedented cross national data the authors find that the process of party government is still alive and well in most contemporary democracies [How Political Parties Mobilize Religion](#) Luis Felipe Mantilla, 2021-06-18 Analyzes the evolution of Catholic and Sunni Muslim parties to study religious political mobilization in comparative perspective

The Comparative Study Of Political Parties Introduction

In today's digital age, the availability of The Comparative Study Of Political Parties books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Comparative Study Of Political Parties books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Comparative Study Of Political Parties books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Comparative Study Of Political Parties versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Comparative Study Of Political Parties books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Comparative Study Of Political Parties books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These

books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Comparative Study Of Political Parties books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Comparative Study Of Political Parties books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Comparative Study Of Political Parties books and manuals for download and embark on your journey of knowledge?

FAQs About The Comparative Study Of Political Parties Books

1. Where can I buy The Comparative Study Of Political Parties books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
