based on semiotics and multimodality Chapter 4 presents the corpus of Italian translations which includes works translated between 1968 and 2022 by both mainstream and alternative publishers In Chapters 5-8 Italian translations of comix dealing with such controversial themes as sex drugs political struggle and religion are analysed with qualitative observations of several translations of the same comix provided to highlight changing times cultural frames ideologies editorial policies and target audiences Chapter 9 discusses the findings of these observations and maintains that as a recursive translation strategy seditious contents were mitigated trivialised or censored by adopting light hearted frames so that potentially problematic contents could be left out With its linguistic translational and intercultural analyses this volume will be useful for researchers of linguistics semiotics translation and comics studies     **National Lampoon** ,1991     The Comics Journal ,2000
