**Introduction to Literature and Psychoanalysis** Jean-Michel Rabaté, 2014-09-22 This volume is an introduction to the relationship between psychoanalysis and literature Jean Michel Rabat takes Sigmund Freud as his point of departure studying in detail Freud's integration of literature in the training of psychoanalysts and how literature provided crucial terms for his myriad theories such as the Oedipus complex Rabat subsequently surveys other theoreticians such as Wilfred Bion Marie Bonaparte Carl Jung Jacques Lacan and Slavoj Žižek This Introduction is organized thematically examining in detail important terms like deferred action fantasy hysteria paranoia sublimation the uncanny trauma and perversion Using examples from Miguel de Cervantes and William Shakespeare to Sophie Calle and Yann Martel Rabat demonstrates that the psychoanalytic approach to literature despite its erstwhile controversy has recently reemerged as a dynamic method of interpretation [Fiction in French - Fiction in Soviet](#) British Library, 2013-02-07 No detailed description available for Fiction

[in French Fiction in Soviet](#) *Freud's Early Psychoanalysis, Witch Trials and the Inquisitorial Method* Kathleen Duffy, 2019-11-07 In Freud's Early Psychoanalysis Witch Trials and the Inquisitorial Method The Harsh Therapy author Kathleen Duffy asks why Freud compared his hysterical patients to the accused women in the witch trials and his psychoanalytical treatment to the inquisitorial method of their judges He wrote in 1897 to Wilhelm Fliess I understand the harsh therapy of the witches judges This book proves that Freud's view of his method as inquisitorial was both serious and accurate In this multidisciplinary and in depth examination Duffy demonstrates that Freud carefully studied the witch trial literature to develop the supposed parallels between his patients and the witches and between his own psychoanalytic method and the judges inquisitorial extraction of confessions by torture if necessary She examines in meticulous detail both the witch trial literature that Freud studied and his own case studies papers letters and other writings She shows that the various stages of his developing early psychoanalytic method from the Katharina case of 1893 through the so called seduction theory of 1896 and its retraction to the Dora case of 1900 were indeed in many respects inquisitorial and invalidated his patients experience This book demonstrates with devastating effect the destructive consequences of Freud's nineteenth century inquisitorial practice This raises the question about the extent to which his mature practice and psychoanalysis and psychotherapy today despite great achievements remain at times inquisitorial and consequently untrustworthy This book will therefore be invaluable not only to academics practitioners and students of psychoanalysis psychotherapy literature history and cultural studies but also to those seeking professional psychoanalytic or psychotherapeutic help **Conrad Ferdinand Meyer** Marianne Burkhard, 1978 [Jewish Philosophy and the Crisis of](#)

[Modernity](#) Leo Strauss, 2012-02-01 This is the first book to bring together the major essays and lectures of Leo Strauss in the field of modern Jewish thought It contains some of his most famous published writings as well as significant writings which were previously unpublished Spanning almost 30 years of continuously deepening reflection the book presents the full range

of Strauss's contributions as a modern Jewish thinker. These essays and lectures also offer Strauss's mature considerations of some of the great figures in modern Jewish thought such as Baruch Spinoza, Hermann Cohen, Franz Rosenzweig, Martin Buber, Theodor Herzl, and Sigmund Freud. They also encompass his incisive analyses and original explorations of modern Judaism, which he viewed as caught in the grip of the theological-political crisis from German Jewry, anti-Semitism, and the Holocaust to Zionism and the State of Israel, from the question of assimilation to the meaning and value of Jewish history. In addition, Strauss's two sustained interpretations of the Hebrew Bible are also reprinted. These essays and lectures cumulatively point toward the postcritical reconstruction of Judaism which Strauss envisioned, suggesting it rebuild along Maimonidean lines. Thus the book lends credence to the view that Strauss was able to uncover and probe the crisis at the heart of modern Jewish thought and history perhaps with greater profundity than any other contemporary Jewish thinker.

The Prose Fiction of Louise Von François (1817-1893) Barbara Burns, 2006. Louise von François (1817-1893) was a German realist writer whose work appeared in several editions during her lifetime and was translated abroad. Her most famous novel, *Die letzte Reckenburgerin*, attracted significant critical attention from her contemporaries and was regarded as one of the most innovative novels of the century. Her other prose fiction, however, is less well known. In the context of the ongoing reassessment of nineteenth-century women writers, this book evaluates the thematic preoccupations and narrative technique of François's creative work as a whole. Through a study of ten representative texts, most of which have not been subject to detailed literary analysis in the past, the author considers François's powerful portrayals of female self-reliance and seeks to elucidate aspects of her most cherished convictions, which centred on values of honour and duty and on a vision of a more equitable and decent society.
