Nicholson William Shakespeare, 1852 William Shakespeare: The Complete Works William Shakespeare, 2005-04-21 The second Oxford edition of Shakespeare's Complete Works reconsiders every detail of their text and presentation in the light of modern scholarship The nature and authority of the early documents are re-examined and the canon and chronological order of composition freshly established Spelling and punctuation are modernized and there is a brief introduction to each work as well as an illuminating and informative General Introduction Included here for the first time is the play The Reign of King Edward the Third as well as the full text of Sir Thomas More This new edition also features an essay on Shakespeare's language by David Crystal and a bibliography of foundational works *The New Oxford Shakespeare* William Shakespeare, 2016 In one attractive volume the Modern Critical Edition gives today's students and playgoers the very best resources they need to understand and enjoy all Shakespeare's works The authoritative text is accompanied by extensive explanatory and performance notes and innovative introductory materials which lead the reader into exploring questions about interpretation textual variants literary criticism and performance for themselves **The Complete Works of William Shakespeare (abridged) [revised] [again]** Adam Long, 2023-10-15 Originally performed by its creators this 1987 Edinburgh Fringe hit remains the second longest running West End comedy in history and has been translated into over thirty languages The Complete Works of William Shakespeare abridged is not so much a play as it is a vaudeville show in which three charismatic wildly ambitious actors attempt to present all thirty-seven of Shakespeare's plays in a single performance They have a rudimentary concept of the stories and have imperfectly memorized a smattering of famous lines Backstage there's a meager assortment of costumes and props Thus armed the three brazenly launch into their task with an earnest focus and breakneck enthusiasm **Arden Shakespeare Complete Works** William Shakespeare, 2010-05-05 This revised edition of the Arden Shakespeare Complete Works includes the full text of Double Falsehood which was published in the Arden Third series to critical acclaim in 2010 The play is an eighteenth-century rewrite of Shakespeare's lost play Cardenio and as such is a fascinating testament to the original A short introduction outlines its complex textual history and the arguments for including it within the Shakespeare canon The Complete Works contains the texts of all Shakespeare's plays poems and sonnets edited by leading Shakespeare scholars for the renowned Arden series A general introduction gives the reader an overall view of how and why Shakespeare has become such an influential cultural icon and how perceptions of his work have changed in the intervening four centuries The introduction summarises the known facts about the dramatist's life his reading and use of sources and the nature of theatrical performance during his lifetime Brief introductions to each play written specially for this volume by the Arden General Editors discuss the date and contemporary context of the play its position within Shakespeare's oeuvre and its

Complete Works of William Shakespeare, with Annotations and a General Introduction by Sidney Lee ... William Shakespeare, Sir Sidney Lee, 1909 **A New Variorum Edition of Shakespeare CORIOLANUS Volume I** David

George, 2019-01-16 The first New Variorum edition of Coriolanus by Horace Howard Furness Jr was published in 1928 The present edition follows Furness's but does not replace it because frequently the more recent scholarship and criticism recorded here could be accommodated only by reducing Furness's fuller treatment of earlier material The reader who finds this edition useful is urged to consult Furness's as well to obtain a fuller account on many subjects Niels Herold wrote the section on Music and Sound Effects and Sylvia Bryant and Ian Aspinall translated German criticism Megan Marie Johnson collaborated with me on the Plan of the Work on the collations necessary to compile the Textual Notes and on the

Commentary Ashley Spriggs helped revise the Plan of the Work and the Textual Notes Both of these latter assistants also had a hand in all the other sections of the edition The Dilemmas of Brief Psychotherapy J. Perry Gustafson, 2012-12-06 In this well illustrated text the author explores the potential of brief psychotherapy through four paradigmatic modes of the patient s relationship to others subservience indecisiveness control and fundamental fault Dr Gustafson utilizes cognitive behavioral psychodynamic psychoanalytic and systems approaches to show clinical psychology practitioners and students how to decipher and respond to the narratives of patients lives The Complete Works of Shakespeare William Shakespeare, 1851

Shakespeare's Marlowe Robert A. Logan, 2016-04-01 Moving beyond traditional studies of sources and influence Shakespeare s Marlowe analyzes the uncommonly powerful aesthetic bond between Christopher Marlowe and William Shakespeare Not only does this study take into account recent ideas about intertextuality but it also shows how the process of tracking Marlowe s influence itself prompts questions and reflections that illuminate the dramatists connections Further after questioning the commonly held view of Marlowe and Shakespeare as rivals the individual chapters suggest new possible interrelationships in the formation of Shakespeare s works Such examination of Shakespeare s Marlovian inheritance enhances our understanding of the dramaturgical strategies of each writer and illuminates the importance of such strategies as shaping forces on their works Robert Logan here makes plain how Shakespeare incorporated into his own work the dramaturgical and literary devices that resulted in Marlowe s artistic and commercial success Logan shows how Shakespeare s examination of the mechanics of his fellow dramatist s artistry led him to absorb and develop three especially powerful influences Marlowe s remarkable verbal dexterity his imaginative flexibility in reconfiguring standard notions of dramatic genres and his astute use of ambivalence and ambiguity This study therefore argues that Marlowe and Shakespeare regarded one another not chiefly as writers with great themes but as practicing dramatists and poets which is where Logan contends the influence begins and ends **Once More Unto the Speech, Dear Friends: The histories** William

Shakespeare, 2006-09 Applause Books There has been a great change in the last twenty years to actor auditions which now require the demonstration of enormous flexibility The actor is often expected to show more range than ever before and often several shorter audition speeches are asked for instead of one or two longer ones To stay at the top of his or her game the Shakespearean actor needs more knowledge of what makes the play tick especially since the early plays demand a different style from the later ones Each genre comedy history tragedy has different requirements No current monologue book deals directly with the bulk of these concerns One More unto the Speech Dear Friends now fills that gap This three volume set will help actors discover the extra details of humanity that the original folio texts automatically offer Of Shakespeare s 37 plays only Pericles is not included In the trilogy of books there are over 900 separate audition possibilities This represents about 600 more monologues than are available in any other series There are four parts to each speech A background giving context and approximate timing A modern text version The original folio version Commentary to explain the differences between the

two texts including full discussion of the devices peculiar to that speech's genre the age and gender of the character and more *The Round Table*, 1865 **Once More Unto the Speech, Dear Friends: The tragedies** William Shakespeare, 2006-12 Applause Books There has been a great change in the last twenty years to actor auditions which now require the demonstration of enormous flexibility The actor is often expected to show more range than ever before and often several shorter audition speeches are asked for instead of one or two longer ones To stay at the top of his or her game the Shakespearean actor needs more knowledge of what makes the play tick especially since the early plays demand a different style from the later ones Each genre comedy history tragedy has different requirements No current monologue book deals directly with the bulk of these concerns One More unto the Speech Dear Friends now fills that gap This three volume set will help actors discover the extra details of humanity that the original folio texts automatically offer Of Shakespeare's 37 plays only Pericles is not included In the trilogy of books there are over 900 separate audition possibilities This represents about 600 more monologues than are available in any other series There are four parts to each speech A background giving context and approximate timing A modern text version The original folio version Commentary to explain the differences between the two texts including full discussion of the devices peculiar to that speech's genre the age and gender of the character and more Catalogue of the Shakespeare-memorial library.
