**The Composition of the Pentateuch** Joel S. Baden, 2012-04-24 For well over two centuries the question of the composition of the Pentateuch has been among the most central and hotly debated issues in the field of biblical studies In this book Joel Baden presents a fresh and comprehensive argument for the Documentary Hypothesis Critically engaging both older and more recent scholarship he fundamentally revises and reorients the classical model of the formation of the Pentateuch Interweaving historical and methodological chapters with detailed textual case studies Baden provides a critical introduction to the history of Pentateuchal scholarship discussions on the most pressing issues in the current debate and a practical model for the study of the biblical text Rethinking the Composition of the Pentateuch Kenneth Bergland, Roy E. Gane, Gary A. Rendsburg, A. Rahel Wells, 2026-04-07 A series of expert and yet accessible essays on how the Pentateuch came to be written by leading scholars worldwide The Pentateuch constitutes the foundational text for Judaism and by extension for Christianity hence its Hebrew name Torah which means teaching How when and why did this text come to be How did the remarkable authors in ancient Israel compose compile and create such a singular achievement as the five books from Genesis through Deuteronomy with its masterful stories moral and ethical legal system and detailed information about the sacrifices The present volume paves new ground with over forty essays by leading scholars worldwide Jewish and Christian American European and Israeli as it provides expert and yet accessible studies covering all aspects of Pentateuchal study Through these studies the authors argue collectively that the Torah is to be seen contrary to the view of many scholars as ancient Israel's earliest literature dating to the very emergence of Israel as a people Key features Up to date well written and organized Directed to scholars and students alike Perfect for seminary and graduate school courses Clear concise and objective arguments Conclusions based on the evidence not on preconceived notions such as the late dating of the Torah Includes linguistic argumentation which serves as the most objective means for dating any text in any linguistic tradition The book seeks to return the role of the Pentateuch to its honored position as the foundation of Judaism and by extension Christianity contrary to what so many biblical scholars have argued over the past several decades **Introduction to the Composition of the Pentateuch** Alexander Rofé, 1999 **A Farewell to the Yahwist?** Thomas B.
