The Comte De Gabalis Discourses On The Secret Sciences And Mysteries:

The Comte de Gabalis Abbe De Montfaucon De Villars, 2014-03 This Is A New Release Of The Original 1913 Edition

Comte de Gabalis Villars (abbé de, Nicolas-Pierre-Henri), 1922 Keats, Hermeticism, and the Secret Societies Jennifer N. Wunder, 2016-04-22 Jennifer Wunder makes a strong case for the importance of hermeticism and the secret societies to an understanding of John Keats's poetry and his speculations about religious and philosophical questions. Although secret societies exercised enormous cultural influence during the late eighteenth and early nineteenth centuries, they have received little attention from Romantic scholars. And yet information about the societies permeated all aspects of Romantic culture. Groups such as the Rosicrucians and the Freemasons fascinated the reading public and the market was flooded with articles, pamphlets, and books that discussed the societies's goals and hermetic philosophies, debated their influence, and drew on their mythologies for literary inspiration. Wunder recovers the common knowledge about the societies and offers readers a first look at the role they played in the writings of Romantic authors in general and Keats in particular. She argues that Keats was aware of the information available about the secret societies and employed hermetic terminology and imagery associated with these groups throughout his career. As she traces the influence of these secret societies on Keats's poetry and letters, she offers readers a new perspective not only on Keats's writings but also on scholarship treating his religious and philosophical beliefs. While scholars have tended either to consider Keats's aesthetic and religious speculations on their own terms or to adopt a more historical approach that rejects an emphasis on the spiritual for a materialist interpretation, Wunder offers us a middle way. Restoring Keats to a milieu characterized by simultaneously worldly and mythological propensities, she helps to explain if not fully reconcile the insights of both camps.

Secrets of the Serpent, in Search of the Sacred Past, Special Revised Edition Featuring Two New Appendices Philip Gardiner, 2008-11 *Secrets of the Serpent In Search of the Sacred Past Special Revised Edition Featuring Two New Appendices* by Philip Gardiner Across time and across the world an ancient serpent cult once dominated mankind. Then a great battle ensued and Christianity stamped its authority on the face of the planet. Now after years of research the real religious history of the world can be told. In *Secrets of the Serpent* Philip Gardiner for the first time reveals the world's most mysterious places were once sacred to the Serpent Cult. The history and mythology of the so-called reptilian agenda and alien visitation in ancient times now has a solid opponent giving answers for the many symbols and myths often confused by those who believe in such things. In *Secrets of the Serpent* the author reveals the real bloodline spoken of by Dan Brown in the *Da Vinci Code*; it was in fact a serpent bloodline. Philip Gardiner is the international best-selling author of *The Shining Ones*, *The Serpent Grail*, *Gnosis*, *The Secret of Solomon's Temple Revealed*, and *Proof Does God Exist*. He has appeared on hundreds of radio and television programs worldwide speaking on religion and propaganda. He has infiltrated various secret societies and been initiated into Orders many people had thought were long forgotten. Committed to the constant struggle to uncover the real history of mankind and the unraveling of manipulative

propaganda he has come up against many obstacles and yet in his book *The Serpent Grail* he reveals a truth about the Holy Grail that gained the backing of academia and scholars The truth shall be found in the *Secrets of the Serpent* *Secret Societies* Philip Gardiner, 2025-09-12 With his recent best selling books and hundreds of articles as well as radio and TV appearances Philip Gardiner has started a crusade for uncovering the truth and nothing could be more indicative of that search than his latest foray into the dark and often sinister world of secret societies Yet again Gardiner finds himself on a journey across the world to uncover the ancient secrets of the world's most powerful men In one dramatic episode he finds himself driven out of Berlin in a black Mercedes by a secret organization that was believed to have disappeared after the second World War and eventually arrives in a modern Nazi watering hole Gardiner however survives this incredible journey and brings us the secrets of the Order held sacred for so long Gardiner delves into a world that is often hidden from our eyes and finds himself in situations that seem to mirror the fictional world of the *Da Vinci Code* Throughout *Secret Societies* Gardiner Uncover an ancient secret society thought to have died out many years ago Gets to the core of the secret societies belief systems Explores the secret origins of Freemasonry and the links to secret Serpent Cults Investigates the secret hidden meaning of King Arthur and Robin Hood Examines the claimants to the name of Illuminati and analyzes the history of the group in Europe and America Reveals the secret links within the Vatican and the Nazi Party Looks in depth at the white powdered gold theory supposedly kept secret by orders throughout time and radically re appraises it Shows the link between the so called enlightenment experience and the control of our minds Nobody in the genre involves themselves in the tale in the same way that Gardiner does and here he shows that the search for ultimate truth can often be a terrifying one
