The Confederates Federals At War:

The Confederates and Federals at War Hugh Cuthbert Basset Rogers, 1973 Colonel Rogers made often surprising use of eyewitness accounts by European observers of Civil War organization unit capabilities and actions in what is still a fresh and perceptive analysis

The History of the Confederate War, Its Causes and Its Conduct, Vol.2 (of 2) George Cary Eggleston, To be continue from Volume1 In the meantime great events were occurring which were in some respects more important in their bearing on the war than battles would have been In these events the war recognized itself and adapted itself to its conditions From the beginning the abolitionists had clamorously and ceaselessly demanded of Mr Lincoln that he should recognize the actual cause of the war by proclaiming freedom for the slaves at the South There was no doubt in anybody s mind that the war was simply the culmination of that irrepressible conflict between the systems and sentiments of free and slave labor which had constituted the burden of the country s history for nearly half a century If there had been no slavery there would have been no war It is true that a very large proportion of the Southern people regretted slavery deprecated its existence and earnestly desired to be rid of it It is also true that the great mass of the Southerners were non slaveholders and that their fighting was done not for the perpetuation of that institution in which they had no interest but in assertion of those reserved rights of the individual states upon the maintenance of which they sincerely believed that the liberty of the people depended These people desired to take their states out of the Union not for the sake of slavery but for the sake of that right of local self government which they regarded as the fundamental condition of liberty among men On the other hand a large proportion of the Northern people cared little or nothing about slavery many of them even approving the institution as the only practicable arrangement under which blacks and whites could live peaceably together and as a condition eminently proper for the incapable black man But these believed in the maintenance of the Union as a condition of liberty and progress and were ready to sacrifice their lives and their possessions in behalf of that end Nevertheless it was clear from the beginning that in the last analysis the war involved as its issue the maintenance of slavery or the destruction of that system root and branch Personally Mr Lincoln hated slavery and very earnestly desired its extermination But as he reminded those who beset him with unsolicited advice he was restrained by his oath of office while they were free to advocate any principle or policy that might seem good in their eyes Moreover he had upon him the tremendous task of preserving the Union and in aid of that supreme purpose he was ready to sacrifice all other considerations of what kind soever In answer to an impassioned appeal from Horace Greeley in August 1862 Mr Lincoln set forth his attitude in these words My paramount object is to save the Union and not either to save or destroy slavery If I could save the Union without freeing any slave I would do it If I could save it by freeing all the slaves I would do it And if I could do it by freeing some and leaving others alone I would also do that At the beginning Mr Lincoln had clearly seen the necessity of winning all the support he could to his war measures He had seen that while practically the whole population of the North would stand by

him in a war for the preservation of the Union there must be a very great and dangerous defection should he make the war one for the extirpation of slavery in those states in which the institution existed under protection of the Federal Constitution By thus resolutely refusing to make the war a crusade against slavery and declaring as he did in his official utterances that it was no part of his purpose to interfere with the domestic institutions of any state Mr Lincoln had drawn to his support a vast body of influential citizens who would otherwise have opposed and whose influence was great enough perhaps if it had been offended to have robbed him of the means of restoring the disrupted Union Had he adopted the policy

The History of the Confederate War George Cary Eggleston, 2020-08-03 Reproduction of the original The History of the Confederate War by George Cary Eggleston

The History of the Confederate War, Its Causes and Its Conduct, Vol.1 (of 2) George Cary Eggleston, During the years from 1861 to 1865 one of the greatest wars in all history was fought in this country There were in all three million three hundred and seventy eight thousand men engaged in the fighting of it There are not that many men in all the regular standing armies of Europe combined even if we include the unpaid hordes of Turkey and the military myriads of the armed camp known to geography as Russia The actual fighting field of this war of ours was larger than the whole of western Europe and all of it was trampled over and fought over by great armies The men killed or mortally wounded in our war numbered on the Northern side alone 110 000 The total number of deaths resulting from military operations on the Northern side alone was 350 000 The figures for the Southern side are not accessible owing to the loss of records But as the fighting was equally determined on both sides and as other conditions were substantially equal it is certain that the losses of life were relatively about the same on both sides It is well within the facts therefore to say that this war of ours directly caused the death of more than half a million men No other war in modern history has cost so many lives or half so many We hear much of our recent war with Spain Let us take it as a basis of comparison The total number of men even nominally called into the field in that war was less by nearly two to one than the deaths alone during the Confederate war The number of men who were actually engaged in the Spanish war numbered only about one tenth as many as those who were buried as victims of the Confederate war s battle fields Again the total number of men killed and wounded during the Spanish war including every man who was touched by a bullet or scratched by a sword or bayonet thrust or hurt by a splinter at sea was only two hundred sixty eight That is fewer than the number who were stricken in each of many before breakfast skirmishes of the Confederate war some of which were deemed too insignificant to be reported to headquarters with precision Looking for higher standards of comparison we find that 43 449 men fell killed or wounded at Gettysburg alone That is almost double the loss of the allied forces at Waterloo and probably equal to the total losses on both sides at that greatest and most decisive of European battles There were more than a dozen other battles of the Confederate war which in slaughter fairly deserved comparison with Waterloo These included the Seven Days battle before Richmond and the battles of Fredericksburg Chancellorsville Antietam Shiloh Chickamauga the Wilderness Spottsylvania Cold Harbor the Second

Manassas or Bull Run Stone River Petersburg Franklin Lookout Mountain Nashville and several others Still another measure of the magnitude of a war is its duration It is duration indeed that chiefly determines the amount of human suffering caused by a war especially to the women and children who are war s chief victims Measured by this test of duration the Confederate war exceeded all other recent conflicts in the magnitude of the suffering it inflicted Its first gun was fired at Fort Sumter in April 1861 its last armed conflict did not occur until May 1865 Thus for four years and a month the war endured The Crimean war one of the longest of nineteenth century conflicts endured for less than half that length of time and the actual fighting of it lasted less than one fourth as long The duration of the Confederate war was seven times as great as that of the stupendous Franco Prussian conflict of 1870 which overthrew the second Napoleonic empire consolidated Germany and made the republic an enduring fact in France It was twenty four times as long as that of the French Austrian war which set Italy free or as the War of 1866 between Austria and Prussia which laid the foundations of the present German empire *Confederate Military History - Causes of the War* Clement A. Evans, *Confederate Ironclads at War* R. Thomas Campbell, 2019-02-15 Hampered by lack of materials shipyards and experienced shipbuilders even so the South managed to construct 34 iron armored warships during the Civil War of which the Confederate Navy put 25 into service The stories of these vessels illustrate the hardships under which the Navy operated and also its resourcefulness Except for the Albemarle no Confederate ironclad was sunk or destroyed by enemy action Overtaken by events on the ground most were destroyed by their own crews to prevent them from falling into Union hands This account covers the design and construction and the engagements of the Confederate ironclads and describes the ingenuity and courage as well as the challenges and frustrations of their too little too late service *The Lost Cause: a New Southern History of the War of Confederates: Comprising a Full and Authentic Account of the Rise and Progress of the Late Southern Confederacy* Edward A. Pollard, 1866 *Selected Records of the War Department Relating to Confederate Prisoners of War, 1861-65* United States. National Archives and Records Service, 1966

Official Records of the Union and Confederate Navies in the War of the Rebellion ,1896 *North Carolina in the Civil War* Michael C. Hardy, 2011-08-04 Civil War scholar Michael Hardy delves into the story of North Carolina s Confederate past from civilians to soldiers as these Tar Heels proved they were a force to be reckoned with First at Bethel farthest at Gettysburg and Chickamauga and last at Appomattox is a phrase that is often used to encapsulate the role of North Carolina s Confederate soldiers Tar Heels witnessed the pitched battles of New Bern Averysboro and Bentonville as well as incursions like Sherman s March and Stoneman s Raid The state was one of the last to leave the Union but contributed more men and sustained more dead than any other Southern state This inclusive history of the Old North State is a must read for any Civil War buff **The Confederate Military Forces in the Trans-Mississippi West, 1861-1865** William Royston Geise, 2022-08-30 William Royston Geise was a Ph D candidate at the University of Texas at Austin in the early 1970s when he researched and wrote *The Confederate Military Forces in the Trans Mississippi West 1861 1865 A Study*

in Command in 1974 Although it remained unpublished it was not wholly unknown Deep diving researchers were aware of Dr Geise s work and lamented the fact that it was not widely available to the general public In many respects studies of the Trans Mississippi Theater are only now catching up with Geise This intriguing book traces the evolution of Confederate command and how it affected the shifting strategic situation and general course of the war Dr Geise accomplishes his task by coming at the question in a unique fashion Military field operations are discussed as needed but his emphasis is on the functioning of headquarters and staff the central nervous system of any military command This was especially so for the Trans Mississippi After July 1863 the only viable Confederate agency west of the great river was the headquarters at Shreveport That hub of activity became the sole location to which all isolated players civilians and military alike could look for immediate overall leadership and a sense of Confederate solidarity By filling these needs the Trans Mississippi Department assumed a unique and vital role among Confederate military departments and provided a focus for continued Confederate resistance west of the Mississippi River The author s work mining primary archival sources and published firsthand accounts coupled with a smooth and clear writing style helps explain why this remote department referred to as Kirby Smithdom after Gen Kirby Smith failed to function efficiently and how and why the war unfolded there as it did Trans Mississippi Theater historian and Ph D candidate Michael J Forsyth Col U S Army Ret has resurrected Dr Geise s smoothly written and deeply researched manuscript from its undeserved obscurity This edition with its original annotations and Forsyth s updated citations and observations is bolstered with original maps photographs and images Students of the war in general and the Trans Mississippi Theater in particular will delight in its long overdue publication
