The Constitution Ezra Taft Benson,1986 *Constitution, a Heavenly Banner, the by Ezra Taft Benson* Archive Publishers,2012-01-01 **Essays on Foundations of American Constitutional Government** Robert D. Gorgoglione,2011-02-25 *America's Destiny: Choosing God's Will or Ours (A Historical & Latter-day Saint Perspective)* Tad R. Callister,2023-07-10 America s Destiny sets forth compelling evidence of America s divine origin and destiny that it was a nation founded upon divine providence not coincidence as testified repeatedly by the Founding Fathers respected historians and statesmen This revised edition also adds numerous scriptures and statements from prophets of God attesting to this truth With that perspective America s Destiny asks the question that should be on all of our minds What is the greatest challenge facing our nation today and how should we confront it in a way that pleases God The economy national security immigration gun control poverty racism crime national pandemics climate change While each of these is a valid concern and deserves attention none of them strikes at the heart of our greatest challenge namely finding a way to build stronger homes and bring about a return to family God and moral values To put our prime focus on challenges other than these is to strike at the leaves not the root of the problem It is now our choice and America s choice to place our trust in the wisdom of God or the wisdom of the world to be a nation under God or without God If we become a nation under God then we become eligible to receive the promise Blessed is the nation whose God is the Lord Psalm 33 12 [Toward Socialist America](#) Robert D. Gorgoglione Sr.,2010-08-06 The State is all Every man s life is at the call of the nation and so must be every man s property We are living today in a highly organized state of socialism The state is all the individual is of importance only as he contributes to the welfare of the state His property is his only as the State does not need it He must hold his life and possessions at the call of the State Bernard Baruch Advisor to Franklin Delano Roosevelt s New Deal Everything for the State nothing outside the State Nothing above the State v Benito Mussolini Fascist dictator of Italy We are socialist we are enemies of today s capitalistic economic system and we are all determined to destroy this system under all conditions Adolph Hitler National Socialist dictator of Germany Every new local or federal public ownership project is an added nail in the coffin that will finally contain capitalism Joseph Stalin Communist dictator **Latter-day Liberty** Connor Boyack,2011 Individual liberty is a fundamental aspect of the good news of the gospel But what is liberty exactly and what role does it play in our lives Connor Boyack explores these questions and much more in this detailed analysis of historical developments secular information and scriptural insights Make the most of your freedom through the joys of the gospel with this timely book **Doctrinal Quotes volume II** Brian Koralewski,2010-07-29 More doctrinal quotes on a wide range of topics compiled based on being very insightful or interesting From Latter day prophets and apostles with a few quotes from leading scholars and other qualified sources **We Believe** Rulon T. World War into sharp relief explaining the ways in which a church very much rooted in its nineteenth century prophetic and pioneering past achieved unprecedented influence in the realms of American politics and international business John Rawls: Political liberalism and the law of peoples John Rawls,2002 Latter-Day Responsibility Connor Boyack,2012 With our personal liberties under constant threat it s up to Latter day Saints everywhere to stand up for our freedoms This compelling volume describes in detail the many responsibilities we must each perform if we truly wish to defend individual liberty in the latter days Including topics like faith family and financial freedom this is a must read for all members

Hiding in Plain Sight, 2nd Edition: Unmasking the Secret Combinations of the Last Days Ken

Bowers,2023-02-02 The world is full of evil men conspiring for total control Composed of religious financial and political committees this secret combination coordinates with other groups to accomplish its ultimate plan a one world government called the New World Order and a one world religion led by the Anti Christ But if this is true why do so few people know about it Why isn t it broadcast by the media for all the world to see One reason is that the media obscures the actions of this great conspiracy But the greatest reason is that the conspiracy is taking place right before our eyes staring at us so hard in the face that we can t see it With new evidence from various experts on the subject this revised edition of Hiding in Plain Sight examines the combinations that seek to destroy us and exposes the reasoning they use to deceive us This is a must read for any Latter day Saint who wants to outsmart the enemy and win the war against Satan **River Notes** Wade

Davis,2023-09-19 At a time when the Colorado River and all those who depend on it are in peril this urgent book offers both a love song and a paean of regret to America s most spectacular river Denver Post and a plea to save it before it s too late The Wall Street Journal From bestselling author long time former National Geographic Explorer and anthropologist Wade Davis comes the story of America s Nile how it once flowed freely and how human intervention has left it near exhaustion altering the water temperature volume local species and shoreline of the river Theodore Roosevelt once urged us to leave it as it is Plugged by no fewer than twenty five dams the Colorado is the world s most regulated river drainage providing most of the water supply of Las Vegas Tucson and San Diego and much of the power and water of Los Angeles and Phoenix cities that are home to more than 25 million people If it ceased flowing the water held in its reservoirs might hold out for three to four years but after that it would be necessary to abandon most of southern California and Arizona and much of Colorado New Mexico Utah and Wyoming For the entire American Southwest the Colorado is indeed the river of life which makes it all the more tragic and ironic that by the time it approaches its final destination it has been reduced to a shadow upon the sand its delta dry and deserted its flow a toxic trickle seeping into the sea Yet despite more than a century of human interference Davis writes the splendor of the Colorado lives on in the river s remaining wild rapids quiet pools and sweeping canyons The story of the Colorado River is the human quest for progress and its inevitable effects and an opportunity to learn from past mistakes and foster the rebirth of America s most iconic waterway A beautifully told story of historical adventure and natural

beauty River Notes is a fascinating journey down the river and through mankind's complicated and destructive relationship with one of its greatest natural resources Published in Partnership with the David Suzuki Institute **America in Perspective** Andrew S. Weeks, 2000-08 Numerous books and pamphlets have been written on what the author calls the American theme However many of these publications are nothing more than a synopsis of American tragedy and government corruption This book has a larger more ideal ambition says the author In the truest sense America in Perspective is not as much a book about what's wrong with America as it is a book about what's right or will be right with America America in Perspective is a catchy book different than the masses The author writes of America's past present and future as seen through a religious perspective Though primarily LDS Latter day Saint or Mormon oriented America in Perspective can inspire anyone who has even an inkling of American patriotism With numerous quotes from scripture past and present religious authorities political leaders and other sources America in Perspective is a classy book that fills a contemporary need

Hattem, 2024-07-23 The surprising history of how Americans have fought over the meaning and legacy of the Revolution for nearly two and a half centuries Americans agree that their nation's origins lie in the Revolution but they have never agreed on what the Revolution meant For nearly two hundred and fifty years politicians political parties social movements and a diverse array of ordinary Americans have constantly reimagined the Revolution to fit the times and suit their own agendas In this sweeping take on American history Michael D Hattem reveals how conflicts over the meaning and legacy of the Revolution including the Declaration of Independence and the Constitution have influenced the most important events and tumultuous periods in the

nation's history how African Americans women and other oppressed groups have shaped the popular memory of the Revolution and how much of our contemporary memory of the Revolution is a product of the Cold War By exploring the Revolution's unique role in American history as a national origin myth Hattem shows how the meaning of the Revolution has never been fixed how remembering the nation's founding has often done far more to divide Americans than to unite them and how revising the past is an important and long standing American political tradition *Thunder from the Right* Matthew L Harris, 2019-03-02 Ezra Taft Benson's ultra conservative vision made him one of the most polarizing leaders in the history of the Church of Jesus Christ of Latter day Saints His willingness to mix religion with extreme right wing politics troubled many Yet his fierce defense of the traditional family unabashed love of country and deep knowledge of the faith endeared him to millions In *Thunder from the Right* a group of veteran Mormon scholars probe aspects of Benson's extraordinary life Topics include how Benson's views influenced his actions as Secretary of Agriculture in the Eisenhower Administration his dedication to the conservative movement from alliances with Barry Goldwater and the John Birch Society to his condemnation of the civil rights movement as a communist front how his concept of the principle of free agency became central to Mormon theology his advocacy of traditional gender roles as a counterbalance to liberalism and the events and implications of Benson's term as Church president Contributors Gary James Bergera Matthew Bowman Newell G Bringham Brian Q Cannon Robert A Goldberg Matthew L Harris J B Haws and Andrea G Radke Moss
