Andrew E. Taslitz

The Constitution And Criminal Procedure First Principles:

The Constitution and Criminal Procedure Akhil Reed Amar, 1997-01-01 Under the banner of the Fourth Fifth and Sixth Amendments the Supreme Court of America has constitutionalized vast areas of criminal procedure law in ways that often reward the guilty whilst hurting the innocent This book reconceptualizes the basic foundations of the criminal procedure field

Roberts & Zuckerman's Criminal Evidence Paul Roberts, Adrian Zuckerman, 2022-08-04 Roberts and Zuckerman's *Criminal Evidence* is the eagerly anticipated third of edition of the market leading text on criminal evidence fully revised to take account of developments in legislation case law policy debates and academic commentary during the decade since the previous edition was published With an explicit focus on the rules and principles of criminal trial procedure Roberts and Zuckerman's *Criminal Evidence* develops a coherent account of evidence law which is doctrinally detailed securely grounded in a normative theoretical framework and sensitive to the institutional and socio legal factors shaping criminal litigation in practice The book is designed to be accessible to the beginner informative to the criminal court judge or legal practitioner and thought provoking to the advanced student and scholar a textbook and monograph rolled into one The book also provides an ideal disciplinary map and work of reference to introduce non lawyers including forensic scientists and other expert witnesses to the foundational assumptions and technical intricacies of criminal trial procedure in England and Wales and will be an invaluable resource for courts lawyers and scholars in other jurisdictions seeking comparative insight and understanding of evidentiary regulation in the common law tradition

Crime, Procedure and Evidence in a Comparative and International Context John D Jackson, Maximo Langer, 2008-09-29 This book aims to honour the work of Professor Mirjan Dama ka Sterling Professor of Law at Yale Law School and a prominent authority for many years in the fields of comparative law procedural law evidence international criminal law and Continental legal history Professor Dama ka s work is renowned for providing new frameworks for understanding different legal traditions To celebrate the depth and richness of his work and discuss its implications for the future the editors have brought together an impressive range of leading scholars from different jurisdictions in the fields of comparative and international law evidence and criminal law and procedure Using Professor Dama ka s work as a backdrop the essays make a substantial contribution to the development of comparative law procedure and evidence After an introduction by the editors and a tribute by Harold Koh Dean of Yale Law School the book is divided into four parts The first part considers contemporary trends in national criminal procedure examining cross fertilisation and the extent to which these trends are resulting in converging practices across national jurisdictions The second part explores the epistemological environment of rules of evidence and procedure The third part analyses human rights standards and the phenomenon of hybridisation in transnational and international criminal law The final part of the book assesses Professor Dama ka s contribution to comparative law and the challenges faced by comparative law in the twenty first century

Philosophical Foundations of Criminal Law R. A. Duff, Stuart Green, 2013-01-24

Twenty five leading contemporary theorists of criminal law tackle a range of foundational issues about the proper aims and structure of the criminal law in a liberal democracy The challenges facing criminal law are many There are crises of over criminalization and over imprisonment penal policy has become so politicized that it is difficult to find any clear consensus on what aims the criminal law can properly serve governments seeking to protect their citizens in the face of a range of perceived threats have pushed the outer limits of criminal law and blurred its boundaries To think clearly about the future of criminal law and its role in a liberal society foundational questions about its proper scope structure and operations must be re examined What kinds of conduct should be criminalized What are the principles of criminal responsibility How should offences and defences be defined The criminal process and the criminal trial need to be studied closely and the purposes and modes of punishment should be scrutinized Such a re examination must draw on the resources of various disciplines notably law political and moral philosophy criminology and history it must examine both the inner logic of criminal law and its place in a larger legal and political structure it must attend to the growing field of international criminal law it must consider how the criminal law can respond to the challenges of a changing world Topics covered in this volume include the question of criminalization and the proper scope of the criminal law the grounds of criminal responsibility the ways in which offences and defences should be defined the criminal process and its values criminal punishment the relationship between international criminal law and domestic criminal law Together the essays provide a picture of the exciting state of criminal law theory today and the basis for further research and debate in the coming years

University of Chicago Law Review: Volume 78, Number 4 - Fall 2011 University of Chicago Law Review,2012-04-11 A leading law review now offers a quality eBook edition The fourth and final issue of 2011 Volume 78 features articles and essays from internationally recognized legal scholars and governmental leaders including Cass Sunstein on empirically informed regulation Jonathan Bressler on jury nullification and Reconstruction Daniel Schwarcz on standardized insurance policies and Bertral Ross II writing against constitutional mainstreaming in statutory interpretation In addition the issue includes a review essay on the book The Master Switch as well as student Comments on such subjects as same sex divorce religious practices by prisoners falsely claiming Medal of Honor status and enhancement in federal sentencing The issue is presented in modern eBook formatting and features active Tables of Contents linked footnotes and URLs and legible graphs and tables

Confronting Failures of Justice Paul H. Robinson,Jeffrey Seaman,Muhammad Sarahne,2024-08-06 Most murderers and rapists escape justice a horrifying fact that has gone largely unexamined until now This groundbreaking book tours nearly the entire criminal justice system examining the rules and practices that regularly produce failures of justice in serious criminal cases Each chapter outlines the nature and extent of justice failures in present practice describing the interests at stake and providing real world examples Finally each chapter reviews proposed and implemented reforms that could balance the competing interests in a less justice frustrating manner and recommends one sometimes completely original reform to improve the system A

systematic study of justice failures is long overdue As this book discusses regular failures of justice in serious criminal cases undermine deterrence and the criminal justice system s credibility with the community as a moral authority The damage caused by unpunished crime is immense and even worse falls primarily on vulnerable minority communities Now for the first time students researchers policymakers and citizens have a resource that explains why justice failures occur and what can be done about them *Confronting Failures of Justice* is accessible for use by college freshman through graduate students and law students and is designed to be main text for a course on justice failures but it could be used in conjunction with other texts in a broad range of courses touching on criminal justice It presents arguments in a highly organized fashion and provides dozens of case studies many with photographs to gain student interest and to bring the academic discussions to life

Institutions of American Democracy: The Judicial Branch Kermit L. Hall, Kevin T. McGuire, 2005-10-27 Presents a collection of essays that provide an examination of the judicial branch of the American government including its history its impact and its future ***The Judicial Branch*** Kermit L. Hall, 2005 Presents a collection of essays that provide an examination of the judicial branch of the American government including its history its impact and its future

Unreasonable Searches and Seizures Otis H. Stephens Jr., Richard A. Glenn, 2005-11-23 A timely historical look at Fourth Amendment jurisprudence covering more than two centuries of search and seizure law from landmark judicial decisions to enduring controversies *Unreasonable Searches and Seizures Rights and Liberties under the Law* provides a comprehensive exploration of the development of the Fourth Amendment from the late 18th century to the present The work clearly explains complex legal questions and pivotal judicial decisions illustrating the controversial nature of Fourth Amendment issues and differentiating between reasonable and unreasonable searches and seizures Presenting a wealth of cases and examples the authors analyze important developments such as the impact of the Supreme Court s decision in *Weeks v United States* prohibiting federal courts from admitting evidence obtained in violation of the Amendment the expansion of Fourth Amendment protections in the 1960s the apparent weakening of rights since the early 1970s and the contraction of the exclusionary rule in response to the war on drugs and the war on terror *The Right to Confrontation in Europe* Stefano Maffei, 2012 Investigates the theory and practice of the Right to Confrontation and the right of an accused person to examine witnesses against him This book tackles the question of what values and interests should allow incursions into this fundamental right A conceptual analysis is developed in order to define the concept of testimonial evidence

Research Handbook on Economic Models of Law Thomas J. Miceli, Matthew J. Baker, 2013-12-27 One of the great successes of the law and economics movement has been the use of economic models to explain the structure and function of broad areas of law The original contributions to this volume epitomize that tradition offering state of the art *The History and Growth of Judicial Review, Volume 1* Steven G. Calabresi, 2021 This two volume set gives an account of the origins and growth of judicial review in the democratic countries of the G 20 from its beginnings in the United States to its expansion

after World War II Volume 1 covers the common law jurisdictions A Republic of Statutes William N. Eskridge (Jr.), John A. Ferejohn, 2010-01-01 William Eskridge and John Ferejohn propose an original theory of constitutional law whereby while the Constitution provides a vision our democracy advances by means of statutes that supplement or even supplant the written Constitution **Reconstructing the Fourth Amendment** Andrew E. Taslitz, 2009-03 The modern law of search and seizure permits warrantless searches that ruin the citizenry's trust in law enforcement harms minorities and embraces an individualistic notion of the rights that it protects ignoring essential roles that properly conceived protections of privacy mobility and property play in uniting Americans Many believe the Fourth Amendment is a poor bulwark against state tyrannies particularly during the War on Terror Historical amnesia has obscured the Fourth Amendment's positive aspects and Andrew E. Taslitz rescues its forgotten history in *Reconstructing the Fourth Amendment* which includes two novel arguments First that the original Fourth Amendment of 1791 born in political struggle between the English and the colonists served important political functions particularly in regulating expressive political violence Second that the Amendment's meaning changed when the Fourteenth Amendment was created to give teeth to outlawing slavery and its focus shifted from primary emphasis on individualistic privacy notions as central to a white democratic polis to enhanced protections for group privacy individual mobility and property in a multi racial republic With an understanding of the historical roots of the Fourth Amendment suggests Taslitz we can upend negative assumptions of modern search and seizure law and create new institutional approaches that give political voice to citizens and safeguard against unnecessary humiliation and dehumanization at the hands of the police *The Bill of Rights Primer* Akhil Reed Amar, Les Adams, 2013-07-01 Many Americans reference the Bill of Rights a document that represents many of the freedoms that define the United States Who doesn't know about the First Amendment's freedom of religion or Second Amendment's right to bear arms In this pocket sized volume Akhil Reed Amar and Les Adams offer a wealth of knowledge about the Bill of Rights that goes beyond a basic understanding The Bill of Rights Primer is an authoritative guide to all American freedoms Uncluttered and well organized this text is perfect for those who want to study up on the Bill of Rights without needing a law degree to do so This elementary guidebook presents a short historical survey of the people events decrees legislation writings and cultural milestones in England and the American colonies that influenced the Founding Fathers as they drafted the U S Constitution and Bill of Rights With helpful comments and fun facts in the margins the book will provide a deeper understanding of the Bill of Rights exhibiting that it is not a stagnant document but one with an evolving meaning shaped by historical events such as the American Civil War and Reconstruction *Constitutional Stupidities, Constitutional Tragedies* William N. Eskridge, Sanford V. Levinson, 1998-06-01 The Constitution is the cornerstone of American government hailed as one of the greatest contributions of the Western Enlightenment While many seem content simply to celebrate it those most familiar with the document invariably find it wanting in at least some aspects This unique volume brings together many of the country's most

esteemed constitutional commentators and invites them to answer two questions First what is the stupidest provision of the Constitution Stupid need not mean evil Thus a second related question is whether the scholar interpreter would be forced to reach truly evil results even if applying his or her own favored theory of constitutional interpretation The contributors include Lawrence Alexander Akhil Reed Amar Jack Balkin Philip Bobbitt Gerard Bradley Rebecca Brown Steven Calabresi Lief Carter Christopher Eisgruber Lawrence Sager Marie Failinger Daniel Farber James Fleming Mark Graber Stephen Griffin Gary Jacobsohn Randall Kennedy Lewis LaRue Theodore Lowi Earl Maltz Michael McConnell Matthew Michael Robert Nagel Daniel Ortiz Pamela Karlen Michael Paulsen Robert Post Lucas Powe Dorothy Roberts Jeffrey Rosen Frederick Schauer Michael Seidman Suzanna Sherry David Strauss Laurence Tribe Mark Tushnet and John Yoo

Medical Benefit and the Human Lottery Duff R. Waring, 2008-01-18 Bioethicists moral philosophers and social policy analysts have long debated about how we should decide who shall be saved with scarce lifesaving resources when not all can be saved It is often claimed that it is fairer to save younger persons and that age is an ethically relevant consideration in such tragic decisions Medical benefit should be maximized and final selection should aim to minimize the contaminating influence of chance These claims are challenged by Duff R Waring in Medical Benefit and the Human Lottery one of the few books that attempts a sustained defence of random patient selection This book combines ethics and political philosophy in its novel and strict egalitarian approach to patient selection for transplantable organs Waring addresses the question of whether we should choose between lives on the basis of fair chances or best outcomes He argues that final selection criteria should be based on fair chances that equalize opportunity as opposed to best outcomes His defence of hardy egalitarianism aims to show that random selection by lottery can affirm both a common humanity and the equal value of lives The notion of patient selection by lottery has not fared well in bioethics and has been regarded by some as a moral affront Waring argues that a human selection lottery may be neither as crude nor as ethically anomalous as some have supposed Indeed it can reflect a familiar conception of equality as a political and moral ideal This conception abstracts from many undeniable differences between patients and claims that scarce resources should be allocated on the principled assumption that each of their lives is equally worth saving The book is also notable for its critiques of some recent utilitarian notions of medical benefit which can have an age biased impact on elderly patients Waring then argues against the leading contemporary age based approaches to patient selection He explores the way random selection by lottery can affirm his egalitarian ethos in cases where eligible transplant candidates have each passed a threshold level of prospective medical benefit that has been set by democratic deliberation Taming chance with a human lottery is defended as the most lucid means of ensuring equal opportunity In so doing Waring argues that we give the principle of equal concern and respect a radical expression above a noncomparative threshold of medical benefit each candidate can have an equal claim to life

Lawyers, Lawsuits, and Legal Rights Thomas F. Burke, 2002-10-29 Lawsuits over coffee burns playground injuries even bad teaching litigation horror stories create the impression that Americans are

greedy quarrelsome and sue happy The truth as this book makes clear is quite different What Thomas Burke describes in *Lawyers Lawsuits and Legal Rights* is a nation not of litigious citizens but of litigious policies laws that promote the use of litigation in resolving disputes and implementing public policies This book is a cogent account of how such policies have come to shape public life and everyday practices in the United States As litigious policies have proliferated so have struggles to limit litigation and these struggles offer insight into the nation s court centered public policy style Burke focuses on three cases the effort to block the Americans with Disabilities Act an attempt to reduce accident litigation by creating a no fault auto insurance system in California and the enactment of the Vaccine Injury Compensation Act These cases suggest that litigious policies are deeply rooted in the American constitutional tradition Burke shows how the diffuse divided structure of American government together with the anti statist ethos of American political culture creates incentives for political actors to use the courts to address their concerns The first clear and comprehensive account of the national politics of litigation his work provides a new way to understand and address the litigiousness of American society

The Words That Made Us
Akhil Reed Amar, 2021-05-04 A history of the American Constitution s formative decades from a preeminent legal scholar When the US Constitution won popular approval in 1788 it was the culmination of thirty years of passionate argument over the nature of government But ratification hardly ended the conversation For the next half century ordinary Americans and statesmen alike continued to wrestle with weighty questions in the halls of government and in the pages of newspapers Should the nation s borders be expanded Should America allow slavery to spread westward What rights should Indian nations hold What was the proper role of the judicial branch In *The Words that Made Us* Akhil Reed Amar unites history and law in a vivid narrative of the biggest constitutional questions early Americans confronted and he expertly assesses the answers they offered His account of the document s origins and consolidation is a guide for anyone seeking to properly understand America s Constitution today
