

# Slavery In Britain

**Sebastian Brünink**

## Slavery In Britain:

Slavery and the British Empire Kenneth Morgan,2007-12-06 This is an introduction to the entire history of British involvement with slavery and the slave trade which especially focuses on the two centuries from 1650 and covers the Atlantic world especially North America and the West Indies as well as the Cape Colony Mauritius and India *Black Ivory* James Walvin,1994 The brutal story of African slavery in the British colonies of the West Indies and North America is told with clarity and compassion in this classic history James Walvin explores the experiences which bound together slaves from diverse African backgrounds and explains how slavery transformed the tastes and economy of the Western world Although written for readers with no prior knowledge of the subject Walvin's account is based on detailed scholarship drawing on a body of work from the USA the West Indies and Britain All aspects of African slavery up to 1776 are covered the situation of women flight and rebellion disease and death the conditions on the slave ships the abolition campaign and much more The narrative is enlivened and personalised by frequent reference to individual lives For this revised edition the author has incorporated recent scholarly findings and updated the notes and bibliography in order to keep the book current

*Proslavery Britain* Paula E. Dumas,2016-03-15 This book tells the untold story of the fight to defend slavery in the British Empire Drawing on a wide range of sources from art poetry and literature to propaganda scientific studies and parliamentary papers *Proslavery Britain* explores the many ways in which slavery's defenders helped shape the processes of abolition and emancipation It finds that proslavery arguments and rhetoric were carefully crafted to justify slavery defend the colonies and attack the abolition movement at the height of the slavery debates *Econocide* Seymour Drescher,2010 In this classic analysis and refutation of Eric Williams's 1944 thesis Seymour Drescher argues that Britain's abolition of the slave trade in 1807 resulted not from the diminishing value of slavery for Great Britain but instead from the British public's **Legacies of British Slave-ownership** Catherine Hall,2014-08-28 This book puts the legacies of slavery squarely back into modern British history *Britain's Slave Empire* James Walvin,2000 The author re tells the story of how the international commodity market in slaves operated how transportation over 1000s of miles by ship was possible and the trading rules He also presents an account of the course of Britain's cultural life After Abolition Marika Sherwood,2007-02-23 With the abolition of the slave trade in 1807 and the Emancipation Act of 1833 Britain seemed to wash its hands of slavery Not so according to Marika Sherwood who sets the record straight in this provocative new book In fact Sherwood demonstrates that Britain continued to contribute to the slave trade well after 1807 even into the twentieth century Drawing on government documents and contemporary reports as well as published sources she describes how slavery remained very much a part of British investment commerce and empire especially in funding and supplying goods for the trade in slaves and in the use of slave grown produce The nancial world of the City in London also depended on slavery which directly and indirectly provided employment for millions of people *After Abolition* also examines some of the causes and repercussions of continued British

involvement in slavery and describes many of the apparently respectable villains as well as the heroes connected with the trade at all levels of society It contains important revelations about a darker side of British history previously unexplored which will provoke real questions about Britain's perceptions of its past     The slave colonies of Great Britain; or A picture of negro slavery drawn by the colonists themselves; being an abstract of the various papers recently laid before Parliament on that subject Society for the Mitigation and Gradual Abolition of Slavery Throughout the British Dominions, 1826     **The Legacy of Slavery in Britain** Nigel Sadler, 2018-10-15 Author Nigel Sadler challenges misconceptions of the built British landscape and shows how profits from slavery went into the construction of many iconic buildings     *Women Against Slavery* Clare Midgley, 2004-08-02 This comprehensive study of women anti slavery campaigners fills a serious gap in abolitionist history Covering all stages of the campaign *Women Against Slavery* uses hitherto neglected sources to build up a vivid picture of the lives words and actions of the women who were involved and their distinctive contribution to the abolitionist movement It looks at the way women's participation influenced the organisation activities policy and ideology of the campaign and analyses the impact of female activism on women's own attitudes to their social roles and their participation in public life Exploring the vital role played by gender in shaping the movement as a whole this book makes an important contribution to the debate on race and gender     **The ^AMighty Experiment** Seymour Drescher, 2004-10-14 By the mid eighteenth century the transatlantic slave trade was considered to be a necessary and stabilizing factor in the capitalist economies of Europe and the expanding Americas Britain was the most influential power in this system which seemed to have the potential for unbounded growth In 1833 the British empire became the first to liberate its slaves and then to become a driving force toward global emancipation There has been endless debate over the reasons behind this decision This has been portrayed on the one hand as a rational disinvestment in a foundering overseas system and on the other as the most expensive per capita expenditure for colonial reform in modern history In this work Seymour Drescher argues that the plan to end British slavery rather than being a timely escape from a failing system was on the contrary the crucial element in the greatest humanitarian achievement of all time *The Mighty Experiment* explores how politicians colonial bureaucrats pamphleteers and scholars taking anti slavery positions validated their claims through rational scientific arguments going beyond moral and polemical rhetoric and how the infiltration of the social sciences into this political debate was designed to minimize agitation on both sides and provide common ground Those at the inception of the social sciences such as Adam Smith and Thomas Malthus helped to develop these tools to create an argument that touched on issues of demography racism and political economy By the time British emancipation became legislation it was being treated as a massive social experiment whose designs many thought had the potential to change the world This study outlines the relationship of economic growth to moral issues in regard to slavery and will appeal to scholars of British history nineteenth century imperial history the history of slavery and those interested in the history of human rights *The Mighty Experiment* was the

winner of First Prize Frederick Douglass Book Prize Gilder Lehrman Center for the Study of Slavery Resistance and Abolition

**The British Transatlantic Slave Trade Vol 1** Kenneth Morgan, Robin Law, David Ryden, J R Oldfield, 2022-01-26

Contains primary texts relating to the British slave trade in the 17th and 18th century The first volume contains two 18th century texts covering the slave trade in Africa Volume two focuses on the work of the Royal African company and volumes three and four focus on the abolitionists struggle British Capitalism and Caribbean Slavery Barbara Lewis Solow, Stanley L. Engerman, 2004-07-08 The proceedings of a conference on Caribbean slavery and British capitalism are recorded in this volume Convened in 1984 the conference considered the scholarship of Eric Williams his legacy in this field of historical research SLAVERY : BRITAIN'S BURIED HISTORY Brian Phokeer doss , 2024-12-21 In the quiet corners of British history lies a shadowed legacy the uncomfortable truth of our nation s involvement in the TRANSATLANTIC SLAVE TRADE For centuries millions of African lives were uprooted shackled and transported across the Atlantic their suffering woven into the very fabric of Britain s prosperity Yet this history remains obscured buried beneath layers of denial guilt and selective memory As we walk the cobbled streets of London gaze upon grand statues and admire historic buildings we often forget the blood soaked roots that nourished our empire In this book I embark on a quest a quest to unearth the hidden narratives the silenced voices and the forgotten faces Together we ll peel back the layers of time revealing the uncomfortable truths that many would rather ignore Brace yourself for we ll delve into the heart of darkness the middle passage the plantations and the lives lost This book will explore the lesser known aspects of Britain s involvement in the transatlantic slave trade and the system of slavery that existed in the country for centuries The book delves into the lives of enslaved individuals in Britain from the early days of the trade in the 16th century to its eventual abolition in the 19th century It explores the economic and social impact of slavery on the country as well as the resistance and activism of enslaved individuals and abolitionists Through primary sources personal accounts and historical records SLAVERY BRITAIN S HIDDEN HISTORY sheds light on a dark period of British history that has often been overlooked or downplayed It aims to challenge perceptions and foster a deeper understanding of the legacy of slavery in Britain today Popular Politics and British Anti-slavery John R. Oldfield, 1998 This work explains how the expression of support for black people in 1792 when 400 000 people called for the abolition of the slave trade was organized and orchestrated and how it contributed to the growth of popular politics in Britain

**Abolition** Michael Taylor, 2020-11-05 For two hundred years the abolition of slavery in Britain has been a cause for self congratulation but no longer In 1807 Parliament outlawed the slave trade in the British Empire but for the next quarter of a century despite heroic and bloody rebellions more than 700 000 people in the British colonies remained in slavery And when a renewed abolitionist campaign was mounted making slave ownership the defining political and moral issue of the day emancipation was fiercely resisted by the powerful West India Interest Supported by nearly every leading figure of the British establishment including Canning Peel and Gladstone The Times and Spectator the Interest ensured that slavery

survived until 1833 and that when abolition came at last compensation was given not to the enslaved but to the slaveholders Worth e340 billion in today s money this was the largest pay out in British history before the banking rescue package of 2008 incurring a national debt that was only repaid in 2015 and entrenching the power of slaveholders and their families to shape modern Britain Drawing on major new research this long overdue and ground breaking history shows that the triumph of abolition was also one of the darkest episodes in British history revealing the lengths to which British leaders went to defend the indefensible in the name of profit Invoking Slavery in the Eighteenth-Century British Imagination Srividhya Swaminathan,Adam R. Beach,2016-05-06 In the eighteenth century audiences in Great Britain understood the term slavery to refer to a range of physical and metaphysical conditions beyond the transatlantic slave trade Literary representations of slavery encompassed tales of Barbary captivity the exotic slaving practices of the Ottoman Empire the political enslavement practiced by government or church and even the harsh life of servants under a cruel master Arguing that literary and cultural studies have focused too narrowly on slavery as a term that refers almost exclusively to the race based chattel enslavement of sub Saharan Africans transported to the New World the contributors suggest that these analyses foreclose deeper discussion of other associations of the term They suggest that the term slavery became a powerful rhetorical device for helping British audiences gain a new perspective on their own position with respect to their government and the global sphere Far from eliding the real and important differences between slave systems operating in the Atlantic world this collection is a starting point for understanding how slavery as a concept came to encompass many forms of unfree labor and metaphorical bondage precisely because of the power of association Britain and the Slave Trade Heinemann Staff,Rosemary Rees,1996 What was the slave trade Life for black slaves Slave merchants Reasons why the slave trade was abolished Toussaint L Overture William Wilberforce British attempts to abolish slavery Discourses of Slavery and Abolition B. Carey,M. Ellis,S. Salih,2004-05-25 Discourses of Slavery and Abolition brings together for the first time the most important strands of current thinking on the relationship between slavery and categories of writing oratory and visual culture in the long Eighteenth century The book begins by examining writing about slavery and race by both philosophers and by authors such as Aphra Behn It considers self representation in the works of Ignatius Sancho Olaudah Equiano James Williams and Mary Prince The final section reads literary and cultural texts associated with the abolition movements of the Eighteenth and Nineteenth centuries moving beyond traditional accounts of the documents of that movement to show the importance of religious writing children s literature and the relationship between art and abolition **The bonds of family** Katie Donington,2019-11-15 Moving between Britain and Jamaica this book reconstructs the world of commerce consumption and cultivation sustained through an extended engagement with the business of slavery Transatlantic slavery was both shaping of and shaped by the dynamic networks of family that established Britain s Caribbean empire Tracing the activities of a single extended family the Hibberts this book explores how slavery impacted on the social cultural economic and political landscape

of Britain It is a history of trade colonisation enrichment and the tangled web of relations that gave meaning to the transatlantic world The Hibberts s trans generational story imbricates the personal and the political the private and the public the local and the global It is both the intimate narrative of a family and an analytical frame through which to explore Britain s history and legacies of slavery

## Unveiling the Magic of Words: A Review of "**Slavery In Britain**"
