Canadian History: Confederation to the present Martin Brook Taylor,Doug Owsram,1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover *A History of Canadian Catholics* Terence J. Fay,2002 A history of the first 400 years of Catholic life in Canada *Vancouver Past: Essays in Social History* Robert A. J. McDonald,Jean Barman,1986-01-01 Focusing on Vancouver's social history the essays written for this special edition of BC Studies treat hitherto neglected areas of the city's past and bring new insights into how its residents lived and worked Receiving particular attention is the socio economic and residential structure of Vancouver with one author arguing that the city's economy created an urban working class which was at once more complex and politically more conservative than that of the highly polarized communities on Vancouver Island and in the Interior **The Limits of Labour** David Bright,2011-11-01 In a few short decades before the First World War Calgary was transformed from a frontier outpost into a complex industrial metropolis With industrialization there emerged a diverse and equally complex working class David Bright explores the various levels of class formation and class identity in the city to argue that Calgary's reputation as a prewar centre of labour conservatism is in need of revision Bright also delineates the trials of the Calgary labour movement in the 1920s Internal divisions and dissent prevented the movement from realizing the potential strength of the working class Instead even as local capitalism restructured itself political and industrial labour organizations wilfully fragmented their own base of support In particular they failed to address the concerns and needs of the growing number of unemployed in the city a neglect that foreshadowed events of the 1930s This failure left the labour movement unable to meet the challenge of the Great Depression In part at least the demise of labour as a viable political alternative in Calgary paved the way for the rise of Social Credit Using Calgary as a model *The Limits of Labour* reasserts the need to place class formation at the heart of the development of western Canada and provides an historical context to the renewed struggle of labour for social justice in the 1990s **Canada's Jews** Gerald Tulchinsky,2008-05-24 The history of the Jewish community in Canada says as much about the development of the nation as it does about the Jewish people Spurred on by upheavals in Eastern Europe in the late nineteenth and early twentieth centuries many Jews emigrated to the Dominion of Canada which was then considered little

more than a British satellite state Over the ensuing decades as the Canadian Jewish identity was forged Canada itself underwent the transformative experience of separating itself from Britain and distinguishing itself from the United States In this light the Canadian Jewish identity was formulated within the parameters of the emerging Canadian national personality Canada's Jews is an account of this remarkable story as told by one of the leading authors and historians on the Jewish legacy in Canada Drawing on his previous work on the subject Gerald Tulchinsky illuminates the struggle against anti-Semitism and the search for a livelihood amongst the Jewish community He demonstrates that far from being a fragment of the Old World the Canadian Jewry grew from a tiny group of transplanted Europeans to a fully articulated diversified and dynamic national group that defined itself as Canadian while expressing itself in the varied political and social contexts of the Dominion Canada's Jews covers the 240 year period from the beginnings of the Jewish community in the 1760s to the present day illuminating the golden chain of Jewish tradition religion language economy and history as established and renewed in the northern lands With important points about labour immigration and anti-Semitism it is a timely book that offers sober observations about the Jewish experience and its relation to Canadian history A history of the Communist Party of Canada, 1919-1929 William Rodney, 1961 *Whose National Security?* Gary Kinsman, Dieter K. Buse, Mercedes Steedman, 2000-10-01 Would you believe that RCMP operatives used to spy on Tupperware parties In the 1950s and 60s they did They also monitored high school students gays and lesbians trade unionists left wing political groups feminists consumer associations Black activists First Nations people and Quebec sovereigntists The establishment of a tenacious Canadian security state came as no accident On the contrary the highest levels of government and the police along with non-governmental interests and institutions were involved in a concerted campaign The security state grouped ordinary Canadians into dozens of political stereotypes and labelled them as threats *Whose National Security* probes the security state's ideologies and hidden agendas and sheds light on threats to democracy that persist to the present day The contributors varied approaches open up avenues for reconceptualizing the nature of spying *The Feminist Challenge to the Canadian Left, 1900-1918* Janice Newton, 1995 The resurgence of feminism in the early 1970s created shock waves across Canadian society that can be felt to this day One of its results was a growing interest in women's history which initially focused on the struggle of women around the turn of the century to gain the right to vote *Raising the Workers' Flag* Stephen Endicott, 2012-09-07 During the Great Depression the conflicting interests of capital and labour became clearer than ever before Radical Canadian workers encouraged by the Red International of Labour Unions responded by building the Workers Unity League an organization that greatly advanced the cause of unions in Canada and boasted 40 000 members at its height In *Raising the Workers Flag* the first full length study of this robust group Stephen L Endicott brings its passionate efforts to light in memorable detail *Raising the Workers Flag* is based on newly available or previously untapped sources including documents from the Royal Canadian Mounted Police's Security Service and the Communist Party's archives Using these

impressive finds Endicott gives an intimate sense of the raging debates of the labour movement of the 1930s A gripping account of the League's dreams and daring *Raising the Workers Flag* enlivens some of the most dramatic struggles of Canadian labour history

Managing the Canadian Mosaic in Wartime Ivana Caccia, 2010-02-01 At the time Canadian policies regarding ethnic communities were preoccupied with the involvement and loyalty these communities had with their homeland's politics and the fear of infiltration from either the left or right of the political spectrum Focusing on the creation and operation of under examined government institutions and committees devised to exercise subtle control of minority groups Ivana Caccia explores the shaping of Canadian identity the introduction of government inspired citizenship education and the management of ethnic relations An engaging work that offers an important account of nation building in Canada and the treatment of ethnic minorities in times of heightened international tensions *Managing the Canadian Mosaic in Wartime* provides crucial insights into multicultural policy and the possibility of parallels with the preoccupations with security and surveillance in the aftermath of 9/11

Labour at the Lakehead Michel Beaulieu, 2011-05-07 In the early twentieth century politicians singled out the Lakehead as a breeding ground for radical labour politics Michel S Beaulieu returns northern Ontario to its rightful place as a birthplace of leftism in Canada by exposing the conditions that gave rise to an array of left wing organizations Cultural ties among workers helped bring left wing ideas to Canada but ethnicity weakened the left as each group developed a distinctive vocabulary of socialism and as Anglo Celtic workers defended their privileges against Finns Ukrainians and Italians At the Lakehead ethnic difference often outweighed class solidarity at the cost of a stronger labour movement for Canada
