The Community Of The Spirit:

The Community of the Spirit C. Norman Kraus, 2008-03-01 A revised edition of this classic work by C Norman Kraus Key material from another influential book *The Authentic Witness* is incorporated and a new chapter is added Repeatedly Kraus stresses the key point the good news of the gospel is not that all will be well in the future The good news is that the Spirit of God is among us now He asks the church to become a dynamic God Movement by opening itself to this now present Spirit

Christ, the Spirit and the Community of God Arie W. Zwiep, 2010 Collection of essays published previously between 1995 and 2010 The Community of the Spirit Clyde Norman Kraus, 1974 **God the Spirit** Michael Welker, 2013-08-23 Welker sees Spirit as conflicted territory in a world alive with experiences of the Spirit searchings for Spirit and skepticism about the Spirit In a work that fuses the best of Continental theology with American process thought he looks first to the problem of religious experience in today's world and inchoate experiences of the power of the Spirit Boot and Shoe Recorder, 1922

Howard, 2007

What role does the Christian community play in the process of growing in Christian maturity This book argues that in Pauline theology the redeemed community is a necessary means for the progressive sanctification of the individual believer an idea that is largely misunderstood in parts of the Western church It evaluates foundational theological considerations traditionally omitted from sanctification studies and places them within the context of Pauline theology Included are the missiological nature of holiness the initiatory character of God the creation of the new humanity as reflecting the image of God and the impact upon the church resulting from the radical redefinition by Christ of the cultural symbols surrounding the Jewish temple system This book offers a corrective to the individualized approach to Christian growth For Paul the focus of God s transformative activity culminates with the community rather than the individual the goal of which is to reveal God s glory to the broader creation Nourishment for the Spiritual Pilgrimage Vernon T. Jones, 2017-02-16 In the morning while it was still very dark he got up and went out to a deserted place and there he prayed Mark 1 35 Jesus taught by his words and actions He went by himself to pray when he was tired when faced with upcoming trying events or when he just wanted to be alone in the presence of his Lord He gave us guidance about what to pray how to pray and why to pray and was very familiar with the Hebrew Scriptures Thus if we want to become Jesus disciple we should follow his model and invest time and emotional energy into prayer Bible study and reflection Nourishment For The Spiritual Pilgrimage provides an aid for those who want to participate in the spiritual pilgrimage of becoming a lifelong disciple of Jesus Christ It offers insight and support

for those who daily want to turn their hearts souls and minds to God s will in their lives as they strive to help in bringing about God s kingdom in this present time There are countless other devotionals but hopefully this can offer something that many of the others may not a specific focus on the concept of discipleship

Spirit, Expression and Community in the Philosophy of Edith Stein Michaela Sobrak-Seaton,2025-02-28 This book examines and elucidates the concept of spirit in Stein s philosophical work particularly the role it plays in her philosophical anthropology and her understanding of intersubjectivity and community Although she draws from and synthesizes the ideas of thinkers such as Husserl Dilthey and Conrad Martius Stein s approach is distinctive and uniquely suited to comprehensively addressing these topics and questions Despite the significance of the notion of spirit however very little Stein scholarship focuses directly on examining it and there has never been an attempt to trace its development over the whole of Stein s corpus This book fills this lacuna by undertaking a comprehensive study of Stein s understanding of spirit The author argues that the key to understanding Stein s notion of spirit is to understand it as expressive and in so doing to recognize expression as a fundamental characteristic of the human person This view of the person as expressive provides an understanding of the person as an embodied being that lives in the world and shares it with other embodied beings but in this very living and sharing moves beyond the material bounds of embodiment and constitutes the world as a world of meaning and value The notion of expression is not only crucial to making sense of Stein s own account of spirit but furthermore provides a way of understanding the person as inextricably bound up in community without compromising the individual In going out toward others in spiritual expression one not only forms community with the other one also becomes more oneself Thus Stein s understanding of spirit as fundamentally expressive helps make sense of what it means to be an individual human being and what it means to be a part of the human community This volume appeals to students and scholars working in phenomenology

Standing under the Cross Michael Mawson,2023-09-07 Standing Under the Cross focuses on Bonhoeffer s rich theological and ethical thinking It places Bonhoeffer in conversation with a wide range of modern theologians including Karl Barth Franz Rosenzweig J rgen Moltmann and James Cone The book gives particular attention to hermeneutics the body and Bonhoeffer s rich reflections on community and discipleship Mawson attends to the complex ways in which these aspects of Bonhoeffer s thinking work together and shows how they can assist us in responding to some of the challenges confronting us today
