**The Complaint of the Dove** Hannah March,2003-03-04 Matthew Hemsley saves Miss Lucy Dove the toast of Covent Garden in 1760 from an attacker But when she is discovered strangled in her apartment the next morning and Matthew is found there in a drunken blackout Matthew s tutor Robert Fairfax must save his young pupil from the hangman Original *From the Ruins of Enlightenment* Richard Kramer,2022-10-20 Richard Kramer follows the work of Beethoven and Schubert from 1815 through to the final months of their lives when each were increasingly absorbed in iconic projects that would soon enough inspire notions of late style Here is Vienna hosting a congress in 1815 that would redraw national boundaries and reconfigure the European community for a full century A snapshot captures two of its citizens each seemingly oblivious to this momentous political environment Franz Schubert not yet twenty years old and in the midst of his most prolific year some 140 songs four operas and much else and Ludwig van Beethoven struggling through a midlife crisis that would yield the song cycle *An die ferne Geliebte* two strikingly original cello sonatas and the two formidable sonatas for the Hammerklavier opp 101 and 106 In Richard Kramer s compelling reading each seemed to be composing against Beethoven against the Enlightenment Schubert against the looming presence of the older composer even as his own musical imagination took full flight *From the Ruins of Enlightenment* begins in 1815 with the discovery of two unique projects Schubert s settings of the poems of Ludwig H lty in a fragmentary cycle and Beethoven s engagement with a half dozen poems by Johann Gottfried Herder From there Kramer unearths previously undetected resonances and associations illuminating the two composers in their lonely and singular journeys through the rich solitude of their music

Court of Session,1810 Tales of Blessedlandnia Akin Adewale,2014-09-27 The book is a fiction it deals with Legal political economic and social ills plaguing most developing countries that are still grappling with various developmental challenges The book highlights and satirizes all these ills and challenges facing these countries and proffer solutions to some of them There are some developing countries especially in

Africa where there is failure of leadership This fuels ethnic religious and social upheavals which lead to political instability and even wars In some of these countries there is corruption of monumental proportion which slows down economic development and this may eventually lead to other social problems such as poverty chaos anarchy etc The book politely and humorously point out these problems and the way forward Corruption is a global problem but the book also propounds a theory that corruption in large scale by a political leadership in any country may lead to economic problem that could cause extermination of the poor masses gradually through hunger preventable and curable diseases and that such corruption should be treated as massocide and as crime against humanity by the UNO The book also highlights the problem of unsuitability of some political arrangement of some developing countries that is also responsible for the political social and economic problems plaguing them and the need to have national dialogue to arrive at the best political arrangement which is indeed the foundation to build on The outcome of such national dialogue should be implemented and use to draft a new constitution The book humorously highlights the flight of integrity from some of these developing countries due to the bad example from leadership When corruption is the order of the day and there is impunity in that no one is punished even when caught it makes many people to join the bandwagon and hell is then let loose on the society Some lawyers when well paid by corrupt officials they would do all within their powers and explore legal loopholes and processes to either ensure that such cases drag to eternity in law courts or are never heard Due to the legal procedure that presume an accused person innocent until convicted in law courts the corrupt official going through trial in court would be free to pursue his her political ambition get elected into any political office and acquire more money to frustrate his her trial in law court This book highlights the foregoing too The book highlights the social ills plaguing many developing countries which reduce most human beings to subsistence level and in such situation higher human ideals are sacrificed on altar of expediency to survive Even the zeal to work hard and excel wane in many people as the economic climate favours those with political powers and their cohorts in such a situation everyone struggles to get to political power through any means It becomes a do or die affair The book will appeal to the public at large especially those who are interested in finding solutions to the problems affecting the developing countries
