Nature in Translation Shiho Satsuka, 2015-08-13 Nature in Translation is an ethnographic exploration in the cultural politics of the translation of knowledge about nature Shiho Satsuka follows the Japanese tour guides who lead hikes nature walks and sightseeing bus tours for Japanese tourists in Canada s Banff National Park and illustrates how they aspired to become local nature interpreters by learning the ecological knowledge authorized by the National Park The guides assumed the universal appeal of Canada s magnificent nature but their struggle in translating nature reveals that our understanding of nature including scientific knowledge is always shaped by the specific socio cultural concerns of the particular historical context These include the changing meanings of work in a neoliberal economy as well as culturally specific dreams of finding freedom and self actualization in Canada s vast nature Drawing on nearly two years of fieldwork in Banff and a decade of conversations with the guides Satsuka argues that knowing nature is an unending process of cultural translation full of tensions contradictions and frictions Ultimately the translation of nature concerns what counts as human what kind of society

is envisioned and who is included and excluded in the society as a legitimate subject Nature's Civil War Kathryn Shively Meier,2013-11-11 In the Shenandoah Valley and Peninsula Campaigns of 1862 Union and Confederate soldiers faced unfamiliar and harsh environmental conditions strange terrain tainted water swarms of flies and mosquitoes interminable rain and snow storms and oppressive *The nature park guide for Orhei National Park (Moldova)* ,2025-09-26 An Annotated Catalogue of the Edward C.
