Complete Poems Claude McKay, 2004-01-29 Containing more than three hundred poems including nearly a hundred previously unpublished works this unique collection showcases the intellectual range of Claude McKay 1889 1948 the Jamaican born poet and novelist whose life and work were marked by restless travel and steadfast social protest McKay s first poems were composed in rural Jamaican creole and launched his lifelong commitment to representing everyday black culture from the bottom up Migrating to New York he reinvigorated the English sonnet and helped spark the Harlem Renaissance with poems such as *If We Must Die* After coming under scrutiny for his communism he traveled throughout Europe and North Africa for twelve years and returned to Harlem in 1934 having denounced Stalin s Soviet Union By then McKay s pristine violent sonnets were giving way to confessional lyrics informed by his newfound Catholicism McKay s verse eludes easy definition yet this complete anthology vividly introduced and carefully annotated by William J Maxwell acquaints readers with the full transnational evolution of a major voice in twentieth century poetry **Edinburgh Companion to Twentieth-Century Literatures in English** Brian McHale, 2006-06-28 An imaginatively constructed new literary history of

the twentieth century This companion with a difference sets a controversial new agenda for literary historical analysis Far from the usual forced march through the decades genres and national literatures this reference work for the new century cuts across familiar categories focusing instead on literary hot spots Freud s Vienna and Conrad s Congo in 1899 Chicago and London in 1912 the Somme in July 1916 Dublin London and Harlem in 1922 and so on down to Bradford and Berlin in 1989 the fatwa against Salman Rushdie the new digital media Stockholm in 1993 Toni Morrison s Nobel Prize and September 11 2001 *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1975 The Fragile Bridge Steve Golin,1988 In this full length study of the 1913 Paterson silk strike Steve Golin examines the creative collaboration between the silk workers organizers from the Industrial Workers of the World and Greenwich Village intellectuals Although the strike was defeated this alliance could become a model for the American left because it suggests the possibilities of connecting economic political and cultural struggles Combining perspectives from labor history social history and intellectual history Golin argues that while the silk workers began the 1913 strike and controlled it themselves the IWW helped them create institutions that supported the strike and reinforced its radically democratic character The deadlock in Paterson dictated the need for a bridge to New York that was facilitated by a growing mutual trust between the Wobblies and intellectuals from Greenwich Village At the height of the struggle the IWW and the Village radicals joined the workers in presenting a powerful strike pageant in Madison Square Garden The story of the 1913 silk strike is important because it challenges long held conservative assumptions about labor history including the elitist role of skilled workers the bureaucratic function of union organization and the irrelevance of intellectuals Although the strikers were ultimately defeated the strike s failure had more damaging consequences for the IWW and the intellectuals than for the workers themselves and Golin views this loss as a major turning point for the American left Author note Steve Golin is Professor of History at Bloomfield College in New Jersey **Poetry** Harriet Monroe,1921 **Adventures of a Postmodern Historian** Robert A. Rosenstone,2016-09-22 Robert Rosenstone was among the first postmodern historians and remains one of the most renowned In this honest revealing and often funny memoir he shows us how he got there and why *Adventures of a Postmodern Historian* chronicles Rosenstone s research journeys over half a century Beginning in the 1960s his offbeat trajectory took him on adventures through the police states of Franco Spain and the Soviet Union to the Shinto shrines and Zen temples of Japan and ultimately to Hollywood Alongside his own memoirs Rosenstone reflects upon developments and changes within the realm of professional history which in turn reflect the social cultural and intellectual shifts of the late 20th century A pioneer of experimental and creative history he suggests how the experience of the historian can inflect the written history and provides a defence of innovation in historical writing that is both intellectually rigorous and entertaining In doing so he offers a window into the state of history today and points to exciting new ways of writing the past This is a book about the craft of history about both doing research and writing it It should be required reading for all historians

Jean Toomer Barbara Foley, 2014-07-15 The 1923 publication of *Cane* established Jean Toomer as a modernist master and one of the key literary figures of the emerging Harlem Renaissance. Though critics and biographers alike have praised his artistic experimentation and unflinching eyewitness portraits of Jim Crow violence, few seem to recognize how much Toomer's interest in class struggle catalyzed by the Russian Revolution and the post World War One radical upsurge situate his masterwork in its immediate historical context. In *Jean Toomer: Race, Repression and Revolution* Barbara Foley explores Toomer's political and intellectual connections with socialism, the New Negro movement, and the project of Young America. Examining his rarely scrutinized early creative and journalistic writings as well as unpublished versions of his autobiography, she recreates the complex and contradictory consciousness that produced *Cane*. Foley's discussion of political repression runs parallel with a portrait of repression on a personal level. Examining family secrets heretofore unexplored in Toomer scholarship, she traces their sporadic surfacing in *Cane*. Toomer's text, she argues, exhibits a political unconscious that is at once public and private.

The Cultural Front Michael Denning, 1998 As garment workers, longshoremen, autoworkers, sharecroppers, and clerks took to the streets striking and organizing unions in the midst of the Depression, artists, writers, and filmmakers joined the insurgent social movement by creating a cultural front. Disney cartoonists walked picket lines, and Billie Holiday sang *Strange Fruit* at the left-wing cabaret Café Society. Duke Ellington produced a radical musical *Jump for Joy*. New York garment workers staged the legendary Broadway revue *Pins and Needles*, and Orson Welles and his Mercury players took their labor operas and anti-fascist Shakespeare to Hollywood and made *Citizen Kane*. A major reassessment of US cultural history, *The Cultural Front* is a vivid mural of this extraordinary upheaval which reshaped American culture in the twentieth century.
