*The Complete Short Stories of Marcel Proust* Marcel Proust, 2003-06-18 This volume gathers together all of Marcel Proust's short fiction and six tales never before translated into English **The Complete Short Stories of Marcel Proust** Marcel Proust, 2001 Presents English translations of sixteen short stories by nineteenth century French novelist Marcel Proust *The Short Stories of Guy de Maupassant* Guy de Maupassant, 1925 **The Complete Short Novels of Anton Chekhov** Anton Chekhov, 2004-08-03 Anton Chekhov widely hailed as the supreme master of the short story also wrote five works long enough to be called short novels here brought together in one volume for the first time in a masterly new translation by the award winning translators Richard Pevear and Larissa Volokhonsky *The Steppe* the most lyrical of the five is an account of a nine year old boy's frightening journey by wagon train across the steppe of southern Russia *The Duel* sets two decadent figures a fanatical rationalist and a man of literary sensibility on a collision course that ends in a series of surprising reversals In *The Story of an Unknown Man* a political radical spying on an important official by serving as valet to his son gradually discovers that his own terminal illness has changed his long held priorities in startling ways *Three Years* recounts a complex series of ironies in the personal life of a rich but passive Moscow merchant In *My Life* a man renounces wealth and social position for a life of manual labor The resulting conflict between the moral simplicity of his ideals and the complex realities of human nature culminates in a brief apocalyptic vision that is unique in Chekhov's work [The Complete Works of Katherine Mansfield: Short Stories, Poetry, Letters, Diary, Essays](#) Katherine Mansfield, 2024-01-13 In *The Complete Works of Katherine Mansfield* readers are invited into the intricate tapestry of one of the most significant writers of the early 20th century This comprehensive collection encompasses Mansfield's short stories poetry letters diary entries and essays showcasing her modernist style characterized by its psychological depth and vivid imagery Mansfield deftly captures the complexities of human emotions drawing readers into often ephemeral moments that illuminate her characters inner lives With influences from the likes of Virginia Woolf and the New Zealand landscape of her youth Mansfield's work resonates with the themes of transience and self discovery firmly establishing her voice in the modernist literary canon Katherine Mansfield 1888-1923 a New Zealand born author spent much of her life in Europe particularly in England Her experiences of expatriation and the constraints of societal expectations profoundly shaped her literary output Mansfield's focus on female subjectivity and her innovative narrative techniques reflect her commitment to portraying the subtleties of everyday life Her struggles with personal relationships and health also influenced her poignant writing style creating an intimate connection between her life and her art For those seeking a profound exploration of human experience through the lens of modernist literature *The Complete Works of Katherine Mansfield* is an essential addition to any bookshelf This collection not only highlights Mansfield's exceptional talent but also offers insight into the rich tapestry of her thoughts and experiences making it a valuable resource for both scholars and general readers alike [The Proustian Mind](#) Anna Elsner, Thomas

Stern,2022-12-30 When Marcel Proust started to work on *In Search of Lost Time* in 1908 he wrote this question in his notebook Should I make it a novel a philosophical study am I a novelist Throughout his famous multi volume work Proust directly engages several philosophers and few novels are as thoroughly saturated with philosophical themes and concepts as *In Search of Lost Time* The Proustian Mind is an outstanding reference source to the rich philosophical range of Proust s work and the first major volume of its kind Including 31 chapters by an international team of contributors the volume is divided into seven clear parts Proust s life and works metaphysics and epistemology mind and language aesthetics ethics gender and sexuality predecessors contemporaries and successors Within these sections key Proustian themes are explored from a philosophical standpoint including time the self memory imagination jealousy beauty love subjectivity and desire The final section considers Proust in relation to important philosophers such as Schopenhauer Nietzsche Bergson Merleau Ponty Sartre de Beauvoir and Deleuze The Proustian Mind is essential reading for those studying aesthetics philosophy of literature phenomenology and ethics and will also be of interest to those in literature studying modernism French literature and the relationship between literature and philosophy      **Evening Twilight: a Woman'S Village Journal, 2007-2011** Mary Kelly Black,2012-08-24 This book is the third volume of journal selections 2007 2011 Volume I included an Introduction and some biographical memories As with the previous two volumes the major events of life claim little diaristic attention the overlooked or insignificant habitually capturing the authors attention Most journals or notebooks of eminent writers conclude with their relative youth when they pick up the pen to create an imaginative retrospective journey so there is little available of aging journal keepers describing the downward journey Those who maintained journals intime or other forms of introspective writing were rarely long lived so there is little available of the aging journal keeper describing the downward journey Added to this is the paucity of proximal contemporaries who share or admit to the narrowing path seeking instead the rejuvenations of youth I unavoidably focus on the early twilight of this narrowing journey lead me where it shall Those interested in a more event filled diary will find scant reportage in these pages      **The Penguin Book of Italian Short Stories** Jhumpa Lahiri,2019-03-07 Rich eclectic a feast Telegraph This landmark collection brings together forty writers that reflect over a hundred years of Italy s vibrant and diverse short story tradition from the birth of the modern nation to the end of the twentieth century Poets journalists visual artists musicians editors critics teachers scientists politicians translators the writers that inhabit these pages represent a dynamic cross section of Italian society their powerful voices resonating through regional landscapes private passions and dramatic political events This wide ranging selection curated by Jhumpa Lahiri includes well known authors such as Italo Calvino Elsa Morante and Luigi Pirandello alongside many captivating new discoveries More than a third of the stories featured in this volume have been translated into English for the first time several of them by Lahiri herself      The Classic Short Story, 1870-1925 Florence Goyet,2014-01-13 The ability to construct a nuanced narrative or complex character in the constrained form of the short story has sometimes been seen as the ultimate

test of an author's creativity Yet during the time when the short story was at its most popular the late nineteenth and early twentieth centuries even the greatest writers followed strict generic conventions that were far from subtle This expanded and updated translation of Florence Goyet's influential *La Nouvelle* 1870 1925 *Description d'un genre son apogée* Paris 1993 is the only study to focus exclusively on this classic period across different continents Ranging through French English Italian Russian and Japanese writing particularly the stories of Guy de Maupassant Henry James Giovanni Verga Anton Chekhov and Akutagawa Ryunosuke Goyet shows that these authors were able to create brilliant and successful short stories using the very simple tools of brevity of that period In this challenging and far reaching study Goyet looks at classic short stories in the context in which they were read at the time cheap newspapers and higher end periodicals She demonstrates that despite the apparent intention of these stories to question bourgeois ideals they mostly affirmed the prejudices of their readers In doing so her book forces us to re think our preconceptions about this forgotten genre *Yosemite Meditations* Claudia Welsh, Steven P. Medley, 2014-09-09 This delightful little book provides the ideal pause for contemplating the special qualities and values of Yosemite National Park as well as other parks and wilderness Each dazzling full color photograph many of them new for this tenth anniversary edition is paired with an original quote or newly selected classic quote about nature the environment or America's national parks Includes a new foreword by former Yosemite National Park superintendent Mike Tollefson and the insights of writers scientists poets and leaders such as David Brower Gary Snyder Rachel Carson Bernard Devoto John Muir Albert Einstein Diane Ackerman Terry Tempest Williams Edward Abbey Franklin D Roosevelt Fyodor Dostoevsky Cedric Wright Marcel Proust Shelton Johnson Julia Parker Pete Hamill Sir John Lubbock Dayton Duncan Robinson Jeffers Margaret Eissler Wallace Stegner Ralph Waldo Emerson Henry David Thoreau Baba Dioum Margaret Murie Rainer Maria Rilke *An Alchemy of Mind* Diane Ackerman, 2012-10-30 From the New York Times bestselling author of *The Zookeeper's Wife* an ambitious and enlightening work that combines an artist's eye with a scientist's erudition to illuminate as never before the magic and mysteries of the human mind Long treasured by literary readers for her uncommon ability to bridge the gap between art and science celebrated scholar artist Diane Ackerman returns with the book she was born to write Her dazzling new work *An Alchemy of Mind* offers an unprecedented exploration and celebration of the mental fantasia in which we spend our days and does for the human mind what the bestselling *A Natural History of the Senses* did for the physical senses Bringing a valuable female perspective to the topic Diane Ackerman discusses the science of the brain as only she can with gorgeous immediate language and imagery that paint an unusually lucid and vibrant picture for the reader And in addition to explaining memory thought emotion dreams and language acquisition she reports on the latest discoveries in neuroscience and addresses controversial subjects like the effects of trauma and male versus female brains In prose that is not simply accessible but also beautiful and electric Ackerman distills the hard objective truths of science in order to yield vivid heavily anecdotal explanations about a range of existential questions regarding consciousness human thought memory

and the nature of identity      The Politics of Imagination Tara Forrest, 2015-09-15 This book explores Walter Benjamin Siegfried Kracauer and Alexander Kluge's analyses of the role that a rejuvenation in the capacity for imagination can play in encouraging us to reconceive the possibilities of the past the present and the future outside of the parameters of the status quo The concept of imagination to which the title of the book refers is not a strictly defined stable concept but rather a term which is employed to refer to a capacity that facilitates both an active creative relationship to one's environment and a process of mediation between the outside world and one's own experiences and memories Through a detailed analysis of their engagements with subjects that span a broad range of historical and thematic contexts including topics as diverse as literature children's play film photography history and television the book charts the extent to which the concept of imagination plays a central role in Benjamin Kracauer and Kluge's explorations of a mode of perception and experience which could serve as a catalyst for the creation and sustenance of a desire for a different kind of future      *The Sir Arthur Conan Doyle Reader* Jeffrey Meyers, Valerie Meyers, 2002-04-08 Best known as the creator of the consulting detective par excellence Sherlock Holmes Sir Arthur Conan Doyle 1859-1930 was a man of wide ranging interests and talents and his literary output went far beyond his Holmes and Watson stories The Sir Arthur Conan Doyle Reader collects works from all the genres in which he wrote including mysteries historical adventure tales science fiction stories ghost stories plays memoirs essays on spiritualism in which he was a dedicated believer and reports on the Boer War and World War I This collection features the account of Watson's first meeting with Holmes from A Study in Scarlet an account of the dinosaurs inhabiting The Lost World tales of Doyle's Napoleonic hero Brigadier Gerard a condemnation of Belgium's exploitation of the Congo and the complete text of his apocalyptic book The Poison Belt in addition to several other stories and excerpts
