The Concise Illustrated Of Military Badges And Insignia:

The Concise Illustrated Book of Military Badges and Insignia Mark Lloyd,1989 The Art of Military Deception Mark Lloyd,2003-12-04 This in depth analysis of military deception examines tactics employed across centuries and continents from ancient times to WWII The art of military deception is as old as warfare itself It has been a vital part of virtually every successful campaign ever recorded and yet has been largely overlooked in the annals of military history In The Art of Military Deception Mark Lloyd corrects this oversight with a wide ranging analysis of strategies and tactics through the ages Lloyd treats this much neglected aspect of warfare thematically rather than chronologically covering such topics as disinformation campaigns lies on the home front and psychological warfare He draws on a wide range of examples to show the elaborate techniques which have been employed in the struggle to outwit the enemy Particularly fascinating is his analysis of the fatal error of self deception A Concise Description of the Insignia of the Orders of British Knighthood.
