## **The Conclusion Of The Sexual Revolution:**

**The Conclusion of the Sexual Revolution** Wylark Day, 2004-05-18 This is a book about sexual morality Not a morality based on shame or tradition however but one based on combining the most up to date findings of sex researchers with the most ancient teachings of the Judeo Christian Bible In this book you will find that Private masturbation and public nudity are the two Pillars upon which all healthy attitudes towards Sex must be based Faithful heterosexual monogamy is God s Plan for Sex but a minority who deviate from this Plan such as homosexuals are nonetheless necessary for a whole society And that Virgin Sex for young adults which means enjoying sex play while rejecting intercourse is the Key to true romantic passion equality between the sexes and even to the very Future of Humanity At last A book that tells the truth about Sex and God

**Abstinence Cinema** Casey Ryan Kelly, 2016-03-08 From the perspective of cultural conservatives Hollywood movies are cesspools of vice exposing impressionable viewers to pernicious sexually permissive messages Offering a groundbreaking study of Hollywood films produced since 2000 Abstinence Cinema comes to a very different conclusion finding echoes of the evangelical movement s abstinence only rhetoric in everything from Easy A to Taken Casey Ryan Kelly tracks the surprising sex negative turn that Hollywood films have taken associating premarital sex with shame and degradation while romanticizing traditional nuclear families courtship rituals and gender roles As he demonstrates these movies are particularly disempowering for young women concocting plots in which the decision to refrain from sex until marriage is the young woman s primary source of agency and arbiter of moral worth Locating these regressive sexual politics not only in expected sites like the Twilight films but surprising ones like the raunchy comedies of Judd Apatow Kelly makes a compelling case that Hollywood films have taken a significant step backward in recent years Abstinence Cinema offers close readings of movies from a wide spectrum of genres and it puts these films into conversation with rhetoric that has emerged in other arenas of American culture Challenging assumptions that we are living in a more liberated era the book sounds a warning bell about the powerful cultural forces that seek to demonize sexuality and curtail female sexual agency

**Sex and the Bible** Wylark Day, 2002-02-14 Where did the Sexual Revolution come from Why do we in the West believe in Equality for Women when so many older cultures do not What does God really think about Sex The answers to all these questions and more can be found in Sex and the Bible In this book you will learn what the Bible really teaches about Sex You will also discover how the influence of the Bible on attitudes towards human sexuality has led to the very creation of Modern Civilization and peer into the future to see how those same attitudes threaten to destroy it

**The End of Woman** Carrie Gress, 2023-08-15 Feminism Doesn t Empower Women It Erases Them The bestselling author of Theology of Home Carrie Gress shows that fifty years of radical feminism have solidified the primacy of the traditionally male sphere of life and devalued the attributes virtues and strengths of women Feminism the ideology dedicated to smashing the patriarchy has instead made male lives the norm for everyone After fifty years of radical feminism we can t even define woman In this

powerful new book Carrie Gress says what cannot be said feminism has abolished women Hurling trans women thrash female athletes Mothers abort their baby girls Drag queens perform obscene parodies of women Females are enslaved for men's pleasure or they enslave themselves Feminism doesn't avert these tragedies it encourages them The carefree binge of self absorption has left women exploited unhappy dependent on the state and at war with men And still feminists cling to their illusions of liberation But there are real answers Real answers for real women Carrie Gress a wife mother and philosopher punctures the myth of feminism exposing its legacy of abuse abandonment and anarchy From the serpent's seduction of Eve to Mary Shelley's Frankenstein to Kate Millett's lust violence and insanity to Meghan Markle's havoc ridden rise to royalty Gress presents a history as intriguing as the characters who lived it The answers women most desperately need she concludes are to be found precisely where they are most afraid to look Only a rediscovery of true womanhood and motherhood can pull our society back from the brink And happiness is possible only if women are open to making peace with men with children with God and no less difficult with themselves For feminism's victims Gress is a welcoming voice in the darkness The door is open The lights are on Come home      *Adolescence, Careers and Cultures* Wim Meeus, Martijn de Goede, Willem Kox, Klaus Hurrelmann, 2020-10-12 No detailed description available for Adolescence Careers and Cultures

**The Law of Love** Wylark Day, 2002-12-09 What does it mean to be righteous To be holy By what standard will God judge us when we die As the Bible tells us in 1 Corinthians 8:2 And if any man think that he knoweth any thing he knoweth nothing yet as he ought to know For nearly two millennia Christians have followed the philosophy of Asceticism a philosophy which teaches that ignorance about sex is best because it is based on Fear Yet God's philosophy is LOVE and to love requires knowledge In this the second volume of *Sex and the Bible* we will therefore take a very close look at the teachings of the Bible in order to discover what God really thinks about SEX Roll over St Augustine      **Stories of Love from Vikings to Tinder** Mads Larsen, 2024-09-30 Increasing levels of singledom dating dysfunction and sexual inactivity contribute to plummeting fertility rates This book investigates the perhaps most foundational factor behind this uncoupling our present era's ideology of love Throughout human history communities have shared fictional stories infused with various mating moralities that compel people to pair bond and reproduce After taking readers on a 6 million year journey through hominin mating regimes with various extents of promiscuity polygyny and monogamy *Stories of Love from Vikings to Tinder* investigates the past millennium's radical evolution of Western mating beliefs Nordic literary works illuminate the pivotal transitions between the West's First Second and Third Sexual Revolutions which occurred around the years 1200 1750 and 1968 The conclusion chapter points to the Fourth Sexual Revolution symbolically placed in 2029 Artificial intelligence and other technologies seem likely to transform our mating practices more radically than any of the previous revolutions      **The End of Love** Eva Illouz, 2021-09-15 Western culture has endlessly represented the ways in which love miraculously erupts in people's lives the mythical moment in which one knows someone is destined for us the feverish waiting for a phone call or an email the thrill

that runs down our spine at the mere thought of him or her Yet a culture that has so much to say about love is virtually silent on the no less mysterious moments when we avoid falling in love where we fall out of love when the one who kept us awake at night now leaves us indifferent or when we hurry away from those who excited us a few months or even a few hours before In *The End of Love* Eva Illouz documents the multifarious ways in which relationships end She argues that if modern love was once marked by the freedom to enter sexual and emotional bonds according to one's will and choice contemporary love has now become characterized by practices of non choice the freedom to withdraw from relationships Illouz dubs this process by which relationships fade evaporate dissolve and break down unloving While sociology has classically focused on the formation of social bonds *The End of Love* makes a powerful case for studying why and how social bonds collapse and dissolve Particularly striking is the role that capitalism plays in practices of non choice and unloving The unmaking of social bonds she argues is connected to contemporary capitalism which is characterized by practices of non commitment and non choice practices that enable the quick withdrawal from a transaction and the quick realignment of prices and the breaking of loyalties Unloving and non choice have in turn a profound impact on society and economics as they explain why people may be having fewer children increasingly living alone and having less sex *The End of Love* presents a profound and original analysis of the effects of capitalism and consumer culture on personal relationships and of what the dissolution of personal relationships means for capitalism

*Intimate Relations* Christine Weder, 2024 Shows that engagement with art and literature was essential to the programmatic sexual theories of the late 1960s and early 70s and that the period's aesthetic theories were characterized by forms of sexual obsession In the period around and after 1968 sexuality and the arts entered into a remarkably intimate and mutually beneficial relationship on one hand scientific theories of sexuality and their pop psychological counterparts incorporated lengthy reflections on art movements and literary texts since artistic media were understood as crucial to the project of inventing radically new modes of human living and loving On the other hand the aesthetic ambitions that informed new conceptions of sexuality had their mirror image in the varying forms of sexual obsession that characterized contemporary aesthetic theories Approaches as diverse as those of Theodor W Adorno Roland Barthes Susan Sontag Leslie A Fiedler Peter Gersen and Herbert and Ludwig Marcuse all contributed to a dramatic eroticization of the arts Christine Weder's interdisciplinary study explores this largely neglected relationship providing a dual insight into an era of profound transformation she demonstrates how and why the engagement with art and literature was essential to the programmatic theories of the new Eros At the same time she offers a fresh historical perspective on aesthetics around 1968 Whereas aesthetic developments in the late sixties have conventionally been conceived in terms of politicization Weder demonstrates that the sexualization of the arts was no less profound and in doing so contributes to a fundamental reframing of this tumultuous period

**Social Psychology and Human Sexuality** Roy F. Baumeister, 2001 Presents a selected group of influential articles dealing specifically with the social aspects of sexuality topics covered include

differences between male and female sexuality virginity harassment rape and coercion and jealousy

**Bolshevik Sexual Forensics** Dan Healey, 2022-11-15 In an effort to modernize criminal and civil investigations early Bolsheviks gave forensic doctors most of whom had been trained under the tsarist regime new authority over issues of sexuality Revolutionaries believed that forensic medicine could provide scientific and objective solutions to sexual disorder in the new society Bolshevik Sexual Forensics explores the institutional history of Russian and Soviet forensic medicine and examines the effects of its authority when confronting sexual disorder Healey compares sex crime investigations from Petrograd and Sverdlovsk in the 1920s to the numerous publications by forensic doctors and psychiatrists of the prerevolutionary and early Soviet periods to illustrate the role that these specialists played In addition Healey presents a fascinating look at how doctors diagnosed and treated hermaphroditism showing how Soviet physicians revolutionized the standard scientific view in these cases by taking into account individual desire This study sheds light on unexplored radical and reactionary forces that shaped the Bolshevik sexual revolution as lawmakers defined new ways of seeing sexual crime and disorder Forensic doctors struggled to interpret the replacement of the age of consent with a standard of sexual maturity a designation that made female sexuality a collective resource not part of an individual's personality Innocence experience and virginity played a major role in the expertise doctors furnished in rape and abuse trials Psychiatrists recoiled from the language of sexual psychology in their investigations of sex criminals Yet in the clinic Soviet physicians probed the desires of the two-sexed citizen whose psychology served as the basis for a distinctly modern approach to the erasure of the hermaphrodite Healey concludes that the vision of men and women as equals after a sexual revolution was undermined from the outset of the Soviet experiment Law and medicine failed to protect women and girls from violence and Soviet medicine's physiological and biological model of sexual citizenship erased the vision of sexual self-expression especially for women This groundbreaking study will appeal to Soviet historians and those interested in gender studies sexuality medicine and forensics

*The End of the Gay Rights Revolution* Ronan McCrea, 2025-09-23 The gay rights movement in the West has succeeded beyond its wildest dreams but this success seems suddenly fragile Ronan McCrea's important book argues that this is no blip Forces favourable to gay rights such as the wider cultural shift towards greater sexual freedom are weakening while political developments cultural changes and migration patterns mean that sources of opposition both old and new are gaining strength The gay rights movement is ill equipped to meet this challenge Convinced that history is on its side the movement has expanded its aims and made new enemies while refusing to consider whether elements of the sexual freedoms it fought for have had unforeseen downsides including for gay people themselves For the gay rights revolution to endure a fundamental reconsideration of its goals its history and its limits is required Anyone wanting to understand the challenges faced by gay rights and the wider liberal project needs to read this timely warning
