Handbook of Religious Culture in Nineteenth-Century Europe Anthony Steinhoff,Jeffrey Zalar,2024-12-30 This handbook

offers a guide to research on religious culture during Europe's long nineteenth century 1800-1914. Grounded in the latest theoretical approaches and in line with trends that have produced a religious turn in the study of modern Europe, the volume assesses the state of the field while making provocative recommendations for its enlargement. Unique and ambitious in its thematic breadth, it addresses the histories of all five of Europe's main religious traditions: Eastern Orthodox Christianity, Judaism, Islam, Protestantism, and Roman Catholicism, and brings these histories into comparative analysis. This analysis extends to a wide range of subjects from popular belief and practice, education and modern knowledge formation, and the arts to the intersections between religion and urbanization, civil society and politics, and missions and imperialism. It also evaluates recent developments in work on religion vis-à-vis both gender and nationalism, while calling attention to newer research that proposes secularism as a form of belief in its own right. Presenting the scholarship of eighteen leaders in their respective fields, the volume explains why religion as a topic of research has moved from the periphery to the center of modern European historiography.

Anti-Catholicism in the Mexican Revolution, 1913-1940 Jürgen Buchenau, David S. Dalton, 2024-12-01. Anti-Catholicism in the Mexican Revolution 1913-1940 examines anti-Catholic leaders and movements during the Mexican Revolution, an era that resulted in a constitution denying the Church political rights. Anti-Catholic Mexicans recognized a common enemy in a politically active Church in a predominantly Catholic nation. Many books have elucidated the popular roots and diversity of Roman Catholicism in Mexico, but the perspective of the Church's adversaries has remained much less understood. This volume provides a fresh perspective on the violent conflict between Catholics and the revolutionary state, which was led by anti-Catholics such as Plutarco Elías Calles, who were bent on eradicating the influence of the Catholic Church in politics, in the nation's educational system, and in the national consciousness. The zeal with which anti-Catholics pursued their goals and the equal vigor with which Catholics defended their Church and their faith explains why the conflict between Catholics and anti-Catholics turned violent, culminating in the devastating Cristero Rebellion (1926-1929). Collecting essays by a team of senior scholars in history and cultural studies, the book includes chapters on anti-Catholic leaders and intellectuals, movements promoting scientific education, and anti-alcohol campaigns, muralism, feminist activists, and Mormons and Mennonites. A concluding afterword by Matthew Butler, a global authority on twentieth-century Mexican religion, provides a larger perspective on the themes of the book.

John Paul II and the Legacy of Dignitatis Humanae Hermínio Rico, 2002-04-17.
