

A serene landscape featuring a sunset sky with soft orange and pink hues. In the foreground, a calm body of water reflects the sky and the silhouettes of mountains in the background. A small, dark silhouette of a person is visible on a boat in the middle of the water. The overall mood is peaceful and contemplative.

law of the majority has no place.

**Richard Nixon and the Quest for a New Majority** Robert Mason, 2005-10-12 In recent years historians have paid substantial attention to the origins of modern political conservatism and the record of the Nixon administration in building a Republican majority in the late twentieth century In *Richard Nixon and the Quest for a New Majority* Robert Mason analyzes Nixon's response to the developing conservative climate and challenges revisionist claims about the activist nature of the Nixon administration Nixon was an activist in intent Mason contends but not in deed Nixon's silent majority speech of 1969 not only undermined the growth of the antiwar movement Mason shows but also identified a constituency for Nixon to cultivate in order to secure reelection However the implementation of his new majority project was hindered by the resort to dirty tricks against political opponents and the ineffectual pursuit of a policy agenda Although some Nixon initiatives were enacted says Mason they were not substantial enough to rival the Democrats bread and butter issues While Nixon built Republican strength at the presidential level Mason argues that he did not succeed in mobilizing popular support for broad based political conservatism      Non-Muslims in Muslim Majority Societies - With Focus on the Middle East and Pakistan Kajsa Ahlstrand, Goran Gunner, 2009-04-01 In a world where almost all societies are multi religious and multi ethnic we need to study how social cohesion can be achieved in different contexts In some geographical areas as in the Middle East and the Indian subcontinent people of different religious belonging have through the ages lived side by side sometimes in harmony and sometimes in dissonance In other geographical regions as in Scandinavia societies have been quite religiously homogeneous but only recently challenged by immigration The implication in both locations is that the relation between religious minority and majority is on the agenda In order to discuss the situation for Non Muslims in Muslim majority societies a consultation was convened with both Muslim and Christian participants from Pakistan Palestine Lebanon and Sweden Some of the participants work in academic settings others in faith based organizations some in jurisprudence and others with theological issues This book is the result of that consultation the articles are works in progress and they remain tentative The intention with this anthology is to trigger reflection and further thinking It presents articles that discuss issues such as freedom of religion minority rights secular and religious legislation and inter religious dialogue in Muslim majority societies Contributors include Kajsa Ahlstrand Goran Gunner Mustafa Abu Sway Johan G rde Yasmin Haider Jan Hj rpe M Aslam Khaki Bernard Sabella Mehboob Sada Guirguis Ibrahim Saleh and Ahmad Salim This book is the second volume in Church of Sweden Research Series      *Report of the Majority and of the Minority of the Selected Committee on the Bill to*

Education Department. Committee on Intermediate and Higher Education in Wales,1881      The Emerging Republican Majority Kevin P. Phillips,2014-11-23 One of the most important and controversial books in modern American politics The Emerging Republican Majority 1969 explained how Richard Nixon won the White House in 1968 and why the Republicans would go on to dominate presidential politics for the next quarter century Rightly or wrongly the book has widely been seen as a blueprint for how Republicans using the so called Southern Strategy could build a durable winning coalition in presidential elections

Certainly Nixon's election marked the end of a New Deal Democratic hegemony and the beginning of a conservative realignment encompassing historically Democratic voters from the South and the Florida to California Sun Belt in the book's enduring coinage. In accounting for that shift Kevin Phillips showed how two decades and more of social and political changes had created enormous opportunities for a resurgent conservative Republican Party. For this new edition Phillips has written a preface describing his view of the book, its reception, and how its analysis was borne out in subsequent elections. A work whose legacy and influence are still fiercely debated, *The Emerging Republican Majority* is essential reading for anyone interested in American politics or history.
