The Conservative Party:

The Conservative Party Tim Bale, 2013-05-08 The Conservatives are back but how did they do it and what took them so long What happened between the party's decision to dump one of the world's most iconic leaders Margaret Thatcher and the arrival in office of David Cameron at the head of the UK's new coalition government Has Britain's prime minister really changed his party as much as he claims Are they devotees of the Big Society or just the same old Tories keen on cuts and obsessively Eurosceptic The answers as this accessible and gripping book shows are as intriguing and provocative as the questions Based on in depth research and interviews with the key players Tim Bale explains why the Tories got themselves into so much trouble in the first place and how they were finally able to get things back on track In the new paperback version he also explores their inability to win an outright victory at the 2010 election and looks at their decision to share power with the Liberal Democrats The Conservative Party From Thatcher to Cameron is a must read for anyone wanting to understand what makes the Tories tick And it contains valuable lessons about what to do and what not to do for their Labour opponents

Brexit Tim Bale,2023-03-13 The Conservative Party has long laid claim to being the world s most successful political party not least because it is also one of the most adaptable often appearing to do and say pretty much whatever it takes to win But has it now shot itself in the foot by trying too hard to fight off Nigel Farage Since the UK voted to leave the EU back in 2016 the Tories have arguably done more than simply re shape themselves rather they seem to have transformed themselves from a mainstream centre right party into an ersatz radical right wing populist outfit one characterized by an often counter intuitive combination of culture war concerns on the one hand and free market fundamentalism on the other In this compelling and persuasively argued book Tim Bale one of the country s foremost experts on contemporary British politics takes us on a rollercoaster ride through the Conservatives fortunes over the last decade From the bombshell Brexit referendum through the chaotic premierships of Theresa May Boris Johnson and Liz Truss to the party s electoral comeuppance under Rishi Sunak and its attempted renewal with Kemi Badenoch at the helm Bale tells the fascinating tale of a party that in just a few short years has gone from nervous breakdown to top of the world and back again **The**
