Section 1. All legislative Powers herein granted shall
be vested in a Congress of Representatives.

Section 2. The House of Representatives shall be composed
of Members chosen every second Year by the People of the
several States, in each State shall have ^{at least} one Representative,
and no Person shall be a Representative who shall not have
when elected, seven Years, and who shall not, when elected, be an Inhabitant of that State in
the seven preceding Years.

No Person shall be a Representative who shall not have
when elected, seven Years, and who shall not, when elected, be an Inhabitant of that State in
the seven preceding Years.

Representatives and direct Taxes shall be apportioned among
the several States which shall be determined by adding to the whole Number
of free Persons, and Persons bound to Service, three fifths of all other Persons.

The actual Enumeration shall be made within three Years after the first Meeting of the Congress, and within every subsequent Term of ten Years, in such Manner as the Congress shall direct.

But no State shall have a greater Number of Representatives than the whole Number of free Persons, and Persons bound to Service, in that State, shall be equal to the whole Number of free Persons, and Persons bound to Service, in any one of the other States.

And the Electors in each State shall have the Qualifications requisite for Electors of the most numerous Branch of the State Legislature.

The New Jersey State Constitution. Professor Robert F. Williams, 2012-06-01. The New Jersey State Constitution is a completely revised new edition that provides an outstanding constitutional and historical account of the state's governing charter. In addition to an overview of New Jersey's constitutional history, it provides an in-depth section by section analysis of the entire constitution, detailing the many significant changes that have been made since its initial drafting. This treatment, along with a table of cases, index, and bibliography, provides an unsurpassed reference guide for students, scholars, and practitioners of New Jersey's constitution. State constitutions perform different functions and contain different provisions from the more familiar U.S. Constitution. The book first outlines the historical development of New Jersey's state constitution from 1776 to the present and explains the highlights of the process of state constitutional development leading to the current New Jersey constitution. Next, each section of the current constitution is analyzed, including its origins, general intent and purpose, and important judicial interpretations illustrating the types of situations in which the section can come into play, including references to key academic analysis of each section. Careful explanation is provided with illustrations from cases of the complex and evolving relationship between rights guaranteed by the U.S. Constitution and rights guaranteed by the New Jersey constitution. In many instances, New Jersey's rights can be more protective than those included in the Federal Constitution. Finally, the book provides a thorough bibliographical essay reviewing the evolution of the New Jersey constitution.
