Responding Faithfully to Generation X Rev. Dr. Christopher Doyle,2022-07-12 The research writing and analysis in the pages of this work show the story of how Generation X grew up during one of the greatest periods of technological social political economic and educational change in US history Included in that story is how the greater percentage of them grew up in the church but then walked away en masse Today Generation X is the smallest percentage of Main Line and Catholic Church membership while the overwhelming majority of church membership is made up of an aging population of Baby Boomers and Silent Generation folk In ten year s time what will be the state of the church when many of the current membership has passed on to eternal life or are no longer able to do what it is that they re doing today Generation X could well be the answer to much of the solution Generation X is generally at a more comfortable place in their lives and are asking the questions about the meaning of their lives while considering issues of mortality Yet at the same time they re having now to care for parents grandchildren and for many Gen Xers their own children still They re busy and committed but they re also spiritually hungry Having had a relationship at one point in their lives they re not completely foreign to what the church can be but the ball is really in the church s court How the church chooses to respond to Generation X could mean life or church closure It s a conversation that needs to take place and that conversation begins here

Gatgounis,2022-05-27 Of the many influential religious liberty cases with which the Rev Dr George Gatgounis Esq has been involved his work through the Rutherford Institute as counsel on the Robert Hussein case in Kuwait is certainly one of the most compelling Hussein was a Kuwaiti citizen sentenced to death by his government in the 1990s for converting to Christianity When efforts by his legal team and U S officials failed to overturn the sentence Hussein fled to America but eventually converted back to Islam and returned to Kuwait This thoroughly footnoted book provides unique insight into the Islamic legal system and how the United States might respond to it Expounding the Gospel and Law of God--Exegesis and Sermonic Development George J. Joshua Watson E. Mills,2000-12-31 This series of bibliographies provides an index to the journal articles essays in collected works books and monographs dissertations commentaries and various encyclopaedia and dictionary articles published in the 20th century Where Sin Abounds Robert R. Gonzales Jr.,2010-01-01 Nearly all scholars divide Genesis into primeval and patriarchal history though they debate the precise point of division One reason advanced to justify the division is a thematic shift In primeval history the narrator focuses on the origin and spread of sin as well as God s consequent curse and judgment on humanity In patriarchal history however the spread of sin theme falls off the radar of most scholars But these analyses of the primeval and patriarchal narratives are simplistic and inaccurate In fact the theme of human sin and the divine curse not only serve as the main themes of the Fall narrative but they also continue to function as major themes in both the primeval and patriarchal narratives that follow More particularly human sin appears to increase at both individual and societal levels Moreover just as the primordial sin threatened to derail the advance of God s kingdom and fulfillment of the creation mandate so the spread of human sin in postlapsarian history threatens to thwart God s redemptive plan which consists in the restoration of his original creational intentions for divine and human eschatological fullness This proves true even in the patriarchal narratives where the sins of God s chosen often threaten the very promise intended for their ultimate good These facts which the author attempts to demonstrate in the monograph not only have important ramifications for the unity of the Genesis corpus but they also have important implications for the doctrines of sin justification and sanctification *Telling the Old, Old Story (Larsen)* David L. Larsen,2000 BST ,2015-06-01 *Subject Guide to Books in Print* ,1997 *What the Bible Actually Teaches on Women* Kevin Giles,2018-10-19 Kevin Giles has been writing on women in the Bible for over forty years In this book *What the Bible Actually Teaches on Women* he gives the most comprehensive account to date of the competing conclusions to this question and the

issues surrounding it To understand the bitter and divisive debate among evangelicals over the status and ministry of women it needs to be understood that those who since 1990 have called themselves complementarians argue that in creation before the fall God set the man over the woman Thus the leadership of the man and the subordination of the woman in the home the church and wherever possible in the world the whole creation is the God given ideal that is pleasing to God It is this theology that Kevin Giles deconstructs and shows to be without a biblical foundation Giles shows that he is fully conversant with the complementarian position and yet is unpersuaded by it He sees it as an appeal to the Bible to preserve male privilege similar to the appeals to the Bible to validate slavery and Apartheid appeals to the Bible made by some of the best Reformed and evangelical biblical scholars and now seen to be special pleading Carefully studying the limited number of texts on which complementarians predicate their theology of the sexes Giles finds not one of them actually teaches what complementarians claim Furthermore complementarians too often ignore the texts that are very difficult for them In this book the ordination of women gets only passing mention The constant focus is on whether or not the Bible subordinates women to men as an abiding theological principle
