featured formal thirteen course dinners served in art deco cabins and served by waiters in white waist length jackets and garrison hats As flight times got faster and altitudes higher Pan Am pioneered the design of hot food galleys and commissioned research into how altitude and pressure affected taste buds amending menus accordingly A tale of collaboration with chefs from the best Parisian restaurants and the wining and dining of politicians and film stars the book also documents what food service was like for flight attendants exploring how the golden age of airline dining was underpinned by a racist and sexist culture Written accessibly and with an eye for the glamour and razzamatazz of public aviation history Bryce Evans research into Pan Am airways will be valuable for scholars of food studies and aviation consumer tourism transport and 20th century American history
