revelatory true story of the long forgotten POW camps for German soldiers erected in hundreds of small U S towns during World War II and the secret Nazi killings that ensnared fifteen brave American POWs in a high stakes showdown In the pantheon of American history it s very hard to find compelling original stories and even harder to find authors worthy of them In The Fifteen William Geroux delivers the goods John U Bacon New York Times bestselling author of The Great Halifax Explosion The American government was faced with an unprecedented challenge where to house the nearly 400 000 German prisoners of war plucked from the battlefield and shipped across the Atlantic On orders from President Franklin D Roosevelt the Department of War hastily built hundreds of POW camps in the United States Today traces of those camps which once dotted the landscape from Maine to California have all but vanished Forgotten too is the grisly series of killings that took place within them Nazi power games playing out in the heart of the United States Protected by the Geneva Convention German POWs were well fed and housed Many worked on American farms and a few would even go on to marry farmers daughters Ardent Nazis in the camps however took a dim view of fellow Germans who befriended their captors Soon the killings began In camp after camp Nazis attacked fellow Germans they deemed disloyal Fifteen were sentenced to death by secret U S military tribunals for acts of murder In response German authorities condemned fifteen American POWs to the same fate and in the waning days of the war Germany proposed an audacious trade fifteen German lives for fifteen American lives Drawing on extensive research journalist and author William Geroux shines a spotlight on this story of murder and high stakes diplomacy and on the fifteen American lives that hung in the balance from a fearless P 51 Mustang fighter pilot to a hot tempered lieutenant colonel nicknamed King Kong Propulsive and vividly rendered The Fifteen reminds us that what happens to soldiers after they exit the battlefield can be just as harrowing as what they experience on it *Complete Short Stories Of Ernest Hemingway* Ernest Hemingway,2014-05-22 This stunning collection of short stories by Nobel Prize winning author Ernest Hemingway contains a lifetime of work ranging from fan favorites to several stories only available in this compilation In this definitive collection of short stories you will delight in Ernest Hemingway s most beloved classics such as The Snows of Kilimanjaro Hills Like White Elephants and A Clean Well Lighted Place and discover seven new tales published for the first time in this collection For Hemingway fans The Complete Short Stories is an invaluable treasury **Concordia. the Gospel is the heartbeat of this preacher and evangelist Millions around the world heard Billy Graham proclaim this unchanging truth He never forgot the transformation of his own life when he first said yes to God s gift of salvation and he witnessed multitudes turn their hearts to the God of Hope What is the most hopeful word in History For Billy Graham that word is SALVATION Billy Graham proclaimed God s Gospel with resolve and deep compassion It is a message he preached for more than seventy years And in this book you will sense its urgency filled with hope for the future Salvation is what we all long for when we are lost or in danger or have made a mess of our lives And salvation belongs to us when we reach out for the only One who can rescue us Jesus The Reason for My Hope Salvation presents the essence of that transformative message It is biblical and timeless and though simple and direct it is far from easy There are hard words prophetic words directed toward a culture that denies the reality of sin and distracts us from the veracity of Hell But through its ominous warnings shines a light that cannot be extinguished a beacon of hope that Jesus came to seek and to save that which was lost

College Identity Sagas Eric Childers, 2012-07-06

In an increasingly homogeneous higher education landscape, does organizational identity still matter? Specifically, church-related higher education has experienced seismic shifts since the mid-1960s. Framed by emerging research on organizations and theories of isomorphism, this book traces the forty-year narratives of three colleges of the Evangelical Lutheran Church in America: Concordia College, Gettysburg College, and Lenoir Rhyne University. Are these schools seeking to preserve their religious identities, and if so, what organizational strategies are supporting these efforts? In-depth personal interviews, rigorous document analysis, and thoughtful observation give voice to the three stories detailed in *College Identity Sagas*. For those interested in distinctive colleges, religiously affiliated higher education, and organizational and institutional theories, this book is a vital resource.
