The Conservative Political Tradition In Britain And The United States:

The Conservative Political Tradition in Britain and the United States Arthur Aughey, Greta Jones, William Terence Martin Riches, 1992 This book seeks to break new ground by providing an original framework within which to understand conservative politics and to compare what has always been thought to be opposite ideal types a British conservatism characterized by traditionalism and an American conservatism defined by its optimistic individualism Recasting Conservatism Robert Devigne, 1996-08-28 Explores how conservative thought in the work of Oakeshott and Strauss and their followers responds to the postmodern loss of tradition morality and authority in contemporary British and American society The work also compares each theory to previous political outlooks in both countries *Normative Ethics and Objective Reason* George F. McLean, 1996 Conservatism in Canada James Farney, David Rayside, 2013-01-01 Conservatism in Canada explores the ideological character of contemporary Canadian conservatism its support in the electorate its impact on public policies such as immigration and foreign policy and its articulation at both federal and provincial levels *British Elections and Parties Yearbook 1994* David Broughton, 2014-03-05 This volume combines current academic research on British elections parties and public opinion with a detailed reference section including a chronology of the major political events of 1993 opinion polls and by election results for 1993 as well as an up to date digest of party and media addresses and contacts *Ideology and Welfare* Gary Taylor, 2006-12-07 This book introduces students to the diversity of theoretical perspectives on welfare both illuminating the distinctiveness of each ideology and highlighting important continuities in thought It goes on to illustrate how these theories are reflected in and challenge the development of welfare policy

Liberalism and Hegemony Michel Ducharme, Jean-François Constant, 2009-01-01 The essays collected here explore the possibilities and limits presented by The Liberal Order Framework for various segments of Canadian history and within them the paramount influence of liberalism throughout the nineteenth and twentieth centuries is debated in various contexts

Conservatism from the French Revolution to the 1990s Pekka Suvanto, trans Roderick Fletcher, 2016-03-07 Suvanto has studied the political and ideological conservatism of Britain the United States Germany and France with references to Scandinavian countries He also discusses the nature of traditionalism and its influence on the development of conservatism Suvanto emphasizes the pragmatism and the consistency of conservatism It has played a great part in the collapse of communism Suvanto's book was first published in Finnish in 1994 and it was chosen as the best historical book in Finland in that year **The Roots of Revolt** Angela Joya, 2020-04-02 A conceptually rich historically informed and interdisciplinary study of the contentious politics emerging out of decades of authoritarian neoliberal economic reform The Roots of Revolt examines the contested political economy of Egypt from Nasser to Mubarak just prior to the Arab Uprisings of 2010 11 Based on extensive fieldwork conducted across rural and urban Egypt Angela Joya employs an on the ground approach to critical political economy that challenges the interpretations of Egyptian politics put forward by scholars of both democratization and

authoritarianism By critically reassessing the relationship between democracy and capitalist development Joya demonstrates how renewed authoritarian politics were required to institutionalize neoliberal reforms demanded by the International Monetary Fund presenting the real world impact of economic policy on the lives of ordinary Egyptians before the Arab Uprisings [The John A. Macdonald Retrospective 2-Book Bundle](#) Ged Martin,2014-10-29 This special 2 book bundle contains a number of perspectives on a man who was arguably Canada's most famous political leader a figure of legendary proportions in the history of Canada's birth and development Ged Martin's biography tells Macdonald's story Shocked by Canada's 1837 rebellions Macdonald sought to build alliances and avoid future conflicts Thanks to financial worries and an alcohol problem he almost quit politics in 1864 The challenge of building Confederation harnessed his skills and in 1867 he became the country's first prime minister He drove the Dominion's westward expansion rapidly incorporating the Prairies and British Columbia before a railway contract scandal unseated him in 1873 He conquered his drinking problem and rebuilt the Conservative Party to regain power in 1878 The centrepiece of his protectionist National Policy was the transcontinental railway but a western uprising in 1885 was followed by the controversial execution of rebel leader Louis Riel Although dominant nationally this popular hero had many flaws Macdonald at 200 presents fifteen fresh interpretations of Canada's founding prime minister published for the occasion of the bicentennial of his birth in 1815 Crisply written by recognized scholars and specialists the collection throws new light on Macdonald's formative role in shaping government promoting women's rights managing the nascent economy supervising westward expansion overseeing relations with Native peoples and dealing with Fenian terrorism A special section deals with how Macdonald has or has not been remembered by historians as well as the general public The book concludes with an afterword by prominent Macdonald biographer Richard Gwyn Macdonald emerges as a man of full dimensions an historical figure that is surprisingly relevant to our own times Includes John A Macdonald Macdonald at 200 [The Cumulative Book Index](#) ,1992 A world list of books in the English language

The Man Who Invented the Chromosome Oren Solomon HARMAN,Oren Solomon Harman,2009-06-30 Born by mistake or connivance to struggling parents in a small Lancashire cotton town in 1903 an uninspired Darlington inadvertently escaped the obscurity of farming life and rose instead against all odds to become within a few short years the world's greatest expert on chromosomes and one of the most penetrating biological thinkers of the twentieth century Harman follows Darlington's path from bleak prospects to world fame showing how within the most miniscule of worlds he sought answers to the biggest questions how species originate how variation occurs how Nature both blind and foreboding random and insightful makes her way from deep past to unknown future But Darlington did not stop there Chromosomes held within their tiny confines untold dark truths about man and his culture This passionate conviction led the once famed Darlington down a path of rebuke isolation and finally obscurity As *The Man Who Invented the Chromosome* unfolds Darlington's forgotten tale the Nazi atrocities the Cold War the crackpot Lysenko the molecular revolution eugenics Civil Rights the welfare state the changing

views of man's place in nature biological determinism all were interconnected Just as Darlington's work provoked him to ask questions about the link between biology and culture his life raises fundamental questions about the link between science and society

Liberalism Versus Conservatism François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title and author

Anarcho-primitivism , Neo-Liberal Ideology Rachel S Turner, 2011-06-07 An original account of neo liberalism's intellectual foundations development and conceptual configuration as an ideology Newly available in paperback

Conservatism Yoram Hazony, 2022-05-17 The idea that American conservatism is identical to classical liberalism widely held since the 1960s is seriously mistaken The award winning political theorist Yoram Hazony argues that the best hope for Western democracy is a return to the empiricist religious and nationalist traditions of America and Britain the conservative traditions that brought greatness to the English speaking nations and became the model for national freedom for the entire world Conservatism A Rediscovery explains how Anglo American conservatism became a distinctive alternative to divine right monarchy Puritan theocracy and liberal revolution After tracing the tradition from the Wars of the Roses to Burke and across the Atlantic to the American Federalists and Lincoln Hazony describes the rise and fall of Enlightenment liberalism after World War II and the present day debates between neoconservatives and national conservatives over how to respond to liberalism and the woke left Going where no political thinker has gone in decades Hazony provides a fresh theoretical foundation for conservatism Rejecting the liberalism of Hayek Strauss and the fusionists of the 1960s and drawing on decades of personal experience in the conservative movement he argues that a revival of authentic Anglo American conservatism is possible in the twenty first century

Conservative Capitalism in Britain and the United States (RLE Social Theory) Raymond Plant, Kenneth Hoover, 2014-08-21 The shock waves of conservative advances have reached into every corner of American and British politics Parties of the right have prospered while parties of the left have stumbled retreated and are now regrouping The agenda for both right and left is set by the terms of the free market doctrines that have displaced the post war consensus politics of liberal capitalism This volume describes and challenges the ideological basis of the free market right Though critiques of the policies of the Reagan and Thatcher governments are hardly in short supply this major new study offers the most thorough and up to date analysis available No other book considers in such depth conservative ideas and policies on both sides of the Atlantic It provides the first clear account of the distinction

between conservative and other forms of capitalism It also examines the fault lines dividing opposing camps within conservative capitalism and their consequences for domestic policy in Britain and the US Linking political theory and public policy it is one of the few critical appraisals of the New Right based on a clear understanding of what the arguments for the free market really are Finally the authors demonstrate what the left needs to learn from its failures how to remould its understanding of the relationship between politics and the market and how to recapture the lost initiative

The Powers of the Past Harvey J. Kaye, 1991

The Nested Games of Brexit Agnès Alexandre-Collier, Pauline Schnapper, Simon Usherwood, 2022-06-01 This book offers a novel perspective on the UK's withdrawal from the European Union providing insights to the ways in that domestic concerns interact with European policy to produce sometimes counter intuitive outcomes The 2016 decision by the United Kingdom to withdraw from the European Union was a seminal one for both political parties in the UK This innovative volume considers the extent to which the interrelation between the national and the European arenas produced significant opportunities for reshaping political action The nesting of these two levels matters firstly in allowing for the mobilisation of domestic actors around European issues and secondly in explaining why seemingly unimportant or counter productive actions are taken The tensions this generated reached a critical juncture with the referendum a rupture that highlights the extent to which a nominally second order vote can have fundamental impacts on the first order's preferences Bringing together scholars from a wide range of approaches and covering various aspects of the Brexit process this book offers a significant contribution to improving our understanding of an event that will shape British and European politics for a generation The chapters in this book were originally published as a special issue of the Journal of Contemporary European Studies

The Top Books of the Year The Conservative Political Tradition In Britain And The United States The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. The Conservative Political Tradition In Britain And The United States : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
