is essential reading for both devoted Kafka enthusiasts and newcomers eager to experience the enduring legacy of his artistry This new modern translation from the original German is a fresh accessible and beautifully rendered text that brings to life Kafka s great literary work This edition contains extra amplifying material including an illuminating afterword a timeline of Kafka s life and works alongside of the historical events which shaped his art and a short biography to place this work in its socio historical context Kafka s original German works published during his lifetime entered the public domain in 1995 70 years after his 1924 death while his posthumously published works like *Der Prozess* *Das Schloss* and *Der Verschollene* entered the public domain in 2020 as EU copyright law specifies that works published between 1925 1941 had protection until 70 years after publication

Existential Counselling & Psychotherapy in Practice Emmy van Deurzen,2012-10-19 Offering a concrete framework and practical methods for working from an existential perspective the bestselling *Existential Counselling and Psychotherapy* is now in its third edition Central to the book is the belief that many of our problems arise out of the essential paradoxes of human existence rather than from personal pathology From this perspective the purpose of counselling and therapy is not viewed as problem solving but as a mean of enabling people to come to terms with living life as it is with all its inherent contradictions Emmy van Deurzen a leading existential philosopher and therapist presents a practical method of working using systematic observation clarification and reflection to help clients rediscover their inner strengths She shows how personal assumptions values and talents once acknowledged can be turned to constructive use Using wide ranging case examples the author also demonstrates the effectiveness of the existential approach in many different situations from crisis work to dealing with chronic unhappiness The existential approach is a well respected form of psychotherapy but most writing on the subject tends to be heavily theoretical This book offers a practical and accessible alternative which will be invaluable to those in training as well as to more experienced practitioners
