Skin Of Glass:

The Glass Skin, 1998 Translucent Building Skins Scott Murray, 2013-05-07 Exploring the design of innovative building enclosure systems or skins in contemporary architecture and their precedents in earlier twentieth century modern architecture this book examines the tectonics the history and the influence of translucency as a defining characteristic in architecture Highly illustrated throughout with drawings and full colour photographs the book shows that translucency has been and continues to be a fertile ground for architectural experimentation Each chapter presents a comparative analysis of two primary buildings a recent project paired with a historical precedent highlighting how architects in different eras have realized the distinctive effects of translucency The included buildings span a variety of program types ranging from a single family residence to a factory to a synagogue Whether it is Pierre Chareau's glass lens curtain wall at the Maison de Verre Frank Lloyd Wright's wall of stacked glass tubes at the Johnson Wax Research Tower or Peter Zumthor's use of acid etched glass in a double skin envelope at the Kunsthaus Bregenz the included projects each offer an exemplary case study of innovations in materiality and fabrication techniques Today among many contemporary architects there is an engagement with new technologies new material assemblies and new priorities such as sustainability and energy efficiency A resurgent interest in translucency as a defining quality in buildings has been an important part of this recent dialogue and this book makes essential reading for any architect looking to incorporate aspects of translucency into their buildings *Challenging Glass 3* Freek Bos, Christian Louter, Rob Nijse, Fred Veer, 2012 There are two things everybody knows about glass it is transparent and it breaks These are also the properties that constitute the challenge of glass as an architectural and structural material This book presents papers from the third Challenging Glass Conference CGC3 held at the Technical University TU Delft the Netherlands in June 2012 The conference brings together glass engineering research and design specialists Papers are grouped under seven topic headings project and case studies joints fixings and adhesives strength stability and safety a category which includes a quarter of all the papers presented at the conference laminates and composite design curved and bended glass architectural design and lighting and finally glass in facades Glass remains one of the most exciting materials available to designers and architects today This book will be of interest to all those involved in working with glass in an architectural and structural context Architects' Data Ernst Neufert, 2023-08-28 An indispensable tool for the initial stages of designing and planning a building project This new edition of the classic bestselling text provides in one concise volume the essential information needed as the basis for the more detailed design and development of any building project Organized largely by building type it covers the planning criteria and considerations of function and location and with over 6200 diagrams it provides a mass of data on spatial requirements Most of the featured illustrations are dimensioned and each building type includes plans sections site layouts and design details The book also includes an extensive bibliography and detailed set of metric imperial conversion tables Architects Data 6th Edition starts with the basics

of designing for a new building project before moving on to covering everything an architect needs to know It also looks at the design styles and specifications for creating different types of structures such as those made for residential commercial religious cultural sports medical and other types of occupation Sixth English edition of the classic international reference for architects Covers user requirements planning criteria basic dimensions and considerations of function and siting Includes numerous examples and over 6200 illustrations and tables New in the Sixth Edition Updated sections on lighting stairs and lifts energy performance certificates and fire protection New sections on electric charging stations beekeeping and newsrooms and tiny houses Additional sections on sustainable building materials added to relevant chapters Architects Data is an excellent resource for architects building surveyors space planners and design and building contractors everywhere

Journal of the Society of Glass Technology Society of Glass Technology,1922 **COST Action TU0905 Mid-term Conference on Structural Glass** Jan Belis,Christian Louter,Danijel Mocibob,2013-04-05 The application of glass as a structural material may seem surprising initially yet pioneering glass structures were first built two decades ago already Ever since Structural Glass has been developing at a very high pace thanks to very intensive scientific and industrial research and new technological developments Right at the heart of these rap **The Glass Industry** ,1928 Official Gazette of the United States Patent and Trademark Office ,1988 **The Glass Container** ,1926 *Injurious and Useful Insects* Louis Compton Miall,1911
