Slavery And Rice Culture In Low Country Georgia 1750 186:

Slavery Rice Culture Julia Floyd Smith,1991-01-31 Rice plantations were found in coastal Georgia which included Chatham Bryan Liberty McIntosh Glynn and Camden counties *Rituals of Resistance* Jason R. Young,2011-02-11 In *Rituals of Resistance* Jason R Young explores the religious and ritual practices that linked West Central Africa with the Lowcountry region of Georgia and South Carolina during the era of slavery The choice of these two sites mirrors the historical trajectory of the transatlantic slave trade which for centuries transplanted Kongolese captives to the Lowcountry through the ports of Charleston and Savannah Analyzing the historical exigencies of slavery and the slave trade that sent not only men and women but also cultural meanings signs symbols and patterns across the Atlantic Young argues that religion operated as a central form of resistance against slavery and the ideological underpinnings that supported it Through a series of comparative chapters on Christianity ritual medicine burial practices and transmigration Young details the manner in which Kongolese people along with their contemporaries and their progeny who were enslaved in the Americas utilized religious practices to resist the savagery of the slave trade and slavery itself When slaves acted outside accepted parameters in transmigration spirit possession ritual internment and conjure Young explains they attacked not only the condition of being a slave but also the systems of modernity and scientific rationalism that supported slavery In effect he argues slave spirituality played a crucial role in the resocialization of the slave body and behavior away from the oppressions and brutalities of the master class Young s work expands traditional scholarship on slavery to include both the extensive work done by African historians and current interdisciplinary debates in cultural studies anthropology and literature Drawing on a wide range of primary sources from both American and African archives including slave autobiography folktales and material culture *Rituals of Resistance* offers readers a nuanced understanding of the cultural and religious connections that linked blacks in Africa with their enslaved contemporaries in the Americas Moreover Young s groundbreaking work gestures toward broader themes and connections using the case of the Kongo and the Lowcountry to articulate the development of a much larger African Atlantic space that connected peoples cultures languages and lives on and across the ocean s waters Slavery and Rice Culture in Low Country Georgia, 1750-1860 Julia Floyd Smith,1985-01-01 Rice plantations were found in coastal Georgia which included Chatham Bryan Liberty McIntosh Glynn and Camden counties The Wages of Slavery Michael Twaddle,2013-06-17 The transition from chattel slavery to forced labour in Africa and the Caribbean during the nineteenth and early twentieth centuries has commanded increasing attention from scholars in recent years *The Wages of Slavery* tackles this subject from a protoproletarian perspective studies new labour regimes in Africa and the Caribbean and discusses work practices before and after emancipation the nature of the working week subsistence and surplus for slaves and free person and labour negotiations and confrontations Rice Gold James Bagwell,2002-06 Drawing from a wealth of information particularly from primary sources such as diaries letters plantation records etc the author has recreated the

story of James Hamilton Couper and his times into an exciting interesting and readable account The work begins with an introductory chapter The Georgia Coast a land of sluggish rivers murky blackwater swamps and studded with a string of islands is the home of a special breed of people They are as wild reckless exciting beautiful and contradictory as the land itself Bagwell examines the Couper heritage from kings war and intrigue in Scotland to their firm establishment on the Georgia Coast As colonial times move into antebellum the Coupers progress especially with James Hamilton Couper of Hopeton Plantation On his grand tour of Europe many on that continent commented on the abilities and potential of this young man Couper made quite a name for himself in the area of politics plantation management scientific agriculture archaeology and architectural design In the sinking of the Pulaski he was hailed the hero of the occasion The publication of this volume will be a valuable addition to the history and culture of the South especially Georgia and its coast

Pursuits of Happiness Jack P. Greene, 1988 In this book Jack Greene reinterprets the meaning of American social development Synthesizing literature of the previous two decades on the process of social development and the formation of American culture he challenges the central assumptions that h

Deep Souths J. William Harris, 2003-05-22 Finalist for the Pulitzer Prize in History Co winner of the James A Rawley Prize from the Organization of American Historians Winner of the Theodore Saloutos Memorial Book Prize from the Agricultural History Society Deep Souths tells the stories of three southern regions from Reconstruction to World War II the Mississippi Yazoo Delta the eastern Piedmont of Georgia and the Georgia Sea Islands and Atlantic coast Though these regions initially shared the histories and populations we associate with the idea of a Deep South all had economies based on slave plantation labor in 1860 their histories diverged sharply during the three generations after Reconstruction With research gathered from oral histories census reports and a wide variety of other sources Harris traces these regional changes in cumulative stories of individuals across the social spectrum Deep Souths presents a comparative and ground level view of history that challenges the idea that the lower South was either uniform or static in the era of segregation By the end of the New Deal era changes in these regions had prepared the way for the civil rights movement and the end of segregation

Journal of the School of Letters, 2006 Drums and Shadows, 1986 Set against the background of the antebellum slave trade Drums and Shadows traces the persistence of African heritage in the culture of blacks living on the Georgia coast in the 1930s In the later years of the depression members of the Georgia Writers Project visited and interviewed blacks many of whose grandparents smuggled into slavery as late as 1858 had passed on the customs and beliefs of their African past Seeking evidence of African traditions the project's workers questioned the blacks about conjure the curses and potions responsible for turns of luck illnesses and even death about dreams that often determine the course of daily life and about spirits and other apparitions as real as walking breathing people

Slave Law in the Americas Alan Watson, 1989-01-01 In this book Alan Watson argues that the slave laws of North and South America the written codes defining the relationship of masters to slaves reflect not so much the culture and society of the various colonies

but the legal traditions of England Europe and ancient Rome A pathbreaking study concerned as much with the nature of comparative law as the specific subject of the law of slavery Slave Law in the Americas posits an essential distance in the Western legal tradition between the tenets of law and the values of the society they govern Laws Watson shows often are made not by governments or rulers but by jurists as in ancient Rome law professors as in medieval and continental Europe and judges as in common law England Bodies of law often created without reference to particular social and political ideals are also often transferred whole cloth from one society to another Tracing the effects of the reception of Roman law throughout Europe excluding England and the Americas Watson reveals the enormous impact of this legal tradition on subsequent lawmakers operating under utterly dissimilar social and political conditions in the New World Slave law in the colonies Watson demonstrates had much to do with the mother country s relations to Roman law Spain Portugal France and the United Dutch Provinces all within the Roman legal tradition imposed on their colonies slave laws that were private and nonracist in character laws that interfered little in master slave relations and provided for the relative ease of manumission and the grant of citizenship to freed slaves England however did not ascribe to Roman law and colonists created rather than received slave law Public and racist slave law in the English colonies uniquely reflected local concerns involving every citizen in the protection and perpetuation of slavery strictly regulating education manumission and citizenship status Comparative legal history Watson writes is in its infancy Presenting the laws of slavery in ancient Rome and in the slaveholding colonies of America Watson demonstrates how comparative law can elucidate the relationship of law legal rules and institutions to the society in which they operate Investigating not the dynamics of slavery but of slave law he reveals the working of a legal culture and its peculiar history
