Slavic Civilization Through The Ages:

Slavic Civilization Through the Ages Samuel Hazzard Cross,1963 **Slavic Civilization Through the Ages** Samuel Hazzard Cross,1963 **Slavs in the Middle Ages between Idea and Reality** Eduard Mühle,2023-03-20 The book presents a new history of the Slavs during the Middle Ages Based on in depth source analysis it describes on the one hand the factual historical structures that can be discerned behind the phenomenon of the Slavs from the early Slavic population groups and their first formations of power in the 7th to 9th centuries through the Slavic speaking realms and nationes of the 10th to 12th centuries to the late medieval societies of the 13th to 15th centuries On the other hand it analyzes external Byzantine Latin and Arabic perceptions as well as Slavic self imagery with which the Slavs have been conceptualized or imagined as a cultural construct since the 6th century Mhle further demonstrates that these images were already being instrumentalized for historical political purposes in various contexts and for different purposes in the Middle Ages

Civilization Through the Centuries Wilbur Devereux Jones,Horace Montgomery,1960 **Slavic Civilization Through the Ages. D., Foreword by Leonard I. Strakhovsky** Samuel Hazzard Cross,Leonard I.. Strakhovsky,1963 **The Making of the Slavs** Florin Curta,2001-07-12 This book offers an alternative approach to the problem of Slavic ethnicity in south eastern Europe between c 500 and c 700 from the perspective of current anthropological theories The conceptual emphasis here is on the relation between material culture and ethnicity The author demonstrates that the history of the Sclavenes and the Antes begins only at around 500 AD He also points to the significance of the archaeological evidence which suggests that specific artefacts may have been used as identity markers This evidence also indicates the role of local leaders in building group boundaries and in leading successful raids across the Danube Because of these military and political developments Byzantine authors began employing names such as Sclavines and Antes in order to make sense of the process of group identification that was taking place north of the Danube frontier Slavic ethnicity is therefore shown to be a Byzantine invention **A History of Slovakia** Stanislav J. Kirschbaum,2016-05-10 This classic book offers the most comprehensive and up to date history of Slovakia from its establishment on the Danubian Plain to the present While paying tribute to Slovakia s resilience and struggle for survival it describes contributions to European civilization in the Middle Ages the development of Slovak consciousness in response to Magyarization its struggle for autonomy in Czechoslovakia after the Treaty of Versailles its resistance as the first Slovak Republic to a Nazi controlled Europe its reaction to Communism and the path that led to the creation of the second Slovak Republic Now fully updated to the present day the book examines the vagaries of Slovak post Communist politics that led to Slovakia s membership in NATO and the European Union **A History of the Balkan Peoples** René Ristelhueber,Sherman D. Spector, **The Czars** James P. Duffy & Vincent L. Ricci,2015-06-22 During the course of most of Russia s turbulent history czars ruled The story of these men and women as diverse as the lands they governed is in many ways the story of Russia itself From the birth of the Kievan state in the second

half of the ninth century to the murder of Czar Nicholas II and his family in 1918 historians James P Duffy and Vincent L Ricci trace the long and twisted line of imperial rule in Russia offering many insights into the uses and abuses of absolute power as well as a glimpse at world history through the eyes of those who made it The Czars is a vital page in the literature of Russian history

STRAKHOVSKY,1948 **An Outline of the Course on Slavic Civilizations** Rado Ludovik Lenček,1978 **The Unknown Europe** James R. Payton Jr.,2021-11-03 The fascinating history of Eastern Europe includes highs of soaring cultural achievement and lows of almost unimaginable repression But we in the West don t know much about Eastern Europe or its history this book helps us see why We got interested when the region became a threat during the Cold War but what we learned focused on the Communist period after World War II not Eastern Europe itself or its deep history a history that continues to live in the hearts of its peoples James Payton offers an accessible treatment of the history of the region an opportunity to learn about Eastern Europeans as they are He overviews that story from pre history to the present examining eleven turning points that profoundly shaped Eastern European history His treatment considers the backgrounds to the turning points the events and the long lasting impacts they had for the various Eastern European nations This helps us understand how Eastern Europeans themselves see their history the long haul over the centuries with the influence and impact of events of the sometimes distant past shaping how they see themselves their neighbors and their place in the world

The Slavs in European History and Civilization Francis Dvornik,1962 A seminar on the history of Slavic politics international relations culture and religion during the 6th through the 19th century **The Velestino Hoard** Florin Curta,Bartłomiej Szymon Szmoniewski,2019-02-28 This book examines the remarkable Velestino hoard found in Thessaly in the 1920s and analyses the light that this collection of artifacts sheds on a poorly studied period of Byzantine history and on largely neglected aspects of Byzantine civilization Many collections of Byzantine gold and silverware such as Vrap and Seuso have been surrounded by controversy None however has been under more suspicion than the Velestino hoard particularly with regards to its authenticity The hoard contains no gold and no silver and is in fact a collection of bronze and leaden plaques some with human and others with animal or geometric representations The authors examine three distinct aspects of the hoard the iconography of its components the method of its production and the function of those components The conclusions that they reached provide valuable new insights into eighth century Byzantine culture The book explores the Byzantine cultural and political context of the Velestino hoard and will appeal to historians and art historians of early Byzantium as well as archaeologists and historians of early medieval technologies *Passages from Antiquity to Feudalism* Perry Anderson,2013-03-12 *Passages from Antiquity to Feudalism* is a sustained exercise in historical sociology that shows how the slave based societies of Ancient Greece and Rome eventually became the feudal societies of the Middle Ages In the course of this study Anderson vindicates and refines the explanatory power of historical materialism while casting a fascinating light on the Ancient world the Germanic invasions nomadic society and the different routes taken to feudalism in Northern Mediterranean Eastern and Western Europe Through this work and its companion volume *Lineages of the Absolutist State* Anderson presents a Marxist history of Western political development that takes readers from the first stirrings of political consciousness in the classical world to the rise of absolutist monarchies in Europe and the birth of the

modern epoch *Imagology* ,2007-01-01 How do national stereotypes emerge To which extent are they determined by historical or ideological circumstances or else by cultural literary or discursive conventions This first inclusive critical compendium on national characterizations and national cultural or ethnic stereotypes contains 120 articles by 73 contributors Its three parts offer 1 a number of in depth survey articles on ethnic and national images in European literatures and cultures over many centuries 2 an encyclopedic survey of the stereotypes and characterizations traditionally ascribed to various ethnicities and nationalities and 3 a conspectus of relevant concepts in various cultural fields and scholarly disciplines The volume as a whole as well as each of the articles has extensive bibliographies for further critical reading *Imagology* is intended both for students and for senior scholars facilitating not only a first acquaintance with the historical development typology and poetics of national stereotypes but also a deepening of our understanding and analytical perspective by interdisciplinary and comparative contextualization and extensive cross referencing
