Pritchard, Mary White Ovington, Robert R. Moton, 2017-08-11 Trieste Publishing has a massive catalogue of classic book titles Our aim is to provide readers with the highest quality reproductions of fiction and non fiction literature that has stood the test of time The many thousands of books in our collection have been sourced from libraries and private collections around the world The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original Our readers see the books the same way that their first readers did decades or a hundred or more years ago Books from that period are often spoiled by imperfections that did not exist in the original Imperfections could be in the form of blurred text photographs or missing pages It is highly unlikely that this would occur with one of our books Our extensive quality control ensures that the readers of Trieste Publishing s books will be delighted with their purchase Our staff has thoroughly reviewed every page of all the books in the collection repairing or if necessary rejecting titles that are not of the highest quality This process ensures that the reader of one of Trieste Publishing s titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers Generally Trieste books are purchased singly on demand however they may also be purchased in bulk Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates     **The Wide Awake Second Reader (1908)** Clara Murray, 2009-04-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work     *The American School Readers* Kate F. Oswell, 2017-07-22 Excerpt from The American School Readers Fifth Reader It is not enough for children in the higher grades merely to read lessons in a reader They should read understandingly and sympathetically and should have their eyes opened more and more to the finer qualities of good literature The authors believe that the use of this Fifth Reader will greatly help to this desirable end The book however is not heavy and the literature is not like that of many fifth readers beyond the comprehension of children The questions for study are not learned and discouraging on the contrary they are stimulating and suggestive and will add to the pleasure of the reading The authors beg leave gratefully to acknowledge the valuable criticism of the manuscript by Professor Charles W Kent of the University of Virginia About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a

**School Reading by Grades** James Baldwin, 2017-11-22 Excerpt from School Reading by Grades Second Year Tm chief purpose of this volume as of the others in the series is to help the pupil learn to read and to this object everything else is subservient Bearing in mind the fact that only those children who like to read ever become good readers the author has endeavored so to construct and arrange the several lessons as to make each reading exercise a source of pleasure to all The successive stories poems and other pieces have been chosen so as to present a varied succession of thoughts and images pleasing to the child thus stimulating his interest from day to day arousing his curiosity directing his imagination and adding to his store of knowledge The gradation is as nearly perfect as possible each lesson being but a little more difficult than that which precedes it All new words that would be likely to offer the slightest difficulties to the learner are printed in the word lists at the beginning of the selection Since each recitation must necessarily be short all the longer pieces have been divided into parts each part being sufficient in most cases for one lesson This method obviates the objection usually made to long selections in books of this grade and makes it possible to present in complete form several adaptations of productions that are by common consent recognized as classical The constant trend of the lessons in all the volumes in this series is towards leading the learner as soon as he is prepared for it to a knowledge and appreciation of the best things in the permanent literature of the world About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
