Mexico. Center for the American West**

The American West In The Twentieth Century A Bibliography:

The American West in the Twentieth Century ,1994 The North American West in the Twenty-First Century

Brenden W. Rensink,2022-11 In 1893 Frederick Jackson Turner famously argued that the generational process of meeting and conquering the supposedly uncivilized western frontier is what forged American identity In the late twentieth century new western historians dissected the mythologized western histories that Turner and others had long used to embody American triumph and progress While Turner s frontier is no more the West continues to present America with challenging processes to wrestle navigate and overcome The North American West in the Twenty First Century edited by Brenden W Rensink takes stories of the late twentieth century modern West and carefully pulls them toward the present explicitly tracing continuity with or unexpected divergence from trajectories established in the 1980s and 1990s Considering a broad range of topics including environment Indigenous peoples geography migration and politics these essays straddle multiple modern frontiers not least of which is the temporal frontier between our unsettled past and uncertain future These forays into the twenty first century West will inspire more scholars to pull histories to the present and by doing so reinsert scholarly findings into contemporary public awareness

The World of the American West Gordon Morris Bakken,2010-10-04 The World of the American West is an innovative collection of original essays that brings the world of the American West to life and conveys the distinctiveness of this diverse constantly changing region Twenty scholars incorporate the freshest research in the field to take the history of the American West out of its timeworn Cowboys and Indians stereotype right up into the major issues being discussed today from water rights to the presence of the defense industry Other topics covered in this heavily illustrated highly accessible volume include the effects of leisure and tourism western women politics and politicians Native Americans in the twentieth century and of course oil With insight both informative and unexpected The World of the American West offers perspectives on the latest developments affecting the modern American West providing essential reading for all scholars and students of the field so that they may better understand the vibrant history of this globally significant ever evolving region of North America

American Far West in the Twentieth Century Earl S. Pomeroy,2008-10-21 In this richly insightful survey that represents the culmination of decades of research a leading western specialist argues that the unique history of the American West did not end in the year 1900 as is commonly assumed but was shaped as much if not more by events and innovations in the twentieth century Earl Pomeroy gathers copious information on economic political social intellectual and business issues thoughtfully evaluates it and draws a new and more nuanced portrait of the West than has ever been depicted before Pomeroy mines extensive published and unpublished sources to show how the post 1900 West charted a path that was influenced by but separate from the rest of the country and the world He deals not only with the West s transition from an agricultural to an urban region but also with the important contributions of minority racial and ethnic groups and women in that transformation Pomeroy describes a modern West increasingly urban

transnational and multicultural that has overcome much of the isolation that challenged it at an earlier time His final book is nothing short of the definitive source on that West **Essays in Twentieth-century New Mexico History** Judith Boyce DeMark,1994 This volume supplements the standard accounts of New Mexico history and will reward readers seeking to understand the complex nature of contemporary New Mexico **The American West** Michael P. Malone,2007-11-01 Chronicles the history of the American West during the twentieth century tracing economical political social and cultural developments in the region from 1900 to the turn of the twenty first century in an updated edition that includes new sections that explore the roles of ethnic groups in the new West urban developments western women and events since the mid 1980s Original **The American West and Its Interpreters** Richard W. Etulain,2023-05 Distinguished historian Richard W Etulain brings together a generous selection of essays from his sixty year career as a specialist on the US West in this essential volume Each essay provides an invaluable overview of the rise of western literary history and historiography including insightful evaluations of individual historians revealing summaries of regional literature and discussions of western stories yet to be told Together these writings furnish readers with useful considerations of important subjects about the American West All those interested in the American West and its interpreters will find these illuminative moments of literary history and historiography especially appealing Indians and the American West in the Twentieth Century Donald L. Parman,1994-10-22 History of the relationship between the US Government and Indians of the US *Women in the Twentieth-century American West* Suzanne Sermon,University of New Mexico. Center for the American West,2000

Thunder in the West Richard W. Etulain,2020-07-09 Even before he was shot and killed in 1881 Billy the Kid s charisma and murderous career were generating stories that belied his brief life and that only multiplied growing to legendary proportions after his death at age twenty one In *Thunder in the West* Richard W Etulain takes the true measure of Billy the man and the legend and presents the clearest picture yet of his life and his ever shifting place and presence in the cultural landscape of the Old West Billy the Kid born Henry McCarty in 1859 and also known as William H Bonney emerges from these pages in all his complexity at once a gentleman and gregarious companion and a thief and violent murderer Tapping new depths of research Etulain traces Billy s short life from his mysterious origins in the East through his wanderings in New Mexico Arizona and Texas As we move from his peripatetic early years through the wild West to his fatal involvement in the Lincoln County Wars we see the impressionable boy give way to the conflicted young man and finally to the opportunistic and often amoral outlaw who was out for himself for revenge and for whatever he could steal along the way Against this deftly drawn portrait Etulain considers the stories and myths spawned by Billy s life and death Beginning with the dime novels featuring Billy the Kid even during his lifetime and ranging across the myriad newspaper accounts novels and movies that alternately celebrated his outlaw life and condemned his exploits Etulain offers a uniquely informed view of the changing interpretations that have shaped and reshaped the reputation of this enduring icon of the Old West In his portrayal Billy the

Kid lives on not as a cut throat desperado or a young charmer but as both hero and villain myth and man fully realized in this twenty first century interpretation *Billy the Kid* Richard W. Etulain, 2020-07-16 A central character in legends and histories of the Old West Billy the Kid rivals such western icons as Jesse James and General George Armstrong Custer for the number of books and movies his brief violent life inspired Billy the Kid A Reader's Guide introduces readers to the most significant of these written and filmed works Compiled and written by a respected historian of the Old West and author of a masterful new biography of Billy the Kid this reader's guide includes summaries and evaluations of biographies histories novels and movies as well as archival sources and research collections Surveying newspaper articles books pamphlets essays and book chapters Richard W Etulain traces the shifting views of Billy the Kid from his own era to the present Etulain's discussion of novels and movies reveals a similar shift even as it points out both the historical inaccuracies and the literary and cinematic achievements of these works A brief section on the authentic and supposed photographs of the Kid demonstrates the difficulties specialists and collectors have encountered in locating dependable photographic sources This discerning overview will guide readers through the plethora of words and images generated by Billy the Kid's life and legend over more than a century It will prove invaluable to those interested in the demigods of the Old West and in the ever changing cultural landscape in which they appear to us *Families in the Twentieth-century American West* Cindy M. Tyson, University of New Mexico. Center for the American West, 2001 **A Sense of the American West** James E. Sherow, 1998-10 An anthology of diverse approaches and issues in the environmental history of the American West

Ernest Haycox and the Western Richard W. Etulain, 2017-09-14 Western fans today may not recognize the name Ernest Haycox 1899-1950 but they know his work John Ford turned one of his stories into the iconic film Stagecoach and the whole Western literary genre still follows conventions that Haycox deftly mastered and reshaped In this new book about Haycox's literary career Richard W Etulain tells the engrossing story of his rise through the ranks of popular magazine and serial fiction to become one of the Western's most successful creators After graduating from the University of Oregon in 1923 with a degree in journalism Haycox began his quest to break into New York's pulp magazine scene submitting dozens of stories before he began to make a living from his writing By the end of the 1920s he had become a top writer for Western Story Short Stories and Adventure among other popular weeklies and monthlies Ernest Haycox and the Western traces Haycox's path from rank beginner to crack pulp writer to regular contributor to Collier's and the Saturday Evening Post Etulain shows how Haycox experimented with techniques to deepen and broaden his Westerns creating more introspective protagonists Hamlet heroes introducing new types of heroines the brunette vixen the blonde Puritan and weaving greater historical realism into his plots After reaching the height of success with his best selling Custer novel Bugles in the Afternoon 1944 Haycox moved away from the financially rewarding but artistically constricting Western formula only to achieve his final coup with The Earthbreakers a historical novel about the end of the Oregon Trail published posthumously in 1952

Reconstructing the career of a popular literary giant Ernest Haycox and the Western restores Haycox to his rightful place in the history of Western literature **Mark O. Hatfield** Richard W. Etulain, 2021-07-08 In a career in public office spanning five decades Mark Odom Hatfield 1922 2011 never lost an election First elected to the Oregon House of Representatives in 1950 he retired from political office in 1997 after serving as Oregon state senator secretary of state and governor and as United States senator for five terms He was arguably the state's most important politician but his brand of liberal to moderate Republicanism has long since vanished from the political stage Mark O Hatfield Oregon Statesman tells Hatfield's story as an Oregonian a politician and a man of practical vision deep convictions and far reaching consequence in the civic life of the state and the nation A lifelong evangelical Christian and Republican per his mother's fondest wishes and politically inclined from a young age Hatfield came to office after studying and teaching political science and observing firsthand the ravages of war in the Pacific and the cruelty of segregation at home Historian Richard W Etulain portrays Hatfield as an energetic young Republican legislator in a state becoming increasingly Democratic He pushed civil rights legislation supported laborers as well as business interests and struck a balance that would align him with moderates even as the party's conservative wing became ascendant Elected in 1958 as Oregon's youngest ever governor Hatfield went on to become the first in the twentieth century to hold that office for two terms using his tenure to streamline the state's executive branch and promote Oregon as a prime destination for business and tourism efforts that quickly earned him a place on the national stage Etulain focuses on Hatfield as a force in Oregon state politics but also examines his long tenure as a U S senator garnering attention early for his stance against the Vietnam War and later for his antinuclear position The private life the public figure the man of faith and family of an older West and the new this biography while compact captures Mark Hatfield in full as a major western politician of the twentieth century **Political History in the Twentieth-century American West** M. David Key, 2000 **Religion in the Modern American West** Ferenc Morton Szasz, 2002-01-01 When Americans migrated west they carried with them not only their hopes for better lives but their religious traditions as well Yet the importance of religion in the forging of a western identity has seldom been examined In this first historical overview of religion in the modern American West Ferenc Szasz shows the important role that organized religion played in the shaping of the region from the late nineteenth to late twentieth century He traces the major faiths over that time span analyzes the distinctive response of western religious institutions to national events and shows how western cities became homes to a variety of organized faiths that cast only faint shadows back east While many historians have minimized the importance of religion for the region Szasz maintains that it lies at the very heart of the western experience From the 1890s to the 1920s churches and synagogues created institutions such as schools and hospitals that shaped their local communities during the Great Depression the Latter day Saints introduced their innovative social welfare system and in later years Pentecostal groups carried their traditions to the Pacific coast and Southern Baptists among others set out in earnest to evangelize the Far West

Beginning in the 1960s the arrival of Asian faiths the revitalization of evangelical Protestantism the ferment of post Vatican II Catholicism the rediscovery of Native American spirituality and the emergence of New Age sects combined to make western cities such as Los Angeles and San Francisco among the most religiously pluralistic in the world Examining the careers of key figures in western religion from Rabbi William Friedman to Reverend Robert H Schuller Szasz balances specific and general trends to weave the story of religion into a wider social and cultural context Religion in the Modern American West calls attention to an often overlooked facet of regional history and broadens our understanding of the American experience

North American Women Artists of the Twentieth Century Jules Heller, Nancy G. Heller, 2013-12-19 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company

Calamity Jane Richard W. Etulain, 2015-08-25 This exhaustive bibliographical reference will be the first stop for anyone looking for Calamity Jane in print film or photograph and wanting to know how reliable those sources may be Richard W Etulain renowned western U S historian and the author of a recent biography of this charismatic figure enumerates and assesses the most valuable sources on Calamity Jane s life and legend in newspapers magazines journals books and movies as well as historical and government archives Etulain begins with a brief biography of Martha Canary aka Calamity Jane 1856 1903 then analyzes the origins and growth of her legends The sources Etulain shows reveal three versions of Calamity Jane In the most popular one she was a Wild Woman of the Old West who helped push a roaring frontier through its final stages This is the Calamity Jane who fought Indians marched with the military and took on the bad guys Early in her life she also hoped to embody the pioneer woman seeking marriage and a stable family and home A third later version made of Calamity an angel of mercy who reached out to the poor and nursed smallpox victims no one else would help The hyperbolic journalism of the Old West as well as dime novels and the stretchers Calamity herself told in her interviews and autobiography shaped her legends through much of the twentieth century Many of the sensational early accounts of Calamity s life Etulain notes were based on rumor and hearsay In illuminating the role of the Deadwood Dick dime novel series and other pulp fiction in shaping what we know or think we know of the American West Etulain underscores one of his fascinating themes the power of popular culture The product of twenty years labor sifting fact from falsehood or distortion this bibliography and reader s guide includes brief discussions of nearly every item s contents along with a terse entertaining evaluation of its reliability

A Literary History of the American West Western Literature Association (U.S.), 1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long knowns to be of historical importance are also experiences that need and deserve a literature of importance

Getting the books **The American West In The Twentieth Century A Bibliography** now is not type of challenging means. You could not abandoned going following book addition or library or borrowing from your associates to entrance them. This is an completely simple means to specifically acquire lead by on-line.
