Thomas Albert Howard

The Americanist Heresy In Roman Catholicism 1895 19:

The Americanist Heresy in Roman Catholicism, 1895-1900 Thomas Timothy McAvoy,1963 As America entered the twentieth century a difficult question confronted the rapidly growing Catholic Church to what degree if any should religious practices be adapted to the American milieu The Catholic hierarchy of the United States in these years was sharply divided between conservatives and Americanists The former group believed that republican governments were per se opposed to religion The Americanists on the other hand not only saw democracy as the best possible government for a pluralistic society such as obtained in this nation but were convinced that a pragmatic approach to cultural problems was an absolute necessity

John Lafarge and the Limits of Catholic Interracialism, 1911-1963 David W. Southern,1996-07-01 Before Vatican II before the race riots of the 1940s the white Jesuit priest John Lafarge decried America's treatment of blacks In the first scholarly biography of Lafarge David W Southern paints a portrait of a man ahead of his church on the race issue who nevertheless did not press hard enough in ridding it of an institutional bias against African Americans Southern follows Lafarge from his birth into the Social Register in Newport Rhode Island in 1880 to his death in 1963 just months after his participation in the March on Washington According to Southern Lafarge was the foremost Catholic spokesman on black white relations in America for more than thirty years In a series of books and articles he served on the staff of the influential Jesuit weekly America from 1926 until his death he significantly improved the image of the Church in the eyes of black Jewish and Protestant leaders In 1934 he founded the Catholic Interracial Council of New York the most important Catholic civil rights organization in the pre Brown era His declaration in 1937 that racism is a sin and a heresy so impressed the pope that he employed Lafarge to write an encyclical on the subject Although lauded in his time for his achievements in race relations Lafarge Southern contends espoused too gradualist an approach Southern maintains that Lafarge was fettered by a fierce loyalty to the Church a staunch clericalism an intense concern with the image of Catholicism in Protestant America an aristocratic background and Eurocentric thinking producing in him an abiding paternalism and lingering ambivalence about black culture and a tendency to conceal the Church's discriminatory practices rather than reveal them Moreover he was too slow to condemn segregation and approve the nonviolent direct action of Martin Luther King Jr Still Southern sees in Lafarge a redeeming capacity for liberal growth citing his inspiration of a younger more militant generation of Catholics and his joining in the 1963 march Based on extensive archival research John LaFarge and the Limits of Catholic Interracialism fills a serious gap in Catholic social history and race relations history An impressive engrossing biography it also casts light on the broader historical issues of the Church's attitudes and practices toward African Americans since the Civil War Catholic liberalism before Vatican II and the seeds of unrest that manifest themselves today in the rapidly growing black Catholic community

Americanist Heresy in Roman Catholicism, 1895-1900 Thomas T. McAvoy,1980-05-01 **The American Irish** Kevin Kenny,2014-07-22 The American Irish A History is the first concise general history of its subject in a

generation It provides a long overdue synthesis of Irish American history from the beginnings of emigration in the early eighteenth century to the present day While most previous accounts of the subject have concentrated on the nineteenth century and especially the period from the famine 1840s to Irish independence 1920s *The American Irish A History* incorporates the Ulster Protestant emigration of the eighteenth century and is the first book to include extensive coverage of the twentieth century Drawing on the most innovative scholarship from both sides of the Atlantic in the last generation the book offers an extended analysis of the conditions in Ireland that led to mass migration and examines the Irish immigrant experience in the United States in terms of arrival and settlement social mobility and assimilation labor race gender politics and nationalism It is ideal for courses on Irish history Irish American history and the history of American immigration more generally

Public Religions in the Modern World José Casanova, 2024-05-31 In a sweeping reconsideration of the relation between religion and modernity Jose Casanova surveys the roles that religions may play in the public sphere of modern societies During the 1980s religious traditions around the world from Islamic fundamentalism to Catholic liberation theology began making their way often forcefully out of the private sphere and into public life causing the deprivatization of religion in contemporary life No longer content merely to administer pastoral care to individual souls religious institutions are challenging dominant political and social forces raising questions about the claims of entities such as nations and markets to be value neutral and straining the traditional connections of private and public morality Casanova looks at five cases from two religious traditions Catholicism and Protestantism in four countries Spain Poland Brazil and the United States These cases challenge postwar and indeed post Enlightenment assumptions about the role of modernity and secularization in religious movements throughout the world This book expands our understanding of the increasingly significant role religion plays in the ongoing construction of the modern world

American Heretics Jerome E. Copulsky, 2024-10-01 A penetrating account of the religious critics of American liberalism pluralism and democracy from the Revolution until today A chilling consideration of persistent mutations of American thought still threatening our pluralist democracy Kirkus Reviews starred review The conversation about the proper role of religion in American public life often revolves around what kind of polity the Founders of the United States envisioned Advocates of a Christian America

claim that the Framers intended a nation whose political values and institutions were shaped by Christianity secularists argue that they designed an enlightened republic where church and state were kept separate Both sides appeal to the Founding to justify their beliefs about the kind of nation the United States was meant to be or should become In this book Jerome E Copulsky complicates this ongoing public argument by examining a collection of thinkers who on religious grounds considered the nation s political ideas illegitimate its institutions flawed and its church state arrangement defective Beholden to visions of cosmic order and social hierarchy rejecting the increasing pluralism and secularism of American society they predicted the collapse of an unrighteous nation and the emergence of a new Christian commonwealth in its stead By engaging their challenges and interpreting their visions we can better appreciate the perennial temptations of religious illiberalism as well as the virtues and fragilities of America s liberal democracy

print archival material and the French language papers of Fr Lacouture The Bread of the Strong opens up an entirely new arena of scholarship on the transnational lineages of American Catholic social justice activism Downey also reveals riveting new insights into the movement's founder and namesake Quebecois Jesuit Onesime Lacouture Downey also frames a more reciprocal depiction of Day and Hugo's relationship and influence including the importance of Day's evangelical pacifism on Hugo particularly in shaping his understanding of conscientious objection and Christian antiwar work and how Hugo's ascetical theology animated Day's interior life and spiritually sustained her apostolate A fascinating investigation into the retreat movement Day loved so dearly and which she claimed was integral to her spiritual formation The Bread of the Strong explores the relationship between contemplative theology asceticism and radical activism More than a study of Lacouture Hugo and Day this fresh look at Dorothy Day and the complexities and challenges of her spiritual and social expression presents an outward exploration of the early to mid twentieth century dilemmas facing second and third generation American Catholics

Making Catholic

America William S. Cossen, 2023-08-15 In *Making Catholic America* William S Cossen shows how Catholic men and women worked to prove themselves to be model American citizens in the decades between the Civil War and the Great Depression Far from being outsiders in American history Catholics took command of public life in the early twentieth century claiming leadership in the growing American nation They produced their own version of American history and claimed the power to remake the nation in their own image arguing that they were the country's most faithful supporters of freedom and liberty and that their church had birthed American independence *Making Catholic America* offers a new interpretation of American life in the Gilded Age and Progressive Era demonstrating the surprising success of an often embattled religious group in securing for itself a place in the national community and in profoundly altering what it meant to be an American in the modern world
