Simpson,2012-04-24 For over one hundred and fifty years the America s Cup has been the premier prize as yachtsmen have been pitted against sailors from around the world in an effort to win this prestigious race The race takes its name from the champion schooner America which was created due in large part to the efforts of New York Yacht Club founder John Cox Stevens Author Richard V Simpson sheds new light on long forgotten stories of the early quests for the coveted Cup Among the notable yachtsmen profiled are Sir Thomas Johnstone Lipton who earned a special award for being the race s best loser and Ted Hood who owned a sail making company that developed the Dacron cloth from which the twelve meter sails were cut This history comes to life with exciting descriptions of the yachts the races and the colorful personalities of those who longed to capture the greatest prize in yacht racing

Cruising World ,1987-01 **MotorBoating** ,1943-06 **Temple to the Wind** Christopher L. Pastore,2023-12-21 In 1903 racing for the America s Cup was no longer a gentleman s game it had become a race entangled with political tension and awesome dangerous stakes In this pivotal year the two great rivals Britain and America raced head

to head with Britain determined to win with their privately funded Shamrock III and America's bravado backed up by Reliance. Reliance was a yacht like no other a work of beauty carrying more sail than any single masted boat before. Some believed that the boat towering 190 feet above the water was simply too dangerous but the race called for such staggering risk. Pastore brings life to this strikingly astounding vessel from conception to construction to the hair raising trials at sea. It is simply one of the most exciting sea tales ever told.
