The Ancestor Ivo Greenwell, 2003-11 The village of Taski in northern Russia was home to peace loving families who lived a quiet simple life uninterrupted by strife or outsiders When the warriors of Batu Khan sitting astride wooden saddles on fast moving ponies rode in peace was forever shattered Many of the townspeople were captured and taken prisoner But the lumberman Shol and his followers escaped into the cold mountains to the north living in caves before seeking a warmer climate near the sea Later Shol returned to Taski and made a daring raid into the Mongol camp taking his wife Kitula to their new home The Golden Horde followed and the skirmish that ensued left all of Batu's warriors and many villagers including Shol lying dead among the ashes of their new homes Shan leads the survivors into a new land seeking the peace and serenity they held sacred in their fatherland Trying desperately to hold onto their simple values babies were born along the way bringing joy and hope and permitting them to retain their desires for a peaceful life somewhere in their new environment Follow these nomads in their expansive journey through the harsh elements facing many trials seeking peace in America

The Golden Bough James George Frazer, 1911 The Golden Bough: pt. 1–p1-2–s. The magic art and the evolution of kings, 1911 James George Frazer, 1926 **Feeding the Dead** Matthew R. Sayers, 2013-07-08 *Feeding the Dead* outlines the early history of ancestor worship in South Asia from the earliest sources available the Vedas up to the descriptions found in the Dharmashastra tradition Most prior works on ancestor worship have done little to address the question of how shraddha the paradigmatic ritual of ancestor worship up to the present day came to be Matthew R Sayers argues that the development of shraddha is central to understanding the shift from Vedic to Classical Hindu modes of religious behavior Central to this transition is the discursive construction of the role of the religious expert in mediating between the divine and the human

actor Both Hindu and Buddhist traditions draw upon popular religious practices to construct a new tradition Sayers argues that the definition of a religious expert that informs religiosity in the Common Era is grounded in the redefinition of ancestral rites in the Grhyasutras Beyond making more clear the much misunderstood history of ancestor worship in India this book addressing the serious question about how and why religion in India changed so radically in the last half of the first millennium BCE The redefinition of the role of religious expert is hugely significant for understanding that change This book ties together the oldest ritual texts with the customs of ancestor worship that underlie and inform medieval and contemporary practice

Under the Ancestors' Eyes Martina Deuchler, 2020-05-11 Under the Ancestors Eyes presents a new approach to Korean social history by focusing on the origin and development of the indigenous descent group Martina Deuchler maintains that the surprising continuity of the descent group model gave the ruling elite cohesion and stability and enabled it to retain power from the early Silla fifth century to the late nineteenth century This argument underpinned by a fresh interpretation of the late fourteenth century Koryŏ Chosŏn transition illuminates the role of Neo Confucianism as an ideological and political device through which the elite regained and maintained dominance during the Chosŏn period Neo Confucianism as espoused in Korea did not level the social hierarchy but instead tended to sustain the status system In the late Chosŏn it also provided ritual models for the lineage building with which local elites sustained their preeminence vis vis an intrusive state Though Neo Confucianism has often been blamed for the rigidity of late Chosŏn society it was actually the enduring native kinship ideology that preserved the strict social status system By utilizing historical and social anthropological methodology and analyzing a wealth of diverse materials Deuchler highlights Korea's distinctive elevation of the social over the political
