The Anti Fascist Resistance In Burma 1942 1945 The Racial Dimension:

The Anti-fascist Resistance in Burma, 1942-1945 Andrew Selth, 1983 A Myanmar Miscellany: Selected Articles, 2007-2023 Andrew Selth, 2024-09-30 Andrew Selth has been watching Myanmar for 50 years During this time he has published 10 books and more than 400 other works about the country In 2020 he released a collection of almost 100 articles that had been posted on the Lowy Institute's Interpreter website This second anthology brings together another 72 articles written for a range of outlets between 2007 and 2023 This period saw the installation of a disciplined democracy under Aung San Suu Kyi the 2021 military coup and the country's descent into a bitter civil war Many of the articles in the book deal with international relations and security issues but there are also works on Myanmar's history politics and culture as well as some personal reminiscences Together they make a unique contribution from an Old Myanmar Hand with wide ranging interests and insights The Moral Democracy Michał Lubina, 2019-03-12 Aung San Suu Kyi spoke passionately about non violence she wrote involved articles about compatibility of democracy with Buddhism and she won the hearts and minds of so many with her call for the freedom from fear It seemed for more than two decades that Suu Kyi was a perfect non Western propagator of democracy human rights rule of law Yet a deeper analysis reveals that Suu Kyi intellectually indeed has been a democrat all along but a Burmese democrat Suu Kyi understands democracy in a Buddhist way and she reasons about politics using Buddhist ideas idioms and concepts This Buddhist dominance of her political thought had several consequences the most important one being that her approach to politics has first and foremost been a moral one her vision of democracy and of politics in general is a moral vision It is something I propose to call the moral democracy The same reason that made her famous and admired worldwide now contributed to her fall from grace For too many outside Burma Myanmar it is impossible to understand how Suu Kyi yesterday s global personification of good and morality can now silently endorse crimes against humanity conducted in her country and accept forced relocation of 700 thousand people A cynic would quote Bertrand Russell's words we have two kinds of morality side by side one which we preach but do not practice and another which we practice but seldom preach and add a commentary that it applies especially to politicians One however may offer a more favourable explanation that Suu Kyi represents a tragic clash of ideas including moral ideas with political reality Whatever the case it was morality that made her famous it was the same moralistic attitude that contributed to her removal from international Olympus and it is this moral understanding of politics that is the hallmark of her political thought which is here to stay for longer as political ideas last longer than changing political circumstances and fashions From the Preface The dramatic fall from grace of Burma's human rights icon Aung San Suu Kyi shocked the world Micha Lubina's magisterial account of Aung San Suu Kyi s political education demystifies the behavior in power of this otherwise enigmatic leader This is the indispensable book for anyone who wants to understand the mind of one of the world's most controversial women Prof Salvatore Babones University of Sydney Dr Micha Lubina known in Poland for portraying Aung San Suu Kyi not

as a human rights activist but as a realist politician in the very footsteps of her father now comes out with his research to the international audience Following the example of Mahbubani's Can Asian Think Lubina shows the intellectual and philosophical tradition of Myanmar through the case study of Suu Kyi s political thought It s a unique undertaking that presents Suu Kyi from an unexpected angle as a theoretician and political thinker or sage Both the scope of research done and the material presented are very impressive and rather unique even on international scene Prof Bogdan G ralczyk University of Warsaw Former Ambassador to Myanmar This book is a well documented and well constructed multilayered complex analytical work based on very rich research interviews with Suu Kyi and personal observations of the Author who displays unquestioned analytical skills As such the book represents a pioneer work in Burmese studies Prof Agnieszka Kuszewska Jagiellonian University in Cracow None of the numerous books and articles that I have read about Daw Aung San Suu Kyi dissects her political thoughts and background as thoroughly as the book written by Dr Micha Lubina He shows the political construction of her character her struggle her idealism her sources of inspiration and her weaknesses It is a necessary publication to read in order to understand historical and contemporary policymaking in today s Burma Dr Marion World War II in Asia and the Pacific and the War's Aftermath, with General Themes Sabri University of Rouen Normandy Loyd Lee, 1998-10-23 A companion to World War II in Europe Africa and the Americas this volume reevaluates the most enduring literature on basic aspects of the war in Asia and the Pacific It also covers themes pertaining to societies at war culture the arts and science and technology as well as international relations and the postwar world Included are not only grand strategy military and naval campaigns and matters of diplomacy but also resistance collaboration prisoners of war and broad topics of the home front including chapters on gender issues film literature popular culture and propaganda This volume and its companion provide the first comprehensive historiographic reference work on the war Each chapter describes the state of knowledge on the topic relating each bibliographic reference to the chapter's themes and issues and concludes with a bibliography Recent original scholarship is included when it aids new understanding and older works of enduring value also find a place The essays in this volume will interest scholars and college teachers as well as advanced students and serious amateurs seeking insight into the history of the war and its literature The Greater East Asia Co-Prosperity Sphere Jeremy A. Yellen, 2019-04-15 The Greater East Asia Co Prosperity Sphere offers a lucid dynamic and highly readable history of Japan's attempt to usher in a new order in Asia during World War II Cross Currents East Asian History and Culture Review In The Greater East Asia Co Prosperity Sphere Jeremy A Yellen exposes the history politics and intrigue that characterized the era when Japan's total empire met the total war of World War II He illuminates the ways in which the imperial center and its individual colonies understood the concept of the Sphere offering two sometimes competing sometimes complementary and always intertwined visions one from Japan the other from Burma and the Philippines Yellen argues that from 1940 to 1945 the Greater East Asia Co Prosperity Sphere epitomized two concurrent wars for Asia's future the first was for a new

type of empire in Asia and the second was a political war waged by nationalist elites in the colonial capitals of Rangoon and Manila Exploring Japanese visions for international order in the face of an ever changing geopolitical situation The Greater East Asia Co Prosperity Sphere explores wartime Japan's desire to shape and control its imperial future while its colonies attempted to do the same At Japan's zenith as an imperial power the Sphere represented a plan for regional domination by the end of the war it had been recast as the epitome of cooperative internationalism In the end the Sphere could not survive wartime defeat and Yellen's lucidly written account reveals much about the desires of Japan as an imperial and colonial power as well as the ways in which the subdued colonies in Burma and the Philippines jockeyed for agency and a say in the The State and Ethnic Politics in SouthEast Asia David Brown, 2003-09-02 Ethnic tensions in Southeast future of the region Asia represent a clear threat to the future stability of the region David Brown's clear and systematic study outlines the patterns of ethnic politics in Burma Singapore Indonesia Malaysia Thailand The study considers the influence of the State on the formation of ethnic groups and investigates why some countries are more successful in managing their ethnic politics A New History of Southeast Asia M.C.
