eclectic collection is one of wonder about the mysterious and dazzling world in which we live and the way our lives are shaped by our place in it *Get a Life* Vivienne Westwood,2016-10-13 Vivienne Westwood began *Get A Life* her online diary in 2010 with an impassioned post about Native American activist Leonard Peltier Since then she has written two or three entries each month discussing her life in fashion and her involvement with art politics and the environment Reading Vivienne's thoughts in her own words is as fascinating and provocative as you would expect from Britain's punk dame a woman who always says exactly what she believes And what a life One week you might find Vivienne up the Amazon highlighting tribal communities struggles to maintain the rainforest another might see her visiting Julian Assange in the Ecuadorian Embassy or driving up to David Cameron's house in the Cotswolds in a full on tank Then again Vivienne might be hanging out with her friend Pamela Anderson or in India for Naomi Campbell's birthday party or watching Black Sabbath in Hyde Park with Sharon Osbourne The beauty of Vivienne Westwood's diary is that it is so fresh and unpredictable In book form generously illustrated with her own selection of images it is irresistible *Latin America in Debate* Maristella Svampa,2025-07-04 Maristella Svampa provides a broad and accessible overview of the key political and intellectual debates in Latin American from the early twentieth century to the present *Postcolonial Criticism and Representations of African Dictatorship* Cecile Bishop,2017-07-05 The figure of the dictator looms large in representations of postcolonial Africa Since the late 1970s writers film makers and theorists have sought to represent the realities of dictatorship without endorsing the colonialist clichés portraying Africans as incapable of self government Against the heavily politicized responses provoked by this dilemma Bishop argues for a form of criticism that places the complexity of the reader's or spectator's experiences at the heart of its investigations Ranging across literature film and political theory this study calls for a reengagement with notions often seen as unwelcome diversions from political questions such as referentiality genre and aesthetics But rather than pit political approaches against formal and aesthetic procedures the author presents new insights into the interplay of the political and the aesthetic Cecile Bishop is a Junior Research Fellow in French at Somerville College Oxford *From Fascism to Populism in History* Federico Finchelstein,2019-08-20 What is fascism and what is populism What are their connections in history and theory and how should we address their significant differences What does it mean when pundits call Donald Trump a fascist or label as populist politicians who span left and right such as Hugo Chavez Juan Perón Rodrigo Duterte and Marine Le Pen Federico Finchelstein one of the leading scholars of fascist and populist ideologies synthesizes their history in order to answer these questions and offer a thoughtful perspective on how we might apply the concepts today While they belong to the same history and are often conflated fascism and populism actually represent distinct political trajectories Drawing on an expansive record of transnational fascism and postwar populist movements Finchelstein gives us insightful new ways to think about the state of democracy and political culture on a global scale This new edition includes an updated preface that brings the book up to date midway through the Trump presidency and the election of Jair Bolsonaro in
