The Anxiety of Influence Harold Bloom, 1997 The book remains a central work of criticism for all students of literature

The Anxiety of Influence Harold Bloom, 1973 **The Anxiety of Influence** Harold Bloom, 1975-01 Harold Bloom's *The Anxiety of Influence* has cast its own long shadow of influence since it was first published in 1973 Through an insightful study of Romantic poets Bloom puts forth his central vision of the relations between tradition and the individual artist Although Bloom was never the leader of any critical camp his argument that all literary texts are a response to those that precede them had an enormous impact on the practice of deconstruction and poststructuralist literary theory in this country The book remains a central work of criticism for all students of literature and has sold over 17 000 copies in paperback since 1984 Written in a moving personal style anchored by concrete examples and memorably quotable Bloom's book maintains that the anxiety of influence cannot be evaded neither by poets nor by responsible readers and critics This second edition contains a new Introduction which explains the genesis of Bloom's thinking and the subsequent influence of the book on literary criticism of the past twenty years Given the enormous attention generated by Bloom's controversial *The Western Canon* this new edition is certain to find a ready-made audience among the new generation of scholars students and layreaders interested in the Bloom canon

The Anxiety of Influence Harold Bloom, 1978 Literature, Literary History, and Cultural Memory Herbert Grabes, 2005 **Sourcebook on Rhetoric** James Jasinski, 2001-07-19 Please update SAGE UK and SAGE INDIA addresses on imprint page **Law and Literature: A Still-thriving Relationship** Pedro

Talavera, 2025-04-17 What kind of relationship exists between law and literature Why have so many great jurists and philosophers used literature to explore their own disciplines What were they looking for and what did they find What can law learn from literature and how does literature reflect legal praxis This book takes us on a fascinating journey through those questions and their answers The first part offers a diachronic and thematic overview of the law and literature movement showing how literature has influenced new ways of thinking about law from a narrative hermeneutic humanistic ethical and critical perspective The second part analyzes the value of literature in the education of students lawyers and judges And the third section presents a captivating analysis of the literary notion of justice and the relationship between literature and the economic analysis of law

The Rebellion of Forms in Modern Persian Poetry Farshad Sonboldel, 2024-02-08 An analysis of the aesthetic cultural and political aspects of alternative poetic movements and individual poets in three periods the Constitutional Revolution 1900 1920 the post constitutional era 1920 1940 and the ascendancy of modernism 1940 1960 Farshad Sonboldel shines new light on the history of modern Persian poetry by re imagining the roles that the aesthetic experimentations of alternative poets played in different phases of the literary revolution in modern Persian poetry Dominant narratives portray modern Persian poetry as a gradual rational and moderate change in the classical regime of aesthetics as well as a response to and reflection of cultural and socio political changes within Iranian society They also disregard the

significance of radical experiments by alternative poets and undervalue the part they played in the initiation and progress of the so called literary revolution These mainstream narratives minimize the socio political engagement of literary works with the direct reflection of the social reality and thus neglect the way many alternative poems struggle with socio political issues through deconstructing the old and constructing new aesthetic systems Each chapter of *The Rebellion of Forms in Modern Persian Poetry* is centred around poems chosen for their potential to showcase notable experiments of pioneer movements and individuals in each given period Examining the formal and thematic aspects of these poems this book reformulates the story of modern Persian poetry and unravels the relationship between radical aesthetic changes in the practice of poetry and resistance against political and cultural domination in society

Artistic Outlaws Sonja Samberger, 2005 The creator of the new composition in the arts is an outlaw until he is a classic Gertrude Stein wrote in 1926 Unlike male modernists such as T S Eliot or Ezra Pound the modernist women poets Edith Sitwell Amy Lowell Stein and H D never became high modernist models but remained artistic outlaws The present study shows how these women were present on the modernist scene but followed their own concepts and struggled to establish their position as modernist women poets Defying definition the four poets not only richly contributed to modernism but were indeed its developers

Masotti ,2025-02-17 Using Bakhtin s theory Felipe A Masotti examines how ancient prophecies are reused to shape ideas of divine intervention and the passing of time It reveals a blend of traditional and innovative elements in Daniel s eschatological narrative reflecting a deep theological engagement with prophetic traditions Derrick Puffett on Music Kathryn Bailey Puffett,2017-07-05 I listen to a piece and ask myself what has made the greatest impression on me What has moved me the most about it what has excited me the most what it is I want to write about what sets my mind working what sets off my imagination Derrick Puffett s description to a group of Cambridge graduate students of his approach to listening and writing about music is clearly evident in the articles reprinted in this collection For the first time the book makes available in one place writings previously widely dispersed amongst many journals and symposia Resonances emerge that cross from essay to essay with the result that a larger coherent project is revealed Insistent on the need of music analysis to be accompanied by a wider historical knowledge Puffett believed strongly that the methods to be adopted on each occasion must be dictated by the music at hand His work on Bruckner Strauss Webern Zemlinsky Delius and Debussy is of enduring importance to the study of music With a prose style distinguished for its elegance and clarity Puffett s writings will enhance the understanding and enjoyment of the music that he discusses amongst students and teachers alike **The Architecture of Influence** Amanda Reeser Lawrence,2023-11-21 How do we create the new from the old The Architecture of Influence explores this fundamental question by analyzing a broad swath of twentieth century architectural works including some of the best known examples of the architectural canon modern and postmodern through the lens of influence The book serves as both a critique of the discipline s long standing focus on genius and a celebration of the creative act of revisioning and reimagining the past It argues that all works of architecture not only depend on the past but necessarily alter rewrite and reposition the traditions and ideas to which they refer Organized into seven chapters Replicas Copies Compilations Generalizations Revivals Emulations and Self Repetitions the book redefines influence as an active process through which the past is defined recalled and subsequently redefined within twentieth century architecture **Encyclopedia of Romanticism (Routledge Revivals)** Laura Dabundo,2009-10-15 First Published in 1992 this encyclopedia is designed to survey the social cultural and intellectual climate of English Romanticism from approximately the 1780s and the French Revolution to the 1830s and the Reform Bill Focussing on the spirit of the age the book deals with the aesthetic scientific socioeconomic indeed the human environment in which the Romantics flourished The books considers poets playwrights and novelists critics editors and booksellers painters patrons and architects as well as ideas trends fads and conventions the familiar and the newly discovered The book will be of use for everyone from undergraduate English students through to thesis driven graduate students to teaching faculty and scholars Keats and Hellenism Martin Aske,2005-01-27 This book proposes a fresh and

original interpretation of Keats use of classical mythology in his verse Dr Aske argues that classical antiquity appears to Keats as a supreme fiction authoritative yet disconcerting and his poems represent hard endeavours to come to terms with the influence of that fiction The major poems most notably Endymion Hyperion the Ode on a Grecian Urn and Lamia form a stage as it were upon which is played out a psychic drama between the modern poet and his classical muse The study is especially bold in its assimilation of historical scholarship and literary theory to a close reading of the texts Individual poems are discussed in the context of late Enlightenment and Romantic attitudes towards antiquity and in the light of recent critical theory in particular the theory of literary history and influence formulated by Harold Bloom and Geoffrey Hartman Keats emerges as a significant example of the way in which a poet tries to establish a distinct identity under the burden of history and of literary tradition

The Open Book M. Jensen, 2016-04-30 The Open Book is a provocative study of literary influence at work in English writing from Hardy to Woolf Jensen reimagines the links between text and context as she endeavors to historicize literary influence by taking Bloomian anxiety and Kristevan intertextuality into fields of actual history and biography Jensen both borrows from and deconstructs the ideas of these theorists as she reads the texts of Hardy Stephen Woolf Mansfield and Middleton Murry By doing so The Open Book offers a fresh and pragmatic opening onto the relation between personal cultural and institutional history on the one hand and literary history on the other
