## **The Armies Of The Moon:**

**The Armies of the Moon** Gwendolyn MacEwen,1972-01-01      *The Moon in 'The Hobbit'* Codex Regius,2021-12-30 J R R Tolkien had retroactively tried to make the lunar phases described in his novel *The Hobbit* consistent and he failed Quite by chance he had got it almost right though despite operating with false premises discussed in this book Incidentally the lunar phases of *The Hobbit* ran synchronous to those of 2017 which had provided the chance to verify them against reality That is why this Extended Edition includes much of the day by day timetable of Bilbo Baggins adventures and the relevant phases of the Moon that has first been published online As a further bonus the chapter on the calendars of Middle earth has been amended and the arithmetic errors of the shorter edition removed A previously unpublished chapter on the measuring of hours in Middle earth has been added      *Exchanges between Literature and Science from the 1800s to the 2000s* Márcia Lemos,2017-03-07 This collection of essays responds to the intense interest that the relations between the discourses of literature and other cultural practices and those of science have obtained throughout various fields of study Spanning a period between the mid nineteenth century and the twenty first century the work collected here is firmly focused on the cultural significance of scientific discoveries and practices and especially on the manifold representations of science and scientists in literature and the arts Its four sections develop from an initial moment of dwindling indefiniteness of borders between literature and the sciences to the historical perception of an increasing divide between the two cultures to use C P Snow s influential expression as well as calls for a form of convergence or consilience in Edward Wilson s words The final section turns to the medical sciences a porous scientific discipline in relation to the humanities which suggests that consilience can already be found partially in specific areas As such this collection contributes towards critically extending that integration through the discussion of key literary representations of science its promises and its problems      *Arcana Coelestia* Emanuel Swedenborg,1875      *ARCANA CCELESTIA* EMANUEL SWEDENBORG,1800      *Arcana Cœlestia* Emanuel Swedenborg,1878      *Swedenborg's Works: Apocalypse revealed* Emanuel Swedenborg,1907      *Theological Works: The Apocalypse revealed* Emanuel Swedenborg,1907      **The Apocalypse Revealed** Emanuel Swedenborg,1907

*The Moon's Eye* A.J. Calvin,2022-01-11 Chosen for advanced training by the god of war himself Vardak is considered a paragon amongst his people the Scorpion Men Yet his position and training come with a cost He must serve the whims of the god with no questions asked Only days after his training is complete he is sent far away from his desert homeland in order to act as the protector of the Fire Maiden s mortal daughter Janna Janna has been tasked with the recovery of a magical relic known as The Moon s Eye but she has little worldly experience to guide her The Immortals deem the relic s recovery imperative for it alone can combat the rise of the Soulless those sworn to the fallen nameless god of death The Soulless are ruthless and powerful and eager to wage war upon the land in order to appease the god they serve Though Vardak is skilled in battle he must lead Janna through several perilous areas in order to reach the relic she seeks pushing his abilities to the

limit Unbeknownst to the pair the Soulless raise an army and begin their conquest leaving a path of destruction in their wake Will they secure The Moon s Eye before all is lost or will the relic itself prove to be their undoing
