The Art Of Alfred Hitchcock Fifty Years Of His Motion Pictures

Robert C. Sickels

The Art Of Alfred Hitchcock Fifty Years Of His Motion Pictures:

The Art of Alfred Hitchcock Donald Spoto,1991-12-01 This definitive illustrated survey of all of Alfred Hitchcock s films is a book no movie buff or Hitchcock fan can afford to be without The monumental scope of Alfred Hitchcock s work remains unsurpassed by any other movie director past or present So many of his movies have achieved classic status that even a partial list Psycho The Birds Rear Window Vertigo Spellbound brings a flood of memories In this essential text reissued on the occasion of Hitchcock s centennial internationally renowned Hitchcock authority Donald Spoto describes and analyzes every movie made by this master filmmaker Illustrated throughout with shots from each film The Art of Alfred Hitchcock also includes a storyboard section a complete filmography and A Hitchcock Album sixteen pages of photos as an added celebration of his life

The Art of Alfred Hitchcock Donald Spoto,1976

The Art of Alfred Hitchcock ,1977

"The" Art of Alfred Hitchcock Donald Spoto,1992 The Art of Alfred Hitchcock ,1977 The Films of Alfred **Hitchcock** David Sterritt, 1993-02-26 Alfred Hitchcock is one of the few filmmakers to combine a strong reputation for high art filmmaking with great massive audience popularity This introduction to his oeuvre provides an overview of a long and ReFocus: The Films of Elaine May Alexandra Heller-Nicholas, 2019-06-24 Spanning from obscurity to prolific career notoriety the films of director screenwriter actor and comic Elaine May have recently experienced a long overdue renaissance Although she made only four films A New Leaf 1971 The Heartbreak Kid 1972 Mikey and Nicky 1976 and Ishtar 1987 and never reached the level of acclaim of her frequent collaborator Mike Nichols May's work is as enigmatic sophisticated and unceasingly fascinating as her own complicated reluctant star persona This collection focuses both on the films she has directed and also emphasises her work with other high profile collaborators such as John Cassavetes Warren Atomic Bomb Cinema Jerome F. Shapiro, 2013-05-13 Unfathomably merciless and powerful Beatty and Otto Preminger the atomic bomb has left its indelible mark on film In Atomic Bomb Cinema Jerome F Shapiro unearths the unspoken legacy of the bombing of Nagasaki and Hiroshima and its complex aftermath in American and Japanese cinema According to Shapiro a Bomb film is never simply an exercise in ideology or paranoia He examines hundreds of films like Godzilla Dr Strangelove and The Terminator as a body of work held together by ancient narrative and symbolic traditions that extol survival under devastating conditions Drawing extensively on both English language and Japanese language sources Shapiro argues that such films not only grapple with our nuclear anxieties but also offer signs of hope that humanity is capable of repairing a damaged and divided world www atomicbombcinema com Play It Again, Sam Andrew Horton, Stuart Y. McDougal, 2024-03-29 This title was originally published in 1998 Play It Again Sam is a timely investigation of a topic that until now has received almost no critical attention in film and cultural studies the cinematic remake As cinema enters its second century more remakes are appearing than ever before and these writers consider the full range Hollywood films that have been recycled by Hollywood such as The Jazz Singer Cape Fear and Robin Hood foreign films including Breathless and

Three Men and a Baby which Hollywood has reworked for American audiences and foreign films based on American works among them Yugoslav director Emir Kusturica's Time of the Gypsies which is a makeover of Coppola's Godfather films As these essays demonstrate films are remade by other films Alfred Hitchcock went so far as to remake his own The Man Who Knew Too Much and by other media as well The editors and contributors draw upon narrative film and cultural theories and consider gender genre and psychological issues presenting the remake as a special artistic form of repetition with a difference and as a commercial product aimed at profits in the marketplace. The remake flourishes at the crossroads of the old and the new the known and the unknown Play It Again Sam takes the reader on an eye opening tour of this hitherto unexplored territory This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1998 How to Read a Film James Monaco, 2000 Explores the medium of film as both art and craft sensibility and science tradition and technology Hitchcock's Rear Window John Fawell, 2004-11-22 In the process of providing the most extensive analysis of Alfred Hitchcock's Rear Window to date John Fawell also dismantles many myths and clich s about Hitchcock particularly in regard to his attitude toward women Although Rear Window masquerades quite successfully as a piece of light entertainment Fawell demonstrates just how complex the film really is It is a film in which Hitchcock the consummate virtuoso was in full command of his technique One of Hitchcock s favorite films Rear Window offered the ideal venue for the great director to fully use the tricks and ideas he acquired over his previous three decades of filmmaking Yet technique alone did not make this classic film great one of Hitchcock's most personal films Rear Window is characterized by great depth of feeling It offers glimpses of a sensibility at odds with the image Hitchcock created for himself that of the grand ghoul of cinema who mocks his audience with a slick and sadistic style Though Hitchcock is often labeled a misanthrope and misogynist Fawell finds evidence in Rear Window of a sympathy for the loneliness that leads to voyeurism and crime as well as an empathy for the film's women Fawell emphasizes amore feeling humane spirit than either Hitchcock's critics have granted him or Hitchcock himself admitted to and does so in a manner of interest to film scholars and general readers alike **Hitchcock** Robert E. Kapsis, 2022-02-21 From the beginning of his career Alfred Hitchcock wanted to be considered an artist Although his thrillers were immensely popular and Hitchcock himself courted reviewers he was for many years regarded as no more than a master craftsman By the 1960s though critics began calling him an artist of unique vision and gifts What happened to make Hitchcock's reputation as a true innovator and singular talent Through a close examination of Hitchcock's personal papers scripts production notes publicity files correspondence and hundreds of British and American reviews Robert Kapsis here traces Hitchcock's changing critical fortunes Vertigo for instance was considered a flawed film when first released today it is viewed by many as the signal

achievement of a great director According to Kapsis this dramatic change occurred because the making of the Hitchcock legend was not solely dependent on the quality of his films Rather his elevation to artist was caused by a successful blending of self promotion sponsorship by prominent members of the film community and most important changes in critical theory which for the first time allowed for the idea of director as auteur Kapsis also examines the careers of several other filmmakers who like Hitchcock have managed to cross the line that separates craftsman from artist and shows how Hitchcock s legacy and reputation shed light on the way contemporary reputations are made In a chapter about Brian De Palma the most reknowned thriller director since Hitchcock Kapsis explores how Hitchcock s legacy has affected contemporary work in and criticism of the thriller genre Filled with fascinating anecdotes and intriguing excerpts and augmented by interviews with Hitchcock's associates this thoroughly documented and engagingly written book will appeal to scholars and film enthusiasts alike Required reading for Hitchcock scholars scrupulously researched invaluable material for those who continue to ask what made the master tick Anthony Perkins Hitchcock and Adaptation Mark Osteen, 2014-03-14 From early silent features like The Lodger and Easy Virtue to his final film Family Plot in 1976 most of Alfred Hitchcock's movies were adapted from plays novels and short stories Hitchcock always took care to collaborate with those who would not just execute his vision but shape it and many of the screenwriters he enlisted including Eliot Stannard Charles Bennett John Michael Hayes and Ernest Lehman worked with the director more than once And of course Hitchcock s wife Alma Reville his most constant collaborator was with him from the 1920s until his death In Hitchcock and Adaptation On the Page and Screen Mark Osteen has assembled a wide ranging collection of essays that explore how Hitchcock and his screenwriters transformed literary and theatrical source material into masterpieces of cinema Some of these essays look at adaptations through a specific lens such as gueer aesthetics applied to Rope Strangers on a Train and Psycho while others tackle the issue of Hitchcock as author auteur adaptor and for the first time present Hitchcock as a literary source Film adaptations discussed in this volume include The 39 Steps Shadow of a Doubt Lifeboat Rear Window Vertigo Marnie and Frenzy Additional essays analyze Hitchcock inspired works by W G Sebald Don DeLillo Bret Easton Ellis and others These close examinations of Alfred Hitchcock and the creative process illuminate the significance of the material he turned to for inspiration celebrate the men and women who helped bring his artistic vision from the printed word to the screen and explore how the director has influenced contemporary writers A fascinating look into an underexplored aspect of the director s working methods Hitchcock and Adaptation will be of interest to film scholars and fans of cinema s most gifted auteur

Hitchcock as Philosopher Robert J. Yanal,2010-06-28 The films of Alfred Hitchcock deal heavily with psychological and philosophical themes and one needn t look very far into the canon to find them In Psycho for example the personality metamorphosis in Marion Crane that leads her into grand larceny is a pale double of the murderous oedipal divide in Norman Bates In The Birds overbearing natural mutations turn what might have been a creature feature into a film about fear of the

unknowable This book looks at 12 Hitchcock films and the positions they put forth on three problem areas of epistemology deception knowledge of mind and problematic knowledge of the external world These philosophical concepts are explained and woven into the author's thorough and thought provoking discussion of each film Descartes and Wittengenstein star Plato Locke Hume Kant and Kierkegaard also make appearances in this new philosopher's cut of the master's works the Stars: The material world in American popular film Paul Loukides, Linda K. Fuller, 1990 The third of five volumes of new scholarship on American movie conventions The 19 essays explore cinematic representations of such material items as food weapons clothing tools technology and art and literature Not illustrated No index Paper edition unseen 13 95 Annotation copyright by Book News Inc Portland OR **100 Entertainers Who Changed America** Robert C. Sickels, 2013-08-08 This fascinating and thought provoking read challenges readers to consider entertainers and entertainment in new ways and highlights figures from outside the worlds of film television and music as influential pop stars Comprising approximately 100 entries from more than 50 contributors from a variety of fields this book covers a wide historical swath of entertainment figures chosen primarily for their lasting influence on American popular culture not their popularity The result is a unique collection that spotlights a vastly different array of figures than would normally be included in a collection of this nature and appeals to readers ranging from high school students to professionals researching specific entertainers Each subject individual s influence on popular culture is analyzed from the context of his or her time to the present in a lively and engaging way and through a variety of intellectual approaches Many entries examine commonly discussed figures influence on popular culture in ways not normally seen for example the widespread appeal of Woody Allen's essay collections to other comedians or the effect of cinematic adaptations of Tennessee Williams plays in breaking down Hollywood censorship Eye for Hitchcock Murray Pomerance, 2004 Murray Pomerance presents a series of meditations on six films directed by the legendary Alfred Hitchcock The book takes us deep into the structure of Hitchcock s vision showing how Hitchcock was profoundly interested in humanity s philosophical predicament **Film Study** Frank Manchel, 1990 The four volumes of Film Study include a fresh approach to each of the basic categories in the original edition Volume one examines the film as film volume two focuses on the thematic approach to film volume three draws on the history of film and volume four contains extensive appendices listing film distributors sources and historical information as well as an index of authors titles and film personalities The Synergy of Film and Music Peter Rothbart, 2013 Although writers on film music frequently allude to specific parts of scores comprehensive examinations of entire scores are rare In addition most analyses of scores composed for the screen are discussed outside their cinematic context To best understand the role music plays in the production of a motion picture however it benefits the viewer to consider all of the elements that comprise the film experience In The Synergy of Film and Music Sight and Sound in Five Hollywood Films Peter Rothbart considers the aural and visual aspects of five representative films West Side Story Psycho Empire of the Sun Altered States and American Beauty For each film the

author demonstrates how a variety of elements work together to create a singular experience After reviewing the various roles that music can serve in a film as well as providing an overview of the film scoring process Rothbart looks at each film examining them one musical cue at a time so the reader can watch the film while reading about each cue In these analyses timecode markings from commercial DVDs are provided in the margins alongside the text which allow the reader to correlate the on screen drama to the second Rothbart explains how music is used in a specific cue and why the decision was made to use that particular musical idea at that moment Consequently film music aficionados as well as students and composers of film music can gain real world perspective of how music is used in conjunction with other elements In this way the author raises awareness of music s relationship to virtually every other aspect of cinema dialogue sound effects costuming set design and cinematography to deepen the viewer's experience Written in a deliberately nontechnical way this book is intended for anyone interested in film to easily follow along At the same time the information can benefit professional filmmakers or composers because they can see with great detail how each cue unfolds along with all of the visual elements of the film This unique analysis makes The Synergy of Film and Music a fascinating and instructive volume that both casual viewers and students of cinema will appreciate Henry Bumstead and the World of Hollywood Art Direction Andrew Horton, 2010-01-01 From a hotel in Marrakech in The Man Who Knew Too Much to small town Alabama in To Kill a Mockingbird to Mission Control in Space Cowboys creating a fictional yet wholly believable world in which to film a movie has been the passion and life s work of Henry Bumstead one of Hollywood s most celebrated production designers In a career that has spanned nearly seventy years Bumstead has worked on more than one hundred movies and television films His many honors include Academy Awards for Art Direction for To Kill a Mockingbird and The Sting as well as nominations for Vertigo and The Unforgiven This popularly written and extensively illustrated book tells the intertwining stories of Henry Bumstead s career and the evolution of Hollywood art direction Andrew Horton combines his analysis of Bumstead's design work with wide ranging interviews in which Bumstead talks about working with top directors including Alfred Hitchcock George Roy Hill Robert Mulligan and Clint Eastwood as well as such stars as Paul Newman Robert Redford Doris Day Jimmy Stewart Sidney Poitier Bill Cosby Jerry Lewis and James Cagney Numerous production drawings storyboards and film stills illustrate how Bumstead's designs translated to film This portrait of Bumstead's career underscores an art director's crucial role in shaping the look of a film and also tracks the changes in production design from the studio era through location shooting to today s use of high tech special effects
