The Art and Science of Communication shows you a new way to understand and use communication in the workplace. Revealing the seven types of communication we all use every day, the book shows you how to increase your communication effectiveness in any setting with practical techniques, analogies, and models that clearly explain the formulas for successful communication. Combining the science and art of communication into one effective formula, this book offers a straightforward and easy-to-understand plan for a more successful career. *The Art and Science of Business Communication* P.D. Chaturvedi. Mukesh Chaturvedi, 2017

The Art of Intercultural Business Communication Bertha Du-Babcock, Richard D. D. Babcock, 2024-07-25

This book examines intercultural business communication issues and practices from a global and interdisciplinary perspective with an Asian focus, which is essential to any contemporary study on business communication. It broadens readers' understanding of language, culture, and international business and equips them with intercultural business communication tools. The authors incorporate frameworks from business management and communication disciplines. The book comprises three parts. The first six chapters focus on developing theoretical frameworks and application for language, culture, and international business streams. Chapters 7 and 8 address the link in communication theories and practices. Link in is the bilingual communicator standing between primary communicators and relaying messages back and forth in an interactive communication process. Chapter 9 discusses intercultural business communication in the digital age. The book concludes by revisiting and integrating universal theories to move toward global situational theories meeting this ever-changing intercultural environment. Approaching business communication from the individual, organizational, and industry levels, the book's integrated conceptual framework allows readers to progress to more advanced business communication concepts in a staged way. Readers will gain an appreciation of the underlying theories of business communication and practical guidelines to apply the frameworks to meet their own commercial needs. This book is an essential guide for practitioners and researchers in today's global business environment. It also benefits students with majors in intercultural business communication and international business. *Art and Science of Business Communication* P. D. Chaturvedi, 2017

The book aims at preparing students for effective communication at the workplace by focusing on how to communicate in business situations, how to recognize the techniques that help in communicating a message accurately, how to handle intercultural situations that require thoughtful communication, how to use appropriate words and an effective tone for writing effectively, and so on. In a nutshell, the fourth edition builds on the strengths of the first three editions and provides a more comprehensive coverage with rich illustrations, practical guidelines.
