Photographs of the masters in their workshops bring their stories to life along with detailed sketches and images of their watches in all their brilliant intricacy. A Grand Complication Stacy Perman, 2013-02-19 Two wealthy and powerful men engage in a decades long contest to create and possess the most remarkable watch in history. James Ward Packard of Warren Ohio was an entrepreneur and a talented engineer of infinite curiosity a self made man who earned millions from his inventions including the design and manufacture of America's first luxury car the elegant and storied Packard. Henry Graves Jr was the very essence of blue blooded refinement in the early 1900s son of a Wall Street financier a central figure in New York high society and a connoisseur of beautiful things especially fine watches. Then as now expensive watches were the ultimate sign of luxury and wealth but in the early twentieth century the limitless ambition wealth and creativity of these two men pushed the boundaries of mathematics astronomy craftsmanship technology and physics to create ever more ingenious timepieces. In any watch features beyond the display of hours minutes and seconds are known as complications. Packard and Graves spurred acclaimed Swiss watchmaker Patek Philippe to create the Mona Lisa of timepieces a fabled watch that incorporated twenty four complications and took nearly eight years to design and build. For the period it was the most complicated watch ever created. For years it disappeared but then it surfaced at a Sotheby's auction in 1999 touching off a heated bidding war shattering all known records when it fetched 11 million from an anonymous bidder. New York Times bestselling author Stacy Perman takes us from the clubby world of New York high society into the ateliers of the greatest Swiss watchmakers and into the high octane often secretive subculture of modern day watch collecting. With meticulous research vivid historical details and a wealth of dynamic personalities A Grand Complication is the fascinating story of the thrilling duel between two of the most intriguing men of the early twentieth century. Above all it is a sweeping chronicle of innovation the desire for beauty and the lengths people will go to possess it. **Patek Philippe, Genève** Martin Huber, 1993
