Thomas R. Marshall

The Modern Supreme Court:

The Modern Supreme Court Robert Green McCloskey, 1972 *Decision Making by the Modern Supreme Court* Richard L. Pacelle, Jr., Brett W. Curry, Bryan W. Marshall, 2011-06-13 There are three general models of Supreme Court decision making the legal model the attitudinal model and the strategic model But each is somewhat incomplete This book advances an integrated model of Supreme Court decision making that incorporates variables from each of the three models In examining the modern Supreme Court since *Brown v Board of Education* the book argues that decisions are a function of the sincere preferences of the justices the nature of precedent and the development of the particular issue as well as separation of powers and the potential constraints posed by the president and Congress To test this model the authors examine all full signed civil liberties and economic cases decisions in the 1953-2000 period *Decision Making by the Modern Supreme Court* argues and the results confirm that judicial decision making is more nuanced than the attitudinal or legal models have argued in the past

The Next 25 Years Martin Garbus, 2011-01-04 In *The Next 25 Years* renowned First Amendment lawyer Martin Garbus examines what will be the impact of the new Supreme Court on the future of our republic Drawing on extensive knowledge of Constitutional law and legal precedents Garbus one of our most astute legal historians defrocks the executive branch's grip over the judiciary as an extension of its own executive powers He warns of the threat of an incoming textualist bench that wishes to roll back more than a century's worth of hard won reforms And he offers the first clear-eyed account of how the coming bench may imperil our way of life and endanger the liberties you may have thought were our inalienable rights

Supreme Court Decision-Making Cornell W. Clayton, Howard Gillman, 1999 What influences decisions of the U S Supreme Court For decades social scientists focused on the ideology of individual justices *Supreme Court Decision Making* moves beyond this focus by exploring how justices are influenced by the distinctive features of courts as institutions and their place in the political system Drawing on interpretive historical institutionalism as well as rational choice theory a group of leading scholars consider such factors as the influence of jurisprudence the unique characteristics of supreme courts the dynamics of coalition building and the effects of social movements The volume's distinguished contributors and broad range make it essential reading for those interested either in the Supreme Court or the nature of institutional politics Original essays contributed by Lawrence Baum Paul Brace Elizabeth Bussiere Cornell Clayton Sue Davis Charles Epp Lee Epstein Howard Gillman Melinda Gann Hall Ronald Kahn Jack Knight Forrest Maltzman David O'Brien Jeffrey Segal Charles Sheldon James Spriggs II and Paul Wahlbeck

American Public Opinion and the Modern Supreme Court, 1930-2020 Thomas R. Marshall, 2022-04-29 The United States Supreme Court is commonly thought to be an institution far removed from American public opinion Yet nearly two thirds of modern Supreme Court decisions reflect popular attitudes Comparing over 500 Supreme Court decisions with timely nationwide poll questions since the mid 1930s Thomas R Marshall shows that most Supreme Court decisions agree with poll majorities or pluralities across time and across

issues and often represent Americans views to the same degree as federal policymakers This book looks beyond the litigants economic interests social movements organized interest groups or units of governments typically involved and instead examines how well the Court or the justices represent Americans views Using nationwide public opinion broken down by key subgroups race gender education and party affiliation better describes exactly whom Supreme Court decisions and the justices individual votes best represent His book will be of interest to scholars in political science legal studies history and sociology

The Transformation Of The Supreme Court's Agenda Richard L Pacelle, 1991-11-24 An exploration of the institutional judicial activism of the US Supreme Court through the dramatic changes in its agenda as it has evolved from 1933 to the present Once dominated by economic issues the agenda is now populated largely by cases involving individual rights and liberties
