salmon season With this connection to thousands of years of fishing and gathering at its core *Gaining Daylight* explores what it means to balance lives on two islands living within both an ancient way of life and the modern world Her personal essays integrate natural and island history with her experiences of fishing and family life as well as the challenges of living at the northern edge of the Pacific Loewen's writing is richly descriptive readers can almost feel heat from wood stoves smell smoking salmon and spot the ways the ocean blues change with the season With honesty and humor Loewen easily draws readers into her world sharing the rewards of subsistence living and the peace brought by miles of crisp solitude **The Wisconsin Agriculturist**, 1915 Gotcha Again!
