local tribesman named Hopi to help her discover this strange world She discovers that what she once thought were old wise tales told by her grandmother were in fact warnings that Nancy had brushed off but now they turn from myth to reality to her and her family Creatures who would learn the names of their victims and mimic those they love to call them into unsuspecting traps Nancy's family learns how to live their lives around the both strange and unpredictable nature of this presence until they suffer a great loss Hank and Nancy's friends and family rally around them but can't allow them to be honest of what they are experiencing Hank finds himself with only one loyal friend named Tyler who knows what Hank and Nancy are experiencing but at a more personal cost He lost a child to similar events After suffering a unforgivable loss Hank and Tyler ready themselves to launch an attack on this malicious entity only to see how dark and sinister the nature of these natives The pair suffer a loss that sends them to the emergency room of the small town due to the nature of the loss they are forced to make up a story just to get their wounds mended Hank returns home to find that there is actually more than one force at work A showdown takes place at the core of the strange occurrences Nancy and Hank's home It becomes evident that what they are dealing with are in fact two very different tribes one seeking blood and dominance and the other seeking to be left in hidden solitude What will come in the strange new world of languages intrigue and culture that has been laid at Nancy's doorstep
